Independent Auditor's Report

Trustees
Motivate, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Motivate, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of *Labor's Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the Motivate, LLC 401(k) Plan (the Plan) is for general information only. Participants should refer to the plan document for a complete description of the Plan's provisions.

The Plan is a qualified profit-sharing plan established July 1, 2015, which has been amended and restated effective November 2, 2021. The Plan covers eligible employees of Motivate, LLC (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Effective January 1, 2025, the Plan was amended to incorporate certain provisions of the SECURE 2.0 Act of 2022. The amendment permits participants to elect Qualified Birth or Adoption Distributions, Domestic Abuse Withdrawals, Qualified Disaster Distributions, and Emergency Expense Withdrawals, subject to applicable statutory limitations and Plan provisions.

Eligibility

Employees are eligible to participate in the Plan and receive employer contributions on the first day following the attainment of 21 years of age. Effective January 1, 2024, the Plan was amended to allow seasonal, on-call and temporary employees to participate in the Plan. Certain employees are excluded from participating in the Plan such as nonresident aliens, interns, and contractors.

Contributions

The Plan provides each participant with an opportunity to make elective pre-tax contributions and/or Roth Elective Deferrals to the Plan, up to 100% of compensation, and subject to the limitations of the Internal Revenue Code (IRC).

The Company is required to make safe harbor matching contributions of 100% of the participant's salary deferrals that do not exceed 3% of their eligible compensation, plus 50% of a participant's salary deferrals between 3% and 5% of the participant's eligible compensation. The Company may also make a discretionary matching contribution and or profit-sharing contribution in accordance with the provisions contained in the Plan's document. No discretionary match contributions and profit-sharing contributions were made for the year ended December 31, 2025.

Vesting

Participants are fully vested in their own contributions and safe harbor matching contributions, plus earnings thereon. Upon death, a participant shall become 100% vested in their account. Vesting in the Company's discretionary profit sharing or employer matching contributions is based on years of service as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures, plus earnings thereon, can be used to reduce plan administrative expenses or future employer contributions. During the year ended December 31, 2025, approximately $9,000 was added to the forfeiture account and approximately $6,000 of the forfeiture accounts was used to pay for a portion of the Plan's administrative expenses. Forfeitures remaining as of December 31, 2025 and 2024 were approximately $21,000 and $18,000, respectively.

Participant Accounts

Each participant's account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan's document.

Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of $1,000 and up to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance of the participant's account and bear interest at rates similar to those charged by commercial lenders under similar terms. The maximum term of the loan is five years unless the loan is used to purchase a principal residence. Loans are repaid through payroll deductions according to due dates specified in the individual promissory note. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. As of December 31, 2025, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 9.50%.

Benefits Paid to Participants

In the event of death, disability, retirement, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or an annuity as specified by the Plan. Vested account balances less than $5,000 upon termination may be distributed without the participant's consent in a lump-sum.

Administrative Expenses

All transaction fees are paid from participants' accounts. Substantially all other administrative expenses of the Plan are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

See Note 1 for subsequent Plan amendment.

Note 3. Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the custodian of the Plan, has certified the following information as complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at unadjusted quoted market prices in an active market.

Stable Value Funds: Valued at the net asset value (NAV) of units of a bank collective trust fund held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2025 and 2024.

Investments at fair value as of December 31, 2025 are as follows:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 18,974,551	$ -	$ -	$ 18,974,551
Stable Value Fund at net asset value (a)				189,632
Total investments in the fair value hierarchy				$ 19,164,183

Investments at fair value as of December 31, 2024 are as follows:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,598,461	$ -	$ -	$ 16,598,461
Stable Value Fund at net asset value (a)				188,621
Total investments in the fair value hierarchy				$ 16,787,082

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Party-in-Interest Transactions

The plan investments were managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2025, the Plan made payments of $122,290 for services provided to the Plan by parties-in-interest including record-keeping and investment advisors services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

Note 7. Income Tax Status

On June 30, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's management believes it is not subject to income tax examinations for years prior to 2022.

Note 8. Risk and Uncertainties

The Plan's investments are concentrated in mutual funds that invest in various investment securities. Such securities are subject to various risks, such as interest rate, market, and credit risks, that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation between the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31:

	2025	2024
Net assets available for plan benefits per the financial statements	$ 19,549,663	$ 17,140,159
Adjustment for net asset value to fair value for common collective trust	(5,803)	(11,344)
Net assets available for plan benefits per Form 5500	$ 19,543,860	$ 17,128,815

The following is a reconciliation between the statement of changes in net assets available for benefits per the accompanying financial statements and the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	$ 2,409,504
Change in adjustment from net asset value to fair value for common collective trust	5,541
Net increase per Schedule H of Form 5500	$ 2,415,045

Independent Auditor's Report

Trustees
Motivate, LLC 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Motivate, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of *Labor's Rules and Regulations for Reporting and Disclosure* under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following brief description of the Motivate, LLC 401(k) Plan (the Plan) is for general information only. Participants should refer to the plan document for a complete description of the Plan's provisions.

The Plan is a qualified profit-sharing plan established July 1, 2015, which has been amended and restated effective November 2, 2021. The Plan covers eligible employees of Motivate, LLC (the Company). It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Effective January 1, 2025, the Plan was amended to incorporate certain provisions of the SECURE 2.0 Act of 2022. The amendment permits participants to elect Qualified Birth or Adoption Distributions, Domestic Abuse Withdrawals, Qualified Disaster Distributions, and Emergency Expense Withdrawals, subject to applicable statutory limitations and Plan provisions.

Eligibility

Employees are eligible to participate in the Plan and receive employer contributions on the first day following the attainment of 21 years of age. Effective January 1, 2024, the Plan was amended to allow seasonal, on-call and temporary employees to participate in the Plan. Certain employees are excluded from participating in the Plan such as nonresident aliens, interns, and contractors.

Contributions

The Plan provides each participant with an opportunity to make elective pre-tax contributions and/or Roth Elective Deferrals to the Plan, up to 100% of compensation, and subject to the limitations of the Internal Revenue Code (IRC).

The Company is required to make safe harbor matching contributions of 100% of the participant's salary deferrals that do not exceed 3% of their eligible compensation, plus 50% of a participant's salary deferrals between 3% and 5% of the participant's eligible compensation. The Company may also make a discretionary matching contribution and or profit-sharing contribution in accordance with the provisions contained in the Plan's document. No discretionary match contributions and profit-sharing contributions were made for the year ended December 31, 2025.

Vesting

Participants are fully vested in their own contributions and safe harbor matching contributions, plus earnings thereon. Upon death, a participant shall become 100% vested in their account. Vesting in the Company's discretionary profit sharing or employer matching contributions is based on years of service as follows:

Years of Service	Percentage

Forfeitures

Forfeitures, plus earnings thereon, can be used to reduce plan administrative expenses or future employer contributions. During the year ended December 31, 2025, approximately $9,000 was added to the forfeiture account and approximately $6,000 of the forfeiture accounts was used to pay for a portion of the Plan's administrative expenses. Forfeitures remaining as of December 31, 2025 and 2024 were approximately $21,000 and $18,000, respectively.

Participant Accounts

Each participant's account is credited with their contributions, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan's document.

Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of $1,000 and up to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance of the participant's account and bear interest at rates similar to those charged by commercial lenders under similar terms. The maximum term of the loan is five years unless the loan is used to purchase a principal residence. Loans are repaid through payroll deductions according to due dates specified in the individual promissory note. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. As of December 31, 2025, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 9.50%.

Benefits Paid to Participants

In the event of death, disability, retirement, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or an annuity as specified by the Plan. Vested account balances less than $5,000 upon termination may be distributed without the participant's consent in a lump-sum.

Administrative Expenses

All transaction fees are paid from participants' accounts. Substantially all other administrative expenses of the Plan are paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

See Note 1 for subsequent Plan amendment.

Note 3. Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the custodian of the Plan, has certified the following information as complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2025

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at unadjusted quoted market prices in an active market.

Stable Value Funds: Valued at the net asset value (NAV) of units of a bank collective trust fund held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2025 and 2024.

Investments at fair value as of December 31, 2025 are as follows:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 18,974,551	$ -	$ -	$ 18,974,551
Stable Value Fund at net asset value (a)				189,632
Total investments in the fair value hierarchy				$ 19,164,183

Investments at fair value as of December 31, 2024 are as follows:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,598,461	$ -	$ -	$ 16,598,461
Stable Value Fund at net asset value (a)				188,621
Total investments in the fair value hierarchy				$ 16,787,082

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Party-in-Interest Transactions

The plan investments were managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2025, the Plan made payments of $122,290 for services provided to the Plan by parties-in-interest including record-keeping and investment advisors services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

Note 7. Income Tax Status

On June 30, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan's management believes it is not subject to income tax examinations for years prior to 2022.

Note 8. Risk and Uncertainties

The Plan's investments are concentrated in mutual funds that invest in various investment securities. Such securities are subject to various risks, such as interest rate, market, and credit risks, that determine the value of the investments. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation between the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 as of December 31:

	2025	2024
Net assets available for plan benefits per the financial statements	$ 19,549,663	$ 17,140,159
Adjustment for net asset value to fair value for common collective trust	(5,803)	(11,344)
Net assets available for plan benefits per Form 5500	$ 19,543,860	$ 17,128,815

The following is a reconciliation between the statement of changes in net assets available for benefits per the accompanying financial statements and the Form 5500 for the year ended December 31, 2025:

Net increase per the financial statements	$ 2,409,504
Change in adjustment from net asset value to fair value for common collective trust	5,541
Net increase per Schedule H of Form 5500	$ 2,415,045
