Independent Auditor's Report

Plan Administrator
Select Medical Corporation 401(k) Plan
Mechanicsburg, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Select Medical Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Select Medical Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Select Medical Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103 (a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Select Medical Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Select Medical Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the , other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the , we evaluated whether the , other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the , other than the information in the that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Select Medical Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution employee benefit plan which was established by Select Medical Corporation on March 1, 1998. The Plan includes employees of Select Medical Corporation, wholly owned subsidiaries, affiliates, and various joint ventures (the Corporation). The Plan was amended and restated effective September 1, 2021, to conform with current regulatory requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligible employees include all employees who have attained the age of 18 who have completed 1,000 hours of eligible service within one year. Participation in the Plan begins when the eligibility requirements are met. Full-time employees may begin elective deferral contributions three months after their hire date in anticipation that they will reach 1,000 hours of service during a consecutive 12-month period.

Contributions

Each year, participants may elect to contribute on a pre-tax basis up to 30%, but not less than 1%, of eligible compensation, as defined in the Plan agreement (elective deferral contributions). Effective June 1, 2021, the Plan was amended to permit participants to designate a portion or all of their deferrals as Roth 401(k) contributions includable in the participant’s gross income at the time of deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. At its discretion, the Corporation may match employee elective deferral contributions equal to 25% of participant elective deferral contributions up to 6% of eligible compensation. An additional discretionary amount may be contributed at the option of the Corporation and is allocated to participants in the proportion of each participant’s elective deferrals to the elective deferrals of all participants during the year. Contributions are subject to certain limitations.

Participants' Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Corporation’s contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their account into any investment option offered by the Plan. The participants may change their investment options as often as they like. The self-directed account option (BrokerageLink) accounts are considered competing funds with respect to the Managed Income Portfolio II (MIP II), restricting transfers from MIP II to the BrokerageLink accounts by instituting a ninety (90) day equity wash requirement. This requires funds from the MIP II to be exchanged into a non-competing investment option for 90 days prior to a subsequent exchange into a BrokerageLink account. The Plan designated the Fidelity Retirement Money Market account as the default investment option to receive assets moving from the MIP II account to the BrokerageLink accounts.

1. Description of Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Corporation's contribution portion of their accounts is based on years of continuous service. Generally, a participant is 20% vested after two years of credited service and 100% vested after three years of credited service, except as noted below pertaining to various acquisitions:

	Years of Service					
Name	**1**	**2**	**3**	**4**	**5**	**6**

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at local prevailing rates. Loan terms range from one to five years or longer for the purchase of a primary residence. Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits

A participant shall be entitled to receive the balance held in his or her account upon death, disability, retirement, termination of employment or reaching age 59½. In addition, funds may be withdrawn in the event of a severe financial hardship as defined by the Plan. Participant benefits may be paid in a series of installments or in a lump-sum as agreed upon by the participant and the Trustee. Participants also have the option to rollover the distribution to an individual retirement account (IRA) or a qualified retirement plan.

Forfeited Accounts

Forfeitures are available to reduce future employer contributions upon the earlier of the distribution of a terminated employee account or five years. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $259,452 and $158,312, respectively. During 2025, forfeitures of $1,711,692 were used to reduce employer contributions and $77,872 were used to pay fees.

Plan Transfers

Effective December 31, 2025, certain participant accounts were transferred from the Plan to the Concentra 401(k) Plan in connection with a corporate transaction. The transfer included investments and notes receivable from participants totaling approximately $632,500,000.

1. Description of Plan (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued interest. Delinquent loans are treated as distributions based upon the terms of the plan document surrounding defaulted loans.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued. See note 10.

3. Information Certified by Fidelity Management Trust Company

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to information certified as complete and accurate by Fidelity Management Trust Company (trustee of the Plan).

4. Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Quoted, market prices in active markets that the Plan has the ability to access.

Level 2 - Observable, market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs to the valuation technique that are not corroborated by market data.

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments are held by Fidelity Management Trust Company. The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered Investment Companies

Shares of registered investment companies (mutual funds) are valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts (BrokerageLink)

Self-directed brokerage accounts (BrokerageLink) consist of investment in money market funds, registered investment companies, common stocks, and corporate bonds. The fair value of money market funds, registered investment companies, and common stocks is based on closing market prices for the identical security as reported in active markets. Corporate bonds do not always trade on a daily basis; therefore, the fair value of each security depend upon the various pricing modes that incorporate benchmark yields, interest rates, credit risk, broker-dealer quotes, and other valuation processes.

Collective Investment Trusts

The Plan invests in a variety of collective investment trusts offered separately by T. Rowe Price and Fidelity Trust Company.

The Plan invests in collective investment trusts through several trusts offered by T. Rowe Price Trust Company. The collective investment trusts are valued based upon the net asset value (NAV) per unit times the number of units held by the Plan at year-end. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of each share class of the collective trusts are valued daily based on the closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

4. Investments and Fair Value Measurements (Continued)

The Plan invests in an investment contract through a collective investment trust (CIT), Fidelity Managed Income Portfolio II. The collective investment trust is valued based upon the net asset value (NAV) of units of the CIT as reported to the Plan by the trust. Net asset value is used as a practical expedient to estimate fair value because it is unlikely that the trust would sell the investment for an amount different than the reported net asset value. The units of the CIT are valued daily based on closing market prices of the underlying investments. The NAV per unit is computed by dividing the total assets of the trust, less its liabilities, by the total number of units outstanding as of the valuation date. Investment income earned is reinvested in the trust and included in the determination of unit values.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total

Total Investments	$ -	$ -	$ -	$ 2,808,455,042

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Investments and Fair Value Measurements (Continued)

The following tables set forth by level within the fair value hierarchy the Plan's assets reported at fair value as of December 31, 2025 and 2024:

Investments at Net Asset Value as of December 31, 2025

	Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

Investments at Net Asset Value as of December 31, 2024

	Fair Value	Unfunded Commitment	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trusts				
Managed Investment Portfolio II, cl 4	$ 63,406,459	n/a	Daily	Daily

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Related-Party and Party-In-Interest Transactions

Certain Plan investments consist of shares of registered investment companies and units of a collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

7. Tax Status

The Company has adopted a Pre-Approved Profit-Sharing Plan sponsored by Fidelity Management & Research Company (FMR LLC). The Pre-Approved Profit-Sharing Plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the Plan's qualified status. The Pre-Approved Profit-Sharing Plan opinion letter has been relied upon by this Plan. The IRS has ruled that the Pre-Approved Profit-Sharing Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the issuance of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

7. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Transfers Out of the Plan

On December 31, 2025, in connection with the spin-off of Concentra, certain participant accounts and related participant loan balances were transferred from the Plan to the Concentra 401(k) Plan. The transfer totaled $632,487,658, including $623,379,700 of investments and $9,107,958 of notes receivable from participants. The transfer is reported as a transfer out of the Plan in the accompanying Statement of Changes in Net Assets Available for Benefits.

10. Subsequent Events

Subsequent events were evaluated through the date the financial statements were available to be issued. The Plan was amended effective January 1, 2026, to modify certain plan provisions noted below:

- Forfeitures may be used only to reduce matching employer contributions and must be used no later than the end of the following plan year.
- Plan administrative expenses may be paid from an ERISA expense account or the trust and may be allocated among participant accounts.
- Participants must contribute at least 6% of compensation as pre-tax and/or Roth contributions before making catch-up contributions in order to maximize the company match.
- The amendment clarifies eligibility provisions for part-time employees, noting that they may participate at age 18 if they complete 1,000 hours in their first 12 months of employment or in any calendar year thereafter.
