The Participants of the
Stevens Towing Company, Inc. 401(k) Profit Sharing Plan
Yonges Island, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ***Stevens Towing Company, Inc. 401(k) Profit Sharing Plan*** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and

- the certified investment information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Stevens Towing Company, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Stevens Towing Company and members of a controlled group of businesses under common control or ownership (collectively, the Company) except for employees covered by a collective bargaining agreement, non-resident aliens, and leased employees. Each employee is eligible to participate in the Plan on the first plan entry date following the attainment of age 21 and one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

The Plan trustees oversee the governance of the Plan, including determining the appropriateness of the investment offerings and monitoring investment performance.

Plan amendments

During 2025 and 2024, the Plan adopted certain voluntary provisions permitted under the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act.

Administration

The Company is the Plan administrator.

Contributions

Each year participants may contribute a percentage of their annual compensation, as defined by the Plan, subject to the limitations as defined in the Internal Revenue Code (IRC). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have attained the ages of 60 - 63 before the end of the Plan year are also eligible to make additional "super catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company has adopted safe harbor matching provisions. Under these provisions, the Company contributes safe harbor matching contributions equal to 100% of contributions made by a participant that do not exceed 3% of the participant's compensation plus 50% of the contributions made by a participant that exceed 3% of the participant's compensation but that do not exceed 5% of the participant's compensation.

The Company may also make qualified non-elective contributions for the benefit of all participants eligible to make elective deferrals who are employed by the Company during the Plan year. The qualified non-elective contributions will be allocated to the qualified non-elective contribution account of each participant eligible to share in such allocations in the ratio that such participant's compensation bears to the compensation of all eligible participants. The Company made no qualified non-elective contributions to the Plan for the years ended December 31, 2025 and 2024.

Note 1. Description of Plan (Continued)

Participant accounts

Individual accounts are maintained for each participant to reflect the participant's contributions and related Company contributions. Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution, and allocations of (a) the Company's qualified non-elective contributions, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the Company's safe harbor matching contributions, and qualified non-elective contributions plus actual earnings thereon.

Upon reaching the minimum retirement age or if a participant dies or becomes disabled, the participant will become 100% vested in all contributions. Participants are 100% vested in rollover and transfer contributions.

Investment options

Upon enrollment in the Plan, participants may direct their contributions, the Company's safe harbor matching, and qualified non-elective contributions, if any, into various investment options offered by the Plan. Participants may change their investment options at any time.

Notes receivable from participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and accrue interest at a rate of 2% above prime which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note receivable repayments and the Plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Withdrawal and payment of benefits

On termination of service, if a participant's vested account balance does not exceed $7,000, (excluding rollover contributions and earnings thereon), the Plan will automatically distribute the participant's vested account balance in a lump sum. If a participant's balance exceeds $7,000 (excluding rollover contributions and earnings thereon), a participant may leave their balance in the Plan or elect to receive the value of the participant's vested interest in their account in the form of a single lump sum, partial payments, or roll over the vested balance into an IRA or other qualified plan.

In-service withdrawals are permitted once a participant has attained age 59½. Hardship withdrawals are permitted for participants who meet certain criteria as more fully described in the Plan's literature.

Note 2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis; interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Employee contributions and employer safe harbor match contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

The Company's qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan provisions and the applicable requirements of the IRC.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Personnel within the Company perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records, at no charge to the Plan. Certain administrative expenses are paid by the Company; other administrative expenses are paid from the Plan.

Note 3. Information Prepared and Certified By Custodian

Certain information in the accompanying financial statements and supplemental schedule, related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends for the years then ended, was obtained or derived from information supplied to the Plan trustees and certified as complete and accurate by First Citizens Bank and Trust Company, a qualified institution.

Note 4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

- *Shares of registered investment companies (mutual funds)*: Valued at the net asset value (NAV) of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Shares of registered investment companies	**$ 12,438,574**	**$ -**	**$ -**	**$ 12,438,574**
Total assets at fair value	**$ 12,438,574**	**$ -**	**$ -**	**$ 12,438,574**

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 11,196,781	$ -	$ -	$ 11,196,781
Total assets at fair value	$ 11,196,781	$ -	$ -	$ 11,196,781

Note 5. Party-in-Interest Transactions

Newport Group served as the Plan's third-party administrator (TPA) through November 13, 2024. Administrative fees totaled $56,877 for January 1, 2024, to November 13, 2024. Effective November 14, 2024, Ascensus, LLC became the TPA. No fees were paid to Ascensus for the remainder of 2024. Administrative fees totaled $57,459 for the year ended December 31, 2025.

All of these party-in-interest transactions are exempt from the prohibited transaction rules under ERISA.

Note 6. Income Tax Status

The Plan obtained its latest volume submitter program letter on November 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the volume submitter program letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per financial statements	**$ 12,514,143**	$ 11,314,255

Employer contribution receivable	**-**	(534)
Contributions per Form 5500	**$ 1,676,947**	$ 1,290,061

Note 10. Subsequent Events

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued. There were no material subsequent events requiring disclosure as of this date.
