Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of Partners Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of Partners Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General — The Plan is a profit sharing plan sponsored by The Hospice and Palliative Care Group, Inc. dba The HomeCare Partners (the "Company" or "Employer"). The Plan includes all full time and part time employees of the Company and participating employers. Eligible employees are allowed to enter the Plan upon completing one year and 1,000 hours of eligible service, as defined. The one year and 1,000 hours of eligible service requirement was waived for any eligible employee who was also eligible under the Employer's SEP-IRA plan as of December 31, 2021. Per diem employees, as defined, and interns are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). CPI Qualified Plan Consultants, Inc. ("CPI") is the Plan's recordkeeper. Matrix Trust Company is the custodian of the Plan's investments.

Contributions — Each year, the Employer may make a discretionary profit sharing contribution to all eligible participants, subject to a vesting schedule. For 2025, the Employer declared a profit sharing contribution of 4.5% of eligible compensation, as defined, paid on a bi-weekly basis to eligible participants. Employer profit sharing contributions amounted to $560,375 for 2025, of which $7,113 was funded from forfeited nonvested accounts.

Participant elective deferrals are not permitted. Eligible participants may contribute amounts representing distributions from other eligible qualified plans on a pre-tax basis and amounts from traditional rollover IRAs, as defined.

All contributions are subject to certain Internal Revenue Code ("IRC") limitations. Participants direct all contributions into various investment options available under the Plan including a stable value account. The various Schwab Target Date Index Funds are the default investments used when a participant has not made an investment election for all or any portion of their accounts.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with any Employer Profit Sharing contribution, and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant loans are not permitted.

Vesting — Vesting in the Employers profit sharing contribution portion of their accounts is based on years of service. A participant is 100% vested after three years of service (cliff vest), as defined. Participants are always fully vested in any rollover contributions.

Forfeitures — Forfeited nonvested accounts may be used to pay administrative expenses of the Plan and reduce any discretionary profit sharing contributions. During 2025, new forfeited non-vested accounts totaled $64,991. As of December 31, 2025 and 2024, forfeited non-vested accounts amounted to $53,546 and $0, respectively. During 2025, forfeitures of $4,331 were used to pay administrative fees and $7,113 were used to reduce employer contributions.

1. Description of the Plan (continued)

Payment of Benefits and Withdrawals – Upon termination of service due to retirement, death, or disability, a participant may elect to receive the value of the participant's vested interest in his or her account, in the form of a lump-sum, as defined by the Plan. Partial withdrawals are generally permitted for minimum distributions, as defined. Participant consent is required for distributions in excess of $7,000. Effective January 1, 2025, in-service distributions will be permitted to eligible participants age 59.5 and older.

2. Summary of Significant Accounting Policies

Basis of Accounting — The financial statements of the Plan are prepared using the accrual basis of accounting under accounting principles accepted in the United States of America.

Investment Valuation and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefit are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Use of Estimates — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Market Risk Factors — The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Subsequent Events — Plan management has evaluated subsequent events through September 18, 2026, the date the financial statements were available to be issued.

On July 11, 2026, the Plan's recordkeeper experienced a cybersecurity incident. As of the date these financial statements were available to be issued, the investigation remains ongoing to determine whether any Plan or participant data was compromised. Certain transaction processing activities continue with limitations, and the ultimate impact of the incident, if any, cannot currently be determined. Accordingly, no adjustments have been made to the accompanying financial statements related to this matter.

3. Investment Valuation and Income Recognition

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- Level 2 – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- Level 3 – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Hierarchy	December 31, 2025	December 31, 2024
Mutual funds	Level 1	$ 2,475,600	$ 1,776,023

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2025 and 2024:

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Related-Party and Party-In-Interest Transactions

Certain employees and/or officers of the Company or its affiliates perform administrative services to the Plan at no cost to the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Plan adopted a pre-approved plan document sponsored by Actuarial Consulting Services, Inc. Actuarial Consulting Services, Inc. ("ACSI") received an opinion letter from the Internal Revenue Service, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

As of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Certified Investment Information

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2025, and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Matrix Trust Company and furnished to the Company. The Company has obtained certifications from Matrix Trust Company as of December 31, 2025, and 2024, and for the year ended December 31, 2025, that such information is complete and accurate.
