INDEPENDENT AUDITOR'S REPORT

Sentara Health Fiduciary Committee
Sentara 403(b) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sentara 403(b) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

SENTARA 403(b) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Sentara 403(b) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Sentara Health and its affiliates that have adopted the Plan as participating employers (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Sentara Health Fiduciary Committee (Committee) is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions: Each year, participants may contribute 100% of eligible compensation as defined in the Plan, subject to statutory limits established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may elect to designate all or a portion of their elective deferrals as Roth contributions and the Plan accepts rollovers of designated Roth contributions. The Plan includes an auto-enrollment provision whereby substantially all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or another contribution amount. Automatically enrolled participants have their deferral rate set at 10% of eligible compensation and their contributions invested in a designated fund until changed by the participant. The Plan also includes an automatic increase provision whereby a participant's deferral rate is increased by 1% each year up to a maximum deferral rate of 15%, subject to certain conditions. The Company matches 50% of the first 6% of base compensation that an eligible participant contributes to the Plan.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Committee in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the employer matching contributions as well as plan earnings (losses) and revenue credits received by the Plan and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, participant contributions, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. A participant is vested in Plan Sponsor matching contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after three years of credited service.

Note 1. Description of Plan (Continued)

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are permitted for participants who have attained age 59 1/2 or for a qualified financial hardship, qualified birth or adoption, qualified disaster recovery and allowable emergency expenses. Benefits are payable in lump-sum, installments or annuity options, as defined in the Plan.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the vested balance in the participant's account and bear an interest rate commensurate with rates charged by local commercial lenders on secured loans bearing similar terms and maturities. At December 31, 2025, outstanding loans bore interest ranging from 4.00% to 9.50% and mature through December 2035. Principal and interest is paid ratably through bi-weekly payroll deductions.

Forfeitures: At December 31, 2025 and 2024, forfeited non-vested accounts totaled $648,722 and $3,467,764, respectively. These accounts can be used to reduce future employer contributions or to pay administrative expenses of the Plan. In 2025, employer contributions were reduced by $7,824,713 from forfeited non-vested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the employer matching contributions from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company (FMTC), the Trustee and record-keeper of the Plan, as well as Lincoln National Life Insurance Company (Lincoln), Voya Retirement Insurance and Annuity Company (VOYA), Kemper Investor's Life Insurance Company (Kemper), Nationwide Life Insurance Company (Nationwide), and Newport Trust Company (Newport), record-keepers and Custodians of the Plan. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to recordkeeping, the administration of notes receivable, benefits paid, and participant-elected investment services are charged directly to the participant's account and are included in administrative expenses and investment expenses, respectively. Investment related expenses paid indirectly through revenue sharing arrangements are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued. There are no subsequent events that Plan management has determined should be disclosed pursuant to the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Note 3. Information Certified by the Trustee and Custodians

The following information included in the accompanying financial statements as of December 31, 2025 and 2024, for the year ended December 31, 2025, and the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, was obtained from data that has been prepared and certified to as complete and accurate by FMTC, the Trustee and certain Custodians (Lincoln, VOYA, and Newport):

	2025	2024
Investments, at fair value	**$ 4,135,987,510**	$ 3,551,044,654
Investments, at contract value	**135,747,889**	138,047,819
Notes Receivable from Participants	**52,624,103**	48,655,750
Net Appreciation in Fair Value of Investments	**430,190,256**	n/a
Interest and Dividends	**170,315,564**	n/a
Interest Income on Notes Receivable from Participants	**4,319,072**	n/a

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of the units held. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each account less its liabilities. The practical expedient is not used when it is determined to be probable that the account will sell the underlying investments for an amount different than the reported NAV.

Self-directed brokerage accounts: Assets included in the self-directed brokerage accounts consist primarily of mutual funds and money market funds that are valued at fair value as provided by the brokerage companies with custody of the assets based upon closing prices reported on active markets in which the securities are traded.

Note 4. Fair Value Measurements (Continued)

Guaranteed investment contracts: Non-fully benefit-responsive guaranteed investment contracts are valued at fair value, which approximate contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

(a) Investments, measured at NAV				28,067,743
Investments, at fair value				$ 3,552,928,748

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2025 and 2024, respectively.

Following are the investment strategies for investments measured using the NAV practical expedient:

(a) The funds seek the highest available current income consistent with liquidity and low risk to principal.
(b) The funds seek to maximize income while maintaining prospects for capital appreciation by investing in a blend of equity and debt securities.

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of traditional fully benefit-responsive guaranteed investment contracts totaling $137,484,473 for 2025 and $142,875,604 for 2024. Contributions are maintained in fixed and general accounts. Each account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, reported to the Plan by each issuer, represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with Principal and Lincoln (the issuers). Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuers.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting rate is based on a formula established by each contract issuer with minimum rates ranging from 1% to 3%. Crediting rates are reviewed at least quarterly for resetting.

The Plan's ability to receive amounts due is dependent on the issuers' ability to meet its financial obligations. The issuers' ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed or sponsored by Kemper, Nationwide, Lincoln, Newport, VOYA and Fidelity Investment Institutional Services Company, Inc. (Fidelity), an affiliate of FMTC. FMTC, Kemper, Lincoln, Nationwide, Newport, and Voya are custodians for the Plan and, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers.

Note 6. Related-Party Transactions and Party-in-Interest Transactions (Continued)

Fidelity provides a Participant Revenue Credit to participants based on investments held in the participant's account, which is allocated quarterly. In addition, Fidelity provides a Revenue Credit equal to the net float earnings attributable to the Plan each quarter. The Revenue Credit may be used to pay Plan expenses. The Participant Revenue Credit and Revenue Credit for the year ended December 31, 2025 was $651,189.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
