INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Ma Laboratories, Inc. 401K Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Ma Laboratories, Inc. 401K Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Ma Laboratories, Inc. 401K Plan and Trust (the "Plan") provides only general information. Interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are employed by Ma Laboratories, Inc. (the "Plan Sponsor") and affiliates. The Plan was formed January 1, 2007 and most recently amended and restated on January 1, 2026 (Note 10). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and to certain sections of the Internal Revenue Code ("IRC"). All employees who have reached the age of 21 and who have completed three consecutive months of service are eligible to participate in the Plan.

Amendment

Effective January 1, 2025, the Plan document was amended to allow in-plan Roth rollover transfers from accounts that are 100% vested, excluding notes receivable from participants.

Plan Administration

The Plan Sponsor is the administrator of the Plan. As administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Reliance Trust Company ("Reliance") is the trustee for the Plan and acts at the direction of the Plan's administrator. The Plan Sponsor pays the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses are primarily comprised of legal fees, auditing fees, and expenses relating to the maintenance of the Plan's records.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. The provisions include additional increases to the required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, a mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service ("IRS") continue to issue guidance and regulations implementing provisions of SECURE 2.0. The deadline for amending Plan documents was extended to December 31, 2026; accordingly, the Plan Sponsor is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants (see Note 10).

1. Plan Description, continued

Contributions

Employees who elect to participate in the Plan may contribute a portion (1%–90%) of their eligible compensation, pre-tax or post-tax Roth, to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who attain ages 60 through 63 during the year are eligible to make an enhanced catch-up contribution consistent with SECURE 2.0 and applicable IRS limits. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may make discretionary elective matching contributions based on employee deferrals. A participant must be employed on the last day of the Plan year to be eligible for the matching contribution. The Plan also allows non-elective contributions at the discretion of the Plan Sponsor. The Board of Trustees approved a discretionary employer match of 100% of deferrals up to 8.0% of eligible compensation, not to exceed $3,000, which amounted to approximately $467,000 for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan Sponsor's discretionary matching contribution (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Fees not paid through the Plan are paid directly by the Plan Sponsor.

Vesting

Participant contributions, rollovers, and net earnings on these contributions are fully vested when made or earned.

As of December 31, 2025, discretionary employer matching and non-elective contributions (if any), as well as all earnings on these contributions, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	25%
2 years	50%
3 years	75%
4 or more years	100%

Forfeitures

Forfeitures (if any) that occur during a Plan year may be used to reduce future employer contributions or to pay Plan expenses. The Plan forfeitures amounted to approximately $7,600 and $3,900 as of December 31, 2025 and 2024, respectively. No forfeitures were used during the year ended December 31, 2025.

1. Plan Description, continued

Payment of Benefits

When participants leave the employer upon retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment. In-service distributions are available to participants at age 59½. Financial hardship distributions are available for certain immediate and heavy financial needs. Participants should refer to the Plan document for the specific needs that qualify for a financial hardship distribution.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

Notes Receivable from Participants

Participants are allowed one note at any time and may borrow from their fund accounts a minimum of $500 up to 50% of the value of their account balance, or $50,000, whichever is less. Notes receivable from participants terms range from one to five years, except for notes used to purchase a primary residence, which may have a maximum term of 30 years. Notes receivable from participants are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note originates. The interest rate on notes receivable from participants was 9.75% to 10.50% per annum as of December 31, 2025. Principal and interest are paid in equal installments through biweekly payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in a specific percentage or dollar amount into a series of mutual and money market funds offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make note repayments and the Plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent note is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS"), if any, are recorded as a liability with a corresponding reduction to contributions.

3. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was derived from information prepared and certified as complete and accurate by Reliance Trust Company, the Plan's trustee and custodian, as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Total investments, at fair value	$ 37,546,268	$ 31,221,046
Notes receivable from participants	$ 16,847	$ 37,667
Net appreciation in fair value of investments	$ 2,256,785	
Interest and dividend income	$ 2,557,314	
Interest on notes receivable from participants	$ 2,825	

4. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued based on redemption values on the last business day of the Plan year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,995,218	$ -	$ -	$ 34,995,218
Money market fund	2,551,050	-	-	2,551,050
Total investments at fair value	$ 37,546,268	$ -	$ -	$ 37,546,268

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 28,917,700	$ -	$ -	$ 28,917,700
Money market fund	2,303,346	-	-	2,303,346
Total investments at fair value	$ 31,221,046	$ -	$ -	$ 31,221,046

5. Related−Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Reliance, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. Tax Status

The Plan Sponsor adopted a prototype Plan document. The Plan document obtained its latest opinion letter on October 6, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

The Plan Sponsor has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Plan Sponsor reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances and distributions would be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan held investments in two funds that represent 24% and 15% of net assets as of December 31, 2025.

The Plan held investments in two funds that represent 20% and 17% of net assets as of December 31, 2024.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024 to the Form 5500:

	2025	2024

Employer contribution receivable	(467,326)	(267,507)
Per the Form 5500	$ 37,563,115	$ 31,258,713

9. Reconciliation of Financial Statements to Form 5500, continued

The following is a reconciliation of the net change in net assets per the financial statements for the year ended December 31, 2025 to the Form 5500:

Per the financial statements	$	6,508,737

Employer contribution receivable, 2025		(467,326)
Employer contribution receivable, 2024		267,507
Per the Form 5500	$	6,304,402

10. Subsequent Events

Effective January 1, 2026, under SECURE 2.0, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior year Federal Insurance Contributions Act wages exceed an applicable threshold.

Effective October 1, 2026, the Plan was amended for non-responding terminated participants with account balances between $1,000 and $7,000, will have their account balances automatically rolled over to an individual retirement account at Merrill Lynch. Non-responding terminated participants with account balances of less than $1,000 will receive a cash distribution in the form a check.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 7, 2026, the date these financial statements were available to be issued. Management concluded that no material subsequent events have occurred other than disclosed above, since December 31, 2025 that require recognition or disclosure in these financial statements.
