REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To Comcast Cable Communications Management, LLC and the Participants of
Telemundo of Puerto Rico UPAGRA Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Telemundo of Puerto Rico UPAGRA Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Telemundo of Puerto Rico UPAGRA Retirement Savings Plan (the Plan) provides only general information. Plan participants should refer to the Plan document and applicable amendments for a more complete description of the Plan's provisions. Copies of these documents are available from the Plan Administrator, a retirement committee (the Retirement Committee) appointed by Telemundo of Puerto Rico (the Company or Plan Sponsor).

General

The Plan is a defined contribution plan, qualified under Sections 1081.01(a) and (d) of the Puerto Rico Internal Revenue Code of 2011 (the Code), covering employees of the Company, a subsidiary of NBCUniversal Media, LLC. A second plan, Telemundo of Puerto Rico Retirement Savings Plan, was created for eligible non-union employees, effective July 1, 2017. Consequently, the Plan was amended to exclude participation from eligible non-union employees. The date of the last Plan reinstatement is as of January 1, 2018.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee and custodian of the Plan is Benefit Plans Administrators (BPAS) Trust Company of Puerto Rico.

The Retirement Committee, as Plan Administrator, has the authority to control and manage the operation and administration of the Plan and may delegate all or a portion of the responsibilities of controlling and managing the operation and administration of the Plan to one or more persons.

Recent Legislation

The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was enacted as part of the Consolidated Appropriations Act, 2023 under the Securing a Strong Retirement Act on December 29, 2022, with retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans. The Plan's management and those charged with governance have a policy to incorporate relevant legislative changes in its Plan document by the prescribed deadlines.

Contributions

Employees, who are at least eighteen years old, become eligible to participate in the Plan after completion of three months of service and may enroll in the Plan. Any eligible employee not participating in the Plan will be automatically enrolled at a contribution rate equal to 3% of eligible compensation on a pre-tax basis unless they opt out of participation.

1. PLAN DESCRIPTION (continued)

Contributions (continued)

Automatically enrolled participants will have their pre-tax deferral rate election increased by 1% each year after being automatically enrolled for at least 12 months until a maximum rate of 10% is achieved. The Company matches 100% of the participant's contribution up to 3% of the participant's eligible compensation. Rollover contributions represent participant assets transferred to the Plan from other qualified retirement plans. Income taxes are deferred on these contributions until contributions are withdrawn from the Plan. Only eligible union employees may participate in the Plan.

Additional amounts may be contributed at the discretion of the Retirement Committee. For the year ended December 31, 2025, discretionary contributions totaled $128,698.

Participants Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution, the Company's matching contribution, allocation of the Company's non-elective profit-sharing contributions, Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. A participant is entitled to the benefit that can be provided from the participant's vested account.

Each participant has the right, in accordance with the provisions of the Plan, to direct the investment by the Trustee of the Plan of all amounts allocated to the separate accounts of the participant under the Plan among any one (1) or more of the investment fund options. Participants direct the investment of their contributions in increments of 1% into various investment options offered by the Plan. The Plan currently offers three (3) collective trust investments and seventeen (17) mutual fund investment options for participants.

Vesting

A participant's contribution, along with the related investment gains and losses, are fully vested and non-forfeitable. Contributions made by the Company, which are credited to a participant's match account, and the related investment gains and losses, become vested based on the participant's years of service with the Company. Participants are fully vested in their match account after two years of service, as described in the Plan document. Participants with a hire date prior to January 1, 2018, will vest after 3 years of service in the discretionary employer's contribution. Employees with a hire date of January 1, 2018 or later will vest over a 6 year period in the discretionary employer's contribution.

1. PLAN DESCRIPTION (continued)

Notes Receivable from Participants

A participant may borrow from their Plan account subject to the approval of the Plan Administrator in accordance with the terms of the Code and ERISA. In general, a participant may borrow a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the participant's vested Plan account balance. The maximum term of a loan made pursuant to the Plan is 60 months. Loans with terms up to 10 years are permissible for the purchase of a primary residence.

The interest rate applicable to a loan will be at least equivalent to the prevailing interest rate charges by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid directly with BPAS. Interest rates ranged from 3.25% to 8.50% for the year ended December 31, 2025. Maturities on outstanding loans range through 2030. Loan transactions are treated as a transfer between the investment fund and notes receivable from participants.

Effective after the last day of the calendar quarter following non-repayment, a loan is considered to be in default. Defaulted loans are treated as distributions for tax purposes and become taxable income to the participant in the year in which the default occurs. As of December 31, 2025 and 2024, defaulted loans totaled $89,879 and $81,818, respectively.

Payment of Benefits

Any participant who has a separation from service for any reason shall be entitled to receive their vested account balance. Upon death, disability or attainment of age 55 and 65, a participant's account becomes fully vested in all Company contributions regardless of the participant's years of service. Generally, distribution will start no later than 60 days after the close of the Plan year in which the participant's separation from service occurs, subject to certain deferral rights under the Plan. The distribution alternatives permitted are a lump sum payment, installment payments of over a minimum term of 5 years, or a rollover into another qualified plan. In-service withdrawals for participants that have attained the age of 59½ years are permitted. The Plan also provides for hardship withdrawals during employment.

Forfeited Accounts

The Trustee pays benefits and expenses upon the written direction of the Plan Administrator. Forfeitures, consisting of amounts contributed by the Company that are not 100% vested upon a participant's separation from service shall be used to reduce the Company's contributions or pay Plan administrative expenses. Pending application of the forfeitures, the Company may direct the Trustee to hold the forfeitures in cash or under investments in a suspense account.

1. PLAN DESCRIPTION (continued)

Forfeited Accounts

If the Plan should terminate with any forfeitures not applied against Company contributions, they will be allocated to the current participants in the proportion that each participant's eligible compensation for that Plan year bears to the eligible compensation for all such participants for the Plan year. During the year ended December 31, 2025, $769 of forfeitures were used for reducing the Company's annual non-election profit-sharing contribution. As of December 31, 2025 and 2024, the forfeited nonvested accounts totaled $7 and $769, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. See Note 4 for a description of valuation methods.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in the financial statements reflects changes in fair value of investments held at year end while net realized gains and losses associated with the disposition of investments are recorded as of the trade date and calculated based on fair value as of such date. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Contributions are recorded in the period that the Plan Sponsor makes payroll deductions from the participant's earnings. Annual discretionary contributions are typically funded after year end.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued and management determined that there are no events that would require adjustments or disclosures to the financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets held, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by BPAS, the custodian of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices inactive markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quotes prices for similar assets of liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The valuation methodologies used for assets measured at fair value are as follows:

Mutual funds: Valued at the closing price of shares held by the Plan at year-end. The mutual funds held by the Plan are classified as Level 1 investments as their investment values are based on quoted market prices for identical financial instruments in an active market.

Common collective trusts: Valued at the net asset value of shares held by the Plan at year-end. The net asset value as provided by the Trustee is used as a practical expedient to estimate fair value and, as a result, all are included in the investments measured at net asset value. The redemption frequency of each of these investments is daily. There are no unfunded commitments or redemption restrictions.

The methods described above may produce a calculated fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

4. FAIR VALUE MEASUREMENTS (continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2025, there were no transfers between in or out of Level 3

The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments at fair value as of December 31, 2025 and 2024:

(a) The Plan invests in the Invesco International Growth, Invesco Stable Value, and Jennison small/mid Cap Equity funds, which seek long-term capital growth by investing in a diversified portfolio of equities. Participants can redeem daily from the funds based on the asset value of the underlying equity, and there are no short-term redemption fees.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Code and ERISA. In the event of Plan termination, each affected participant's account balance will become fully vested.

6. INCOME TAX STATUS

The Plan was designed using a prototype plan document which received an opinion letter from the Puerto Rico Treasury letter dated August 2, 2019 stating that the Plan is qualified under the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain plan investments are shares of various mutual funds that are owned and managed by the Trustee, who has been designated investment manager. The Plan issues loans to participants which are secured by the vested balances in the participants' accounts.

8. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.
