INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Kentucky Primary Care Association Health and Benefits Trust
Lexington, Kentucky 40503

Opinion

We have audited the accompanying financial statements of Kentucky Primary Care Association Health Plan of the Kentucky Primary Care Association Health and Benefits Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits and benefit obligations for the years then ended and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of Kentucky Primary Care Association Health Plan of the Kentucky Primary Care Association Health and Benefits Trust as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kentucky Primary Care Association Health Plan of the Kentucky Primary Care Association Health and Benefits Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Kentucky Primary Care Association Health Plan of the Kentucky Primary Care Association Health and Benefits Trust internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Kentucky Primary Care Association Health and Benefits Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year) as of December 31, 2025 and of Reportable Transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Kentucky Primary Care Association Health Plan of the Kentucky
Primary Care Association Health and Benefits Trust

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

General

The Kentucky Primary Care Association Health Plan of the Kentucky Primary Care Association Health and Benefits Trust (the Plan) was established on October 1, 2016 (initially funded February, 2017) for certain employers who subscribe to the plans of the trust (Subscribing Employers). The related plans provide medical, dental, accidental death and dismemberment and group life insurance benefits for participating employees of participating Employers and are facilitated by UMR (DBA Administrative Services Group), Contract Administrator. Participating Employers adopt individual welfare plans at the member level and the trust is filed as a group insurance arrangement as defined in the applicable sections of Department of Labor (DOL) regulations. All benefits are paid directly by the insurance companies.

Participants should refer to the applicable *Summary Plan Description* pamphlet and their participation agreement for a more complete description of their respective plan. The individual plans are subject to the provisions of ERISA.

Benefits

The Plan provides health benefits (medical, vision, dental) and disability benefits. The Plan does not cover retired employees. The Plan also provides certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Insured Benefits

The Plan fully insures all health and disability benefits. All insurance premium payments are made from Plan assets.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Contributions

Premiums due from Subscribing Employers are billed in advance and recorded as receivables until collected and as unearned employer remittances until the related insurance coverage becomes effective. In addition to the required contributions to purchase fully insured benefits and pay for contract administrative fees, the Plan (beginning in 2019) requires an additional contribution calculated as 0.50% of the health premiums. This additional contribution is used to pay for other administrative costs such as audit fees, bank fees, and fiduciary insurance.

Benefit Obligations

Health costs incurred by participants and their dependents are covered by insurance contracts maintained by the Trust. Benefit obligations at December 31, 2025 and 2024 represented premiums due to the insurance companies to continue the benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchased and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and benefit obligations. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2026, the date the combined financial statements were available to be issued.

Recent Accounting pronouncements

In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, Financial Instruments - Credit Losses (Topic 326), which is effective for the Plan for the year ended December 31, 2025 and 2024. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Money Market Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Money market funds below determine fair value using a calculated net asset per share, or its equivalent.

3. Fair Value Measurements(continued)

As of December 31, 2025 and 2024, there were no unfunded commitments related to these investments. These investments can be redeemed daily with no redemption notice required.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	*Level 2*	*Level 3*	*Total*
Money Market Funds	**$ 261,591**			**$ 261,591**
Total assets at fair value	**$ 261,591**			**$ 261,591**

	Assets at Fair Value as of December 31, 2024			
	Level 1	*Level 2*	*Level 3*	*Total*
Money Market Funds	**$ 251,084**			**$ 251,084**
Total assets at fair value	**$ 251,084**			**$ 251,084**

4. Administrative Expenses

Administrative expenses of the Plan include the following:

	Year Ended December, 2025	**Year Ended December, 2024**
Contract administrator fees	**$ 142,238**	$ 169,685
Bank fees	**2,300**	2,378
Audit fees	**10,500**	13,500
Actuarial fees	**11,400**	10,260
Bond/Fiduciary Insurance	**4,697**	3,439
Total administrative expenses	**$ 171,135**	$ 199,262

5. Related Parties

UMR, DBA Administrative Services Group, the Contract Administrator, facilitates the collection of premium remittances to the Trust and remits the insurance premiums to the respective insurance companies or their agents; pays or provides for the payment of the Plan itself for all reasonable and necessary expenses of establishment, installation and administration of the Plan; conducts all transactions with the insurance companies or the service contractors or their agents relative to the execution and administration of the insurance or service contracts; and establishes the rules for the administration of the affairs of the Plan. The Contract Administrator is compensated for services by administrative fees based on the number of participating employees of each Subscribing Employer and by other fees charged periodically for services rendered. Administrative fees paid by the Plan amounted to $142,238 and $169,685 for the year ended December 31, 2025 and 2024. Amounts due to the Contract Administrator as of December 31, 2025 and 2024 amounted to $654 and $9,650 respectively.

6. Income Tax Status

The Trust established under the Plan to hold the Plan's assets qualifies as an exempt organization under Section 501(c)(9) of the Internal Revenue Code (IRC). The Internal Revenue Service has made a favorable determination in a letter dated August 27, 2019 that the Plan meets the requirements of IRC Section 501(c)(9) and is, therefore, exempt from federal income taxes under IRC Section 501(9).

The Plan is required to operate in conformity with the Code to maintain the tax-exempt status. The Contract Administrator believes the Plan is being operated in compliance with the applicable requirement of the Code and, therefore, believes the related Plan is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Termination of the Trust

If the Trust were to terminate, the Contract Administrator would be required to use available funds to (1) pay or provide for the payment of all insurance premiums, service contract fees and other charges required to be paid pursuant to the insurance and/or service contracts (2) pay or provide for payment of all reasonable and necessary expenses in connection with or arising our of the establishment, installation and administration of the Trust, and (3) apply any balance to such other purposes as shall best effectuate the purposes of the Trust.

8. Reconciliation of Financial Statements to Form 5500

The following reconciles net assets available for benefits per the combined financial statements to the Form 5500:

	December 31, 2025	December 31, 2024
Net assets available for benefits per the financial statements	**$ 420,142**	$ 401,111
Benefit obligations currently payable	**(58,167)**	(86,795)
Net assets available for benefits per the Form 5500	**$ 361,975**	$ 314,316

8. Reconciliation of Financial Statements to form 5500 (continued)

The following reconciles insurance premiums paid for participants per the financial statements to the Form 5500:

	Year ended December 31, 2025
Insurance premiums paid per the financial statements	$ 14,040,148
Add: Amounts currently payable at end of year	58,167
Less: Amounts currently payable at beginning of year	(86,795)
Insurance premium paid for participants per the Form 5500	$ 14,011,520

The reconciliation above is the result of amounts due to insurance companies being reflected as benefit obligations for financial statement purposes and as operating payables for the Form 5500 purposes.
