INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Pines of Sarasota Healthcare, LLC 401(k) Plan
Sarasota, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pines of Sarasota Healthcare, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pines of Sarasota Healthcare, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pines of Sarasota Healthcare, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pines of Sarasota Healthcare, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pines of Sarasota Healthcare, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pines of Sarasota Healthcare, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

PINES OF SARASOTA HEALTHCARE, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE A - DESCRIPTION OF PLAN

The following description of Pines of Sarasota Healthcare, LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code (IRC) covering the employees of Pines of Sarasota Healthcare, LLC (the "Company") who meet the Plan's eligibility requirements and are not pooled temporary assistance employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective August 30, 2024, the Plan was amended to reduce the minimum age requirement for eligibility from age 21 to age 18.

Contributions

Participants may elect to contribute, on a pre-tax basis or post-tax (Roth) basis, up to 85% of their Plan compensation, subject to the annual limitations imposed by the Internal Revenue Code (IRC). Participants who attain age 50 during the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the investment options offered under the Plan.

The Company may make matching contributions at the discretion of its Board of Directors, as provided in the Plan document. For the years ended December 31, 2025 and 2024, the Company made matching contributions equal to 50% of participant contributions up to 6% of eligible compensation. Participants direct the investment of employer matching contributions into the same investment options available for employee contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Company matching contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary matching contribution portion of their accounts is based on years of service as follows:

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting (Continued)

Years of Service	
Less than 3 years	0%
3 or more years	100%

If a participant dies or becomes disabled, the participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Participants are required to make loan repayment arrangements directly with the third-party administrator.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested portion of their Plan account through a distribution of benefits upon retirement, termination of employment, death, disability, or a qualifying withdrawal. Hardship distributions are permitted by the Plan. In-service distributions are permitted for participants who have attained age 59½. Benefit payments may be made in the form of a lump-sum distribution, equal installments, partial withdrawals, or a direct rollover to another qualified retirement plan or an individual retirement account. If a terminated participant's vested account balance is less than $5,000, it may be subject to an automatic distribution without their consent. If a participant does not make a distribution election, the vested account balance may be automatically rolled over to an individual retirement account in accordance with the provisions of the Plan.

Prefunded Contributions

Prefunded contributions represent contributions received by the Plan in advance for the subsequent plan year. Prefunded contributions at December 31, 2025 and 2024 were $13,990 and $15,076, respectively. These contributions are not included in employer and participant contributions in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.

Excess Contributions Payable

Amounts payable to participants in excess of the limits prescribed by the Internal Revenue Code are recorded as a liability with a corresponding reduction to participant contributions. At December 31, 2025 and 2024, the liability for excess contributions payable totaled $5,551 and $12,087, respectively.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeitures arise from the nonvested portions of employer contributions forfeited by participants upon termination of employment or from other adjustments, if any. In accordance with the Plan provisions, forfeitures may be used to pay administrative expenses or to reduce future employer contributions. At December 31, 2025 and 2024, the forfeiture account balance was $7,558 and $552, respectively. During the years ended December 31, 2025 and 2024, forfeitures of $0 and $9,120, respectively, were used to reduce employer contributions.

Date of Management's Review

The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants (Continued)

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for recordkeeping services, trustee services, third-party administration and investment advisory services are included in administrative expenses and allocated to participants based on a pro rata formula. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

NOTE C - CERTIFIED FINANCIAL INFORMATION

Certain information related to the investments in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate. The investments, at fair value, and the related investment income, including net appreciation in fair value of investments and dividend income, were certified by VALIC Trust Company Inc., a New Hampshire state-chartered trust company, as complete and accurate. The investment, at contract value, and the related interest income, were certified by The Variable Annuity Life Insurance Company (VALIC) as complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

NOTE C - CERTIFIED FINANCIAL INFORMATION (CONTINUED)

	December 31, 2025	December 31, 2024
Investments, at fair value	$ 5,465,435	$ 4,969,625
Investment, at contract value	$ 446,923	$ 583,401

	For the year ended December 31, 2025	For the year ended December 31, 2024
Dividend income	$ 262,755	$ 179,770
Interest income	$ 12,752	$ 14,049
Net appreciation in fair value of investments	$ 498,110	$ 448,428

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimizes the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

> *Mutual funds (and money market fund):* Valued at the daily closing price as reported by the fund. Mutual funds and the money market fund held by the Plan are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Total
Money market	$ 60,232	$ 60,232
Mutual funds	5,405,203	5,405,203
Investments, at fair value	$ 5,465,435	$ 5,465,435

December 31, 2024	Level 1	Total
Money market	$ 59,067	$ 59,067
Mutual funds	4,910,558	4,910,558
Investments, at fair value	$ 4,969,625	$ 4,969,625

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract with Variable Annuity Life Insurance Company (VALIC). VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE E - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 was $446,923 and $583,401, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reset on an annual basis. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

VALIC may terminate the contract upon 30 days' written notice to the Plan. Upon termination or surrender of the contract, VALIC will pay the contract's accumulation value, which represents contract value, either in equal monthly installments over five years or under a decreasing balance method over five years, as elected by the Plan. Interest continues to be credited during the payout period at rates declared annually by VALIC, which may not be less than 1%. The Plan administrator does not believe that termination of the contract by VALIC is probable.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by VALIC Trust Company Inc. and The Variable Annuity Life Insurance Company (VALIC), which operate as part of Corebridge Financial. These entities serve as trustees and certifying institutions for the Plan. Corebridge Financial Retirement Services is the third-party administrator and recordkeeper for the Plan. Fees paid to Corebridge Financial (through VALIC and its affiliates) are included in administrative expenses and qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Notes receivable from participants and related interest income are also considered party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE H - TAX STATUS

The Plan has adopted a non-standardized 401(k) profit sharing plan. The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)
