Report of Independent Auditors

To the Administrator of StarPlus Energy LLC 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of StarPlus Energy LLC 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the StarPlus Energy LLC 401(k) Savings Plan (the "Plan") provides general information only. Participants should refer to the Plan documents for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on July 1, 2023, covering all non-union United States employees of StarPlus Energy LLC (collectively, the "Company" or "Plan Sponsor") who are eighteen years of age or older.

The Plan is administered by a Retirement Committee (the "Plan Administrator") appointed by the Company. Participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is a Section 401(k) plan.

Participant Contributions

Each year, participants may contribute from 1% to 90% of their annual compensation to the Plan through payroll deductions, subject to a $23,500 maximum contribution in 2025. In addition, the Internal Revenue Service (the "IRS") permitted participants age 50 and over to contribute up to an additional $7,500 for 2025 as a catch-up contribution. A participant may also make transfer ("rollover") contributions from qualified retirement plans once a participant has met the eligibility requirements of the Plan. Such rollover contributions may not include after-tax contributions. Additionally, the Plan allows participants to participate in pre-tax deferrals and Roth deferrals.

Employer Contributions

Each year, the Company may, at its discretion, make matching contributions equal to a percentage of each participant's elective contributions. During the year ended December 31, 2025, employer matching contributions were made totaling $1,098,297.

The Company, at its discretion, can define and make a total Plan-wide profit-sharing contribution across all participants. Each participant's share of the total contribution would represent their compensation divided by the compensation of all participants eligible to share. The employer profit-sharing contribution was $0 for the year ended December 31, 2025.

Under Section 415(c) of the Internal Revenue Code ("IRC"), the total annual contribution to a participant's account is limited to the maximum amount of $70,000 for 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can direct investment of their accounts into various options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings/losses thereon.

Forfeited Accounts

As all participants are fully vested upon participation in the plan, there were no forfeitures at December 31, 2025 and 2024, or during the year ended December 31, 2025.

Notes Receivable From Participants
Participants may borrow up to a maximum amount equal to the lesser of (i) 50% of their vested account balance or (ii) $50,000 reduced by the excess of the highest outstanding loan balance during the 12 months ending on the date before the loan is made. The minimum loan amount is $1,000. No more than one loan per participant may be outstanding at any time. Loan terms must not exceed five years, except for qualified home loans that may be repaid over a longer term, not to exceed thirty years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime rate of interest plus 1%. The term "prime rate" shall be the prime rate in effect as published by the *Wall Street Journal* in its Money Rates column. The prime rate will be determined as of the first business day of each month. At December 31, 2025 and 2024 interest rates ranged from 8.00%-9.50% for participant loans. Principal and interest are paid ratably through payroll deductions.

Upon leaving the Company, the entire outstanding balance of the loan, including accrued interest, shall become due and payable in full immediately.

Payment of Benefits
On termination of service, a Participant may elect to receive a distribution equal to the vested balance of the Participant's account.

If the vested portion of a Participant's Account eligible for distribution is less than or equal to $7,000 and the Participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly within 45 days after notification, then the balance shall be distributed in a direct rollover to an individual retirement account. If the vested portion of a Participant's Account eligible for distribution is greater than $7,000, the Participant may elect to have the vested account balance distributed as soon as administratively feasible following termination. If the Participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly within 45 days after notification, the vested balance remains in the Plan.

A participant in the Plan may make a complete or partial withdrawal, without penalty, of the amounts held in the participant's account at any time after attaining age 59½. Prior to turning age 59½, participants may withdraw, without limitation subject (in some circumstances) to a six-month suspension period, any after tax savings, rollovers, and vested Company contributions from their accounts. Benefits may also be paid prior to age 59½ due to termination of employment, death, or total and permanent disability. Withdrawals may be paid as a lump sum based on the current value of the account at the date of withdrawal, paid out in installments over a period of not more than ten years, or be transferred into another tax deferred plan or individual retirement account.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions, such as those regarding fair value, that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments include mutual funds, self-directed accounts, and common collective trusts. Purchases and sales of securities are recorded on a trade-date basis. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dividends are recorded on the ex-dividend date. Self-directed accounts may be invested in equities selected by participants.

Net appreciation or depreciation in the fair value of investments consists of realized gains and losses on investment transactions and unrealized appreciation or depreciation to record investments at fair value.

Contributions
Contributions from the Plan participants and the employer discretionary and profit-sharing contributions are recorded in the applicable year in which contributions are made.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when distributed to participants.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan include recordkeeping fees. Other administrative expenses, including audit and legal fees of the Plan, were paid by the Company.

Fees related to the administration of notes receivable from participants are deducted directly from the participant's account.

Subsequent Events
Subsequent events have been evaluated through October 8, 2026, the date the financial statements were available to be issued. No subsequent events that would require disclosure in these financial statements have been noted as of this date.

3. Investment Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from ADP Retirement Trust Services, the Trustee, as of December 31, 2025 and for the year ended December 31, 2025, and Reliance Trust Company, the previous Trustee, as of December 31, 2024, that the investment and investment related information provided by them is complete and accurate. The amounts included in the financial statements for investments at fair value, notes receivable and related interest income from participants, interest and dividend income, net appreciation (depreciation) in fair value of investments, and all amounts in the supplemental schedules were provided, or were derived from information provided, and certified as complete and accurate.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, *Fair Value Measurements*, establishes the framework for measuring fair value by providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs to the valuation methodology are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds and self-directed accounts – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The self-directed accounts are valued at the dailing closing price of the equities held and value of cash held. The mutual funds and self-directed accounts held by the Plan are deemed to be actively traded.

Common collective trusts – Common collective trusts are private investment securities valued using the Net Asset Value ("NAV") provided by the trustee. The NAV is calculated for a private market, and is based on the fair value of the underlying assets owned by the fund, which are predominately traded on an active market, less its liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, as certified by the trustee, as of December 31, 2025 and 2024. Classification within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement.

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 7,385,624	$ -	$ -	$ 7,385,624

Common collective trusts [1]				65,072
Total investment at fair value	$ 4,606,694	$ -	$ -	$ 4,671,766

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table summarizes the investments measured at fair value based on NAV, as a practical expedient, as of December 31, 2025 and 2024.

December 31, 2025 and 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Eligible)	Redemption Notes Period
Common collective trusts - 2025	$ 136,293	N/A	Daily	None
Common collective trusts - 2024	$ 65,072	N/A	Daily	None

5. Related Party and Party-in-Interest Transactions

The Company incurred certain administrative fees, including audit fees, on behalf of the Plan. Personnel and facilities of the Company used by the Plan for accounting and other activities are provided at no charge to the Plan. Additionally, notes receivable from participants represent party-in-interest transactions for 2025.

6. Tax Status

The Plan uses a pre-approved plan document. The IRS has issued an opinion letter dated October 16, 2020, stating that the form of the pre-approved plan document is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended from time to time. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. As of December 31, 2025, there are no audits for any tax periods in progress. The Plan Administrator believes it is, in general, no longer subject to income tax examinations for years prior to 2022.

7. Risks and Uncertainties

The Plan offers investment securities for the participants to invest in. The securities are exposed to various risks, such as interest rate, market volatility and credit risks. Market volatility includes the impact of global pandemics and international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities, will occur in the near term and that such changes could affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
