Independent Auditor's Report

To the Administrative Committee of the
Bossard U.S. Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bossard U.S. Holdings, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bossard U.S. Holdings, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bossard U.S. Holdings, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bossard U.S. Holdings, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bossard U.S. Holdings, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bossard U.S. Holdings, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan:

The following brief description of the Bossard U.S. Holdings, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General
The Plan, which was adopted by Bossard U.S. Holdings, Inc. ("the Company"), effective January 1, 2002 and amended from time to time thereafter, is a defined contribution plan covering all eligible full and part-time employees of the Bossard U.S. Holdings, Inc., Aero-Space Southwest, Inc. (effective January 1, 2016), Arnold Industries, LLC (effective July 1, 2017) and Boyson Aerospace U.S., Inc. (effective June 1, 2020). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan covers all full-time and part-time employees who are not leased employees or reclassified employees, who have attained the age of 18 and have completed one month of service.

Recent Legislation
On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions became effective in 2024 or will thereafter.

(b) Contributions
Each year, participants can make pre-tax deferrals or post-tax Roth deferrals up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and two common collective trust fund's as investment options for participants. The Company may match eligible employee contributions using a discretionary formula. For the years ended December 31, 2025 and 2024, the Company matched 100% of the employee's contributions up to 5% of their eligible wages. Contributions are subject to certain limitations. During the years ended December 31, 2025 and 2024 employer contributions remitted to the Plan amounted to $1,141,617 and $1,203,715, respectively.

The maximum allowable calendar-year pre-tax or post-tax voluntary contribution, as determined by the Internal Revenue Service, was $23,500 and $23,000 during the years ended December 31, 2025 and 2024, respectively, in addition to a maximum allowable catch-up contribution of $7,500 for each year.

Note 1 - Description of Plan (continued):

(c) Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution (if any) and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

(d) Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Also, all participants are 100% vested in the employer matching contributions after attaining three months of service. Participant accounts become fully vested upon death, disability, attainment of normal retirement age, or upon termination of the Plan.

(e) Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may not have more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through regular payroll deductions.

(f) Payment of Benefits
In-service withdrawals may be made from a participant's employee contributions account based on financial hardship or upon reaching age 59½. On termination of service due to death, disability, or retirement, a participant, or his/her beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited Accounts
At December 31, 2025 and 2024 there were no forfeited non-vested amounts. Should the Plan accumulate funds within the forfeiture account, the account may be used to pay administrative expenses of the Plan and may be used to reduce future employer contributions. During 2025 and 2024, no forfeitures were used to pay administrative expenses.

Note 2 - Summary of Significant Accounting Policies:

(a) Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Note 2 - Summary of Significant Accounting Policies (continued):

(b) Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of Plan assets and disclosures in the financial statements. Actual results could differ from these estimates.

(c) Investment Valuation and Income Recognition
Investments are reported at fair value, except for the Galliard Stable Return C Fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The common collective trust fund with underlying investments in fully benefit responsive investment contracts, the Galliard Stable Return C Fund, is valued at the fair market value of the underlying investment and then adjusted by the issuer to contract value. The contract value of the Galliard Stable Return C Fund at December 31, 2025 and 2024 was $661,756 and $941,961, respectively. During 2024, the Plan invested into an additional common collective trust fund, the Putnam Large Cp Value Trust IA Fund. The contract value of the Putnam Large Cp Value Trust IA Fund approximated fair value at December 31, 2025 and 2024 and was $571,783 and $760,537, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. See Note 6 for discussion of investment in common collective trusts.

(d) Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded as a deemed distribution on the statements of changes in net assets available for benefits. There were no deemed distributions as of December 31, 2025 and 2024.

(e) Payment of Benefits
Benefits payments to participants are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (continued):

(f) Concentration of Credit Risk
Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

(g) Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(h) Subsequent Events
The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by the Plan's Trustee (Unaudited):

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Plan's trustee, Principal Trust Company.

Note 4 - Investments:

During 2025 and 2024, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $5,690,505 and $5,154,795, respectively.

Note 5 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 5 - Fair Value Measurements (continued):

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds and Common Collective Trust:	Valued at the daily closing price as reported by the fund. Mutual funds and one of the common collective trusts held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 - Fair Value Measurements (continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Values as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,572,530	$ -	$ -	$ 44,572,530
Common collective trust	-	571,783	-	571,783
Total investments at fair value	$ 44,572,530	$ 571,783	$ -	$ 45,144,313

Investments at Fair Values as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,809,151	$ -	$ -	$ 39,809,151
Common collective trust	-	760,537	-	760,537
	$ 39,809,151	$ 760,537	$ -	$ 40,569,688

Note 6 - Investment in Common Collective Trusts:

The Plan has entered into two fully benefit-responsive investment contracts with Principal Trust Company ("Principal"). Principal maintained the contributions in the Galliard Stable Return C Fund and the Putnam Large Cap Value Trust IA Fund ("the Funds"). The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Galliard Stable Return C Fund contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Putnam Large Cap Value Trust IA Fund contract is included in the financial statements at fair value, as reported to the Plan by Principal.

As described in Note 2, because the Galliard Stable Return C Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. Contract value, as reported to the Plan by Principal is equal to the sum of all of the benefits owed to the participants in that fund (invested principal and accrued interest). The fair value of a managed income portfolio is equal to the sum of the market value of all of the fund's investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6 - Investment in Common Collective Trusts (continued):

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers.

Certain events limit the ability of the Plan to transact with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-off's of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 7 - Related Party Transactions:

Certain Plan investments are shares of mutual funds managed by Principal Trust Company ("Principal"). Principal is also the investment trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan participants paid administrative fees of $158,651 and $146,882 to Principal during 2025 and 2024, respectively.

Note 8 – Benefit Claims Payable:

Benefit claims payable are benefit payments requested by Plan participants prior to the plan year end that have not yet been disbursed. The total amount of benefit claims payable as of December 31, 2025 and 2024 amounted to $0.

Note 9 - Concentrations:

As of December 31, 2025, the Plan held investments in T. Rowe Price Blue Chip Growth I Growth Fund with a fair value of $8,744,056 and Fidelity 500 Index Fund with a fair value of $4,623,029, both of which represented more than 10% of the Plan's net assets available for benefits. As of December 31, 2024, the Plan held investments in T. Rowe Price Blue Chip Growth I Growth Fund with a fair value of $7,707,388 which represented more than 10% of the Plan's net assets available for benefits.

Note 10 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 11 - Tax Status:

The Plan is based on a "prototype" plan drafted by Principal Life Insurance Company. The prototype received a revised Internal Revenue Service ("IRS") "prototype" letter on June 30, 2020. The letter states the prototype plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the "prototype" letter. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 12 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 13 – Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to the Form 5500:

		2025	2024
