Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Chemence, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of assets (held at end of year) is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. 1. Description of Plan:

The following description of the Chemence, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of Chemence, Inc., Chemence Medical, Inc., and Craffiti, Inc. who have adopted the Plan (collectively referred to as the Plan Sponsor, Plan Administrator, Employer, or the Company). The Plan covers substantially all employees who are at least eighteen years of age and complete three months of services, as defined by the Plan documents. Employees are eligible to make deferrals, receive employer match and employer nonelective contributions on the first day of the calendar month once eligibility requirements have been met, as previously defined. The Plan implemented a Safe Harbor plan design, as permitted by the Internal Revenue Service (IRS), which exempts the Plan from certain compliance requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Board of Directors of the Plan Sponsor.

Contributions

Participant Contributions: Each year, participants may defer a portion of their pre-tax annual compensation, as defined by the Plan documents, subject to certain statutory limitations. Participants may also elect to make Roth 401(k) contributions, which are subject to federal income taxes in the year of deferral. Additionally, the Internal Revenue Code (IRC) allows for participants over the age of 50 to make additional contributions (catch-up contributions) in excess of these limits. For 2025 and 2024, the deferred amount may not exceed $23,500 and $23,000, respectively. The maximum catch-up contributions for 2025 and 2024 may not exceed $7,500. Additionally, the SECURE 2.0 Act allows for participants over the age of 60 (up to the age of 63) to make super catch-up contributions in excess of the catch-up contributions limit. The maximum super catch-up contributions for qualifying participants under the SECURE 2.0 Act for 2025 was $11,250. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or contribution plans ("rollover contributions"). Participants direct the investment of all contributions into various investment options offered by the Plan.

Employer Contributions: The Plan Sponsor makes a safe harbor matching contribution to each eligible participant's in an amount equal to the each participant's salary deferral that does not exceed 3% of their eligible compensation plus 50% of their salary deferrals between 3% and 5% of a participant's compensation to the Plan for the plan year. The Plan Sponsor may elect to make a discretionary nonelective contribution in an amount to be determined by the Plan Sponsor for each plan year. The participant must be employed on the last day of the Plan year and must work at least 1,000 hours during the Plan year to receive Plan Sponsor's nonelective contributions. For the years ended December 31, 2025 and 2024, the Plan Sponsor elected not to make a discretionary nonelective contribution to the Plan.

1. Description of Plan (continued):

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's pre-tax contribution, Roth 401(k) contributions, the Plan Sponsor's safe harbor matching contributions, the Plan Sponsor's discretionary nonelective contributions, if any, plan earnings or losses, an allocation of forfeitures from terminated participants' non-vested accounts, if any, and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan documents. Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participant Contributions: Participants are vested at all times in their pre-tax contributions, Roth 401(k) contributions, rollover contributions, and earnings or losses thereon.

Employer Contributions: Participants are vested at all time in the safe harbor matching contributions. Participants vest at a rate of 20% per year of employment and are fully vested after five years of service, as defined by the plan document, in the Employer's profit sharing contributions, the Employer's nonelective contributions, and earnings or losses thereon. Participants will also fully vest upon death, disability, or the attainment of sixty-five years of age, the Plan's normal retirement age.

Benefits Paid to Participants

Upon termination of service, attainment of normal retirement age of sixty-five years of age, retirement, disability or death, a participant may elect to receive a lump-sum amount equal to the vested value of their account, substantially equal installments over a specified period, partial withdraws, or hardship distributions. In-service distributions are limited to participants who have attained fifty-nine and a half years of age, and have to take required minimum distributions. Military distributions, as defined by the Plan documents, are allowed under the Plan for qualified reservist distributions.

Forfeited Accounts

Forfeitures occur upon termination of employment by a participant who is not fully vested in the Plan. These accounts will be used to either reduce future employer contributions or may be used to pay administrative expenses of the Plan. At December 31, 2025 and 2024, and for the years ended, forfeited non-vested accounts and forfeited non-vested balances used to reduce employer contributions were:

	2025	2024
Forfeited non-vested accounts	$ 21	$ 2,501
Forfeited non-vested accounts used for:		
Employer matching contributions	$ 2,731	$ 14,273

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Summary of Significant Accounting Policies (continued):

Use of Estimates
The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable
At December 31, 2025 and 2024, excess contributions payable to participants are as follows:

	2025	2024
Excess contributions payable	$ 3,236	$ 3,236

The excess contributions payable are for participant contributions in excess of amounts allowed by the Internal Revenue Service ("IRS"). The corrective distributions are recorded as a liability and were included in corrective distributions in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Benefits Paid to Participants
Benefit payments to participants are recorded upon distribution.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are therefore excluded from these financial statements. Investment-related expense are included in the net appreciation (depreciation) in fair value of investments. Fees for distributions to participants are included in the administrative expenses and charged directly to the participants' accounts.

Date of Management's Review of Subsequent Events
Subsequent events have been evaluated through October 08, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the ADP Retirement Trust Services, LLC, Reliance Trust Company, and T. Rowe Price Trust Company:

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the custodian of the Plan, and T. Rowe Price Trust Company, the custodian of the collective trust fund (collectively referred to as the custodian) for the period from January 1, 2024 through March 18, 2024. For the period from March 18, 2024 through December 31, 2024, ADP Retirement Trust Services, LLC, the trustee of the Plan, certified the following information as complete and accurate for the period of the December 31, 2024 year end that they held the Plan's assets and acted as the trustee of the Plan. In addition, ADP Retirement Trust Services, LLC certified the following information as complete and accurate as of and for the year ended December 31, 2025.

	2025	2024
Investments at fair value	$ 6,848,693	$ 5,623,391
Net appreciation in fair value of investments	536,655	429,448
Dividends	290,487	229,355
Other income	6,583	-

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements:

Fair value measurement guidance under GAAP defines fair value, establishes a consistent framework for measuring fair value, and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy under are described as follows:

Level 1 — Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 — Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring use of Level 3 inputs for the periods presented.

4. Fair Value Measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2025 and 2024.

Level 1 Fair Value Measurements:

Mutual Funds: Valued at the daily closing price as reported by the fund. Net asset values ("NAV") are generally obtained from The National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

Level 2 Fair Value Measurements:

Common Collective Trust: Valued at the net asset value per share reported by the trustee. The net asset value per share is based on the fair value of underlying investments held by the trust, less liabilities, divided by the number of units outstanding.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,428,005	$ -	$ -	$ 6,428,005
Common collective trust	-	420,688	-	420,688
Total assets at fair value	$ 6,428,005	$ 420,688	$ -	$ 6,848,693

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,263,355	$ -	$ -	$ 5,263,355
Common collective trust	-	360,036	-	360,036
Total assets at fair value	$ 5,263,355	$ 360,036	$ -	$ 5,623,391

4. Fair Value Measurements (continued):

During the year ended December 31, 2025, the Plan identified an error in the prior-year fair value measurement disclosure. As of December 31, 2024 the Plan's investment in the common collective trust with a fair value of $360,036 was incorrectly disclosed as an investment measured using net asset value per share as a practical expedient. The investment should have been classified within Level 2 of the fair value hierarchy. Accordingly, the December 31, 2024 assets at fair value table above have been restated to correct the classification of the investment within the fair value hierarchy. The correction had no effect on total investments, net assets available for benefits, or changes in net assets available for benefits for the year ended December 31, 2024.

5. Tax Status:

The Internal Revenue Service (“IRS”) has determined and informed the trustee by a letter dated October 6, 2020 that the pre-approved defined contribution plan on which the Plan is based, and the related trust as then designed was in accordance with applicable regulations of the IRC. The volume submitter plan has been amended subsequent to that date. However, the Sponsor believes that the Plan was, at all times during the years ended December 31, 2025 and 2024, designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and related trust continued to be tax-exempt.

GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS, U.S. Department of Labor, and/or Georgia Department of Revenue. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the accounts of each participant would continue to be fully vested.

7. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant’s account balances and the amounts reported in the statements of net assets available for benefits.

8. Related-Party Transactions and Party-in-Interest Transactions:

Certain plan investments are mutual funds and a collective trust fund managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions. In addition, the trustee administers the Plan and receives fees from the Plan for these services. All related transactions, qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

9. Assets Allocated to Terminated Participants:

Net assets available for benefits include amounts allocated to the accounts of participants who were terminated prior to year-end but had not yet received payment. At December 31, 2025 and 2024, the vested account balances of terminated participants were:

	2025	2024
Vested account balances of terminated participants	$ 1,352,497	$ 1,471,715
