INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
RISE Group, Inc. 401(k) Plan
(Formerly Thielsch Engineering Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RISE Group, Inc. 401(k) Plan (formerly Thielsch Engineering, Inc. 401(k) Savings Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2025 and 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of RISE Group, Inc. 401(k) Plan (formerly Thielsch Engineering Inc. 401(k) Savings Plan) (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally established by Thielsch Engineering Inc., a wholly-owned subsidiary of RISE Group, Inc., on January 1, 1990. Through December 31, 2024, the Plan was Thielsch Engineering Inc. 401(k) Savings Plan. The purpose of the Plan is to accumulate retirement income for its employees, which will supplement retirement benefits provided to them by Social Security. The Plan is a contributory single-employer defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

RISE Group, Inc. (the Company or Employer) is the Plan Administrator. As Plan Administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Vanguard Fiduciary Trust Company (Vanguard) was the directed trustee of the Plan and acted at the direction of the Plan Administrator through December 31, 2024.

The Plan was amended and restated effective January 1, 2025, to become RISE Group, Inc. 401(k) Plan and to amend certain minor plan provisions.

In conjunction with the amended and restated plan, Ascensus Trust Company, a division of Ascensus, LLC, (together Ascensus) became the new trustee and recordkeeper of the Plan, effective January 1, 2025. The Vanguard Group, Inc. (VGI) holds and manages certain Plan investments and Ascensus provides certain services on behalf of VGI.

Eligibility

Employees of the Company, including its wholly-owned subsidiaries, who are at least 18 years of age, other than temporary employees, nonresident aliens, and employees covered by a collective bargaining agreement, are eligible to participate in the Plan effective as of the first day of the month coincident with or subsequent to their date of hire. An employee may elect to waive participation in the Plan.

Contributions

Participants may elect to contribute to the Plan any percentage of eligible compensation, as defined in the Plan. Participants who are at least age 50 before the end of the Plan year may make catch-up contributions equal to any whole dollar amount. The Plan has an automatic enrollment feature under which eligible employees will be enrolled in the plan at 2% on the first day of the month following date of hire, unless they affirmatively elect otherwise. The Plan also has an automatic escalation policy, in which participants' deferral rates increase annually by 1%, not to exceed 6%, unless they affirmatively elect otherwise. Participants may not contribute more than the maximum allowed by the IRC.

Company contributions are discretionary and determined by management prior to the commencement of each Plan year. For the year ended December 31, 2025, Company matching contributions were 50% of the participants' contributions, up to a maximum of 6% of each participant's eligible compensation. Participants are immediately eligible to receive matching contributions.

Rollovers and transfers of funds from other qualified plans in which employees cease to participate are permitted, subject to approval, and are fully vested.

The Company allows participants in the Thielsch Engineering, Inc. Employee Stock Ownership Plan (ESOP) who have attained 55 years of age and 10 years of service to diversify up to 25% of their outstanding shares in the ESOP for cash to be transferred into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company matching contribution, (b) Plan earnings (losses) and (c) administrative expenses. Plan earnings (losses) and administrative expenses are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions to the Plan and earnings thereon. Participants are vested in Company matching contributions and the related allocated gains and losses as follows:

Number of years of service	Vested percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

A year of vesting service is equal to at least 1,000 hours of service in a plan year. An employee who incurs a break in service of less than five years and returns to employment retains credit for his pre-break years of service subject to certain rules.

Participant Notes Receivable
The Plan provides that participants may request a loan from the vested portion of the participant's account for any purpose. The amount of the loan which may be received cannot exceed the lesser of 50% of the participant's vested interest or $50,000.

Loans are secured by the vested balance in a participant's account and bear interest at the prevailing prime rate plus one percent. Principal and interest are paid in level payments on at least a quarterly basis, and must be completed within five years, with the exception of loans whose proceeds are used for the purchase of a participant's primary residence, which must be repaid over a reasonable period of time, as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Participants may have two loans outstanding at any time.

In-service Withdrawals
Participants who have attained aged 59 ½ may elect to receive an in-service distribution of all or any portion of their deferral contributions account. Participants are required to take distributions upon the earlier of the attainment of age 72 or retirement.

Hardship Withdrawals
A hardship withdrawal may be authorized by the Company in an amount up to 100% of the participant's elective deferral contributions, including earnings thereon.

Payment of Benefits
On termination of service due to normal retirement, death or disability, participants may receive a lump-sum payment equal to 100% of the amounts credited to their accounts. On termination of service for other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution. If the vested value of a terminated participant's account does not exceed $5,000, the vested value of the participant's account may be paid by the Plan without the participant's authorization.

Forfeitures
Forfeitures incurred during the Plan year ended December 31, 2025 were $129,729. Forfeitures of non-vested Company contributions are used to reduce administrative expenses under the Plan, if any, then to reduce Company contributions if elected. For the year ended December 31, 2025, $41,869 in forfeitures were utilized to reduce administrative expenses. Unused forfeitures totaled $169,117 and $76,156 at December 31, 2025 and 2024, respectively, and are invested in the Vanguard Cash Reserve Federal Money Market Fund. Dividend income received on unused forfeitures invested totaled $5,101.

Plan Termination
Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash
Cash held at December 31, 2025, represents funds held in a noninterest bearing account for pending transactions.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies using information provided by investment advisors and the trustee.

The investments in the common/collective trust are valued at the net asset value (NAV) per unit, as determined by the trustee of the Plan, at year-end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within the stated terms. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Contributions
Participant and Company matching contributions are recorded biweekly for salary employees and weekly for hourly employees when the Company remits the payroll deductions for investment into the Plan.

Payment of Benefits
Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses
The Company pays certain professional fees and other expenses related to the Plan; therefore, such expenses are not included in the accompanying financial statements. Fees related to the administration of loans and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses charged directly to participants (revenue-sharing) are included in net appreciation in fair value of investments.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in two mutual funds and one mutual fund that accounted for approximately 24% and 12% of total Plan investments as of December 31, 2025 and 2024, respectively.

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside trustee's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements with the trustee. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Money Market Fund: Valued at the daily closing prices as reported by the fund, which is required to publish its NAV and transact at that price.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: The Plan invests in the Vanguard Retirement Savings Trust III at December 31, 2025 and 2024 and the MetLife Stable Value Solutions IV at December 31, 2025. The Vanguard Retirement Savings Trust III is stable value fund structured as tax-exempt collective trusts. The MetLife Stable Value Solutions Fund Class J is a stable value investment option structured as a bank collective investment trust. These investment vehicles invest in benefit-responsive investment contracts issued by insurance companies, banks, or other financial institutions, including investment contracts backed by fixed income securities. They are valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan, however, there is up to a 12-month redemption for these investments at the Plan level.

The following table sets forth by level the Plan's investments at fair value:

December 31, 2025:

	Level 1	Total
Money market fund	$ 1,117,420	$ 1,117,420
Mutual funds	69,009,080	69,009,080
Total assets in the fair value hierarchy	$ 70,126,500	70,126,500
Common collective trust funds, measured at net asset value (a)		682,141
Total investments at fair value		$ 70,808,641

December 31, 2024:

	Level 1	Total
Money market fund	$ 930,190	$ 930,190
Mutual funds	62,170,829	62,170,829
Total assets in the fair value hierarchy	$ 63,101,019	63,101,019
Common collective trust fund, measured at net asset value (a)		1,146,598
Total investments at fair value		$ 64,247,617

(a) In accordance with Subtopic 820-10, common collective trust funds are measured at fair value using the NAV per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amount presented on the Statements of Net Assets Available for Plan Benefits.

4. Income Tax Status

The Plan has been designed using a defined contribution non-standardized profit sharing plan by Ascensus. The Plan obtained its latest advisory letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Ascensus:

Statement of Net Assets Available for Plan Benefits at December 31, 2025, except for contributions receivable, if applicable;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

The Statement of Net Assets Available for Plan Benefits at December 31, 2024, except for contributions receivable was certified by the former trustee, Vanguard.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are the result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in Interest Transactions

Certain plan investments are held and managed by VGI, and recordkeeping administrative services are provided by Ascensus. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to VGI for investment management services totaling $62,240 for the year ended December 31, 2025. The Plan also made direct payments to its independent advisor of $66,145 for the year ended December 31, 2025.

Participant notes receivable also qualify as party-in-interest transactions.

8. Subsequent Events

The Plan was amended and restated effective January 1, 2026 for the following changes:

- The automatic enrollment deferral rate for all eligible employees increased from 2% of eligible compensation to 3% of eligible compensation, unless they affirmatively elect otherwise.
- The automatic annual increases of 1% of participant deferral rates will continue under the amended and restated plan, however, the maximum automatic deferral rate has been raised from 6% to 8%, unless the participant elects otherwise.
- Discretionary employer matching contributions were replaced with a 100% safe harbor matching contribution of 1% of eligible compensation, plus a 50% safe harbor matching contribution on participant deferrals between 1% and 6% of eligible compensation.
- Employer contributions were accelerated to become 100% vested upon an employee's completion of one year of service as opposed to the being subject to a six-year graded vesting schedule.
- Other minor plan provisions were updated.

Management has evaluated subsequent events through October 1, 2026, which is the date these financial statements were available to be issued.
