INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of
The Retirement Plan for Employees of Mölnlycke Health Care US, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Retirement Plan for Employees of Mölnlycke Health Care US, LLC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules

that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of The Retirement Plan for Employees of Mölnlycke Health Care US, LLC (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Mölnlycke Health Care US, LLC and Mölnlycke Manufacturing US LLC (collectively, the Company). All employees of the Company, except non-resident aliens, leased employees, certain class of employees at a location in Anderson, South Carolina, Puerto Rico employees, interns, and those covered by collective bargaining agreements, become eligible to participate upon attaining the age of 18 and meeting certain service requirements. Full-time employees must complete 30 days of service and part-time, seasonal, and temporary employees must complete one year of service and work 1,000 hours a year, to be eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 80% of eligible compensation as defined by the Plan document, generally not to exceed a maximum of $23,500 in 2025, plus up to an additional $7,500 catch-up contributions for participants who are at least 50 years of age by year end. Beginning in 2025, participants who turned age 60, but not older than age 63 by December 31, 2025, are eligible for catch-up contributions of $11,250. Upon satisfying the eligibility requirements, participants are automatically enrolled in the Plan on the first day of the following month at 2% of their eligible compensation, unless the employee elects otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes employer safe-harbor matching contributions of 100% of participant deferrals for the first 3% of eligible compensation and an additional 50% of participant deferrals for the next 2% of eligible compensation.

Additionally, in 2025, the Company made a non-elective contribution based on employee group, in an amount equal to a stated percentage of each participant's Plan compensation up to certain thresholds.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings and losses on the investments in their account, and is charged with certain administrative expenses. Upon enrollment in the Plan, a participant may direct their contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer safe-harbor matching and non-elective contributions made after January 1, 2014 plus actual earnings thereon. For employer contributions made prior to January 1, 2014, participants vested 20% per year of service and the earnings thereon and were fully vested after 5 years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of the vested balance of their account. A participant may have two notes outstanding at any time. The notes are secured by the balance in the participant's account and bear a rate of interest equal to the Prime rate plus 1%. During 2025, notes had fixed rates ranging from 4.25% to 9.50% for the term of the note, not to exceed 5 years, or 10 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

At the time of death, disability, termination of service or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum distribution, installment payments, annuity payments, or a combination of these payment options. In-service withdrawals are also permitted for participants who have attained age 59½. If a participant terminates employment and has an account balance less than $1,000, it will be distributed in a lump-sum distribution following termination of employment. Balances greater than $1,000, but less than $5,000, will be automatically rolled over to an individual retirement account (IRA) set up in the participant's name, if no distribution election is made. The participant's contributions may also be withdrawn for certain hardship situations.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $80,291 and $66,982, respectively. These accounts are used to reduce Company contributions and to pay Plan expenses. During 2025, approximately $122,000 of forfeitures were used to offset employer contributions attributable to the 2024 Plan year that were funded in 2025.

Administrative Expenses

Expenses for transactions which are specifically attributable to a participant's account are deducted directly from that participant's account. The Plan document permits certain administrative expenses to be paid by the Plan. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. Certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan. Investment management fees are netted in investment returns.

The Plan established an ERISA account where the qualified institutions deposit revenue sharing payments that are used to pay Plan administrative expenses or reallocated to participants. During 2025, $81,444 was deposited into the account, and $52,461 expenses were reallocated to participants from the account. Deposits to this account are included in interest on the Guaranteed Income Fund on the accompanying statement of changes in net assets available for benefits. Payments from this account are included in expenses in the year paid. The account had an available balance of $220,659 and $191,676 as of December 31, 2025 and 2024, respectively, which is included in the Guaranteed Income Fund on the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer safe-harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The employer non-elective contributions are considered payable to the Plan when they are approved by the Company. Any unfunded participant or employer contributions are included in the participant or employer contributions receivable on the statements of net assets available for benefits as of December 31, 2025 and 2024.

In accordance with Financial Accounting Standards Board's (FASB) Accounting Standards Codification 326, *Financial Instruments—Credit Losses*, the Company estimates the current credit risk associated with employer contributions receivables. The Company determined that no allowance for credit loss was necessary as of December 31, 2025 and 2024.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value except for the Guaranteed Income Fund, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes, interest, dividends, and realized and unrealized gains and losses on those investments and interest on the Guaranteed Income Fund. Interest income is recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received, primarily monthly. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. The notes receivable from participants also qualify as party-in-interest transaction.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 30, 2026, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and the supplemental schedule of assets (held at end of year), including investments held and notes receivable from participants at December 31, 2025 and 2024, and the net changes in fair value and contract value of investments, and interest income for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company and Empower Trust Company, LLC (collectively, Empower), the Plan's qualified institutions.

4. Investments

Certain Plan investments include pooled separate accounts, the common/collective trust fund, mutual funds, and the Guaranteed Income Fund, which are managed by Empower. Empower is a service provider to the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net increase in fair value of investments or interest on the Guaranteed Income Fund, as they are paid through revenue sharing, rather than as a direct payment.

The Plan's investments are susceptible to various market risks. Market risks include U.S and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable inputs, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Investments in mutual funds are based on quoted market prices for the identical asset in an active market (Level 1).

Investments in pooled separate accounts and the common/collective trust fund are valued daily using their net asset value (NAV). The NAVs are based on the fair value of the mutual funds, stocks, debt instruments and other securities in the accounts. Participants can trade the pooled separate accounts and the common/collective trust fund daily at the published NAV (Level 1).

The Guaranteed Income Fund is a fully-benefit responsive investment contract and is a general obligation of Empower. Empower maintains the contributions in a general account. The account is credited with contributions and charged for participant withdrawals and administrative expenses. Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value of the Guaranteed Income Fund represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with Empower but may not be less than 1.5%. Such interest rates are reviewed on a semi-annual basis for resetting.

The following table summarizes the Plan's investments carried at fair value based on the inputs used to determine their fair values as of December 31:

	Level 1	
	2025	2024
Mutual funds	**$ 102,048,293**	$ 93,505,459
Common/collective trust fund	**9,656,707**	8,449,910
Pooled separate accounts	**28,780,681**	26,375,847
Total investments, at fair value	**$ 140,485,681**	$ 128,331,216

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Company contributions.

6. Income Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by Empower Retirement LLC (Empower Retirement), an affiliate of Empower. Empower Retirement received an opinion letter from the Internal Revenue Service, dated September 16, 2022, which states that the prototype document designed satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	**$ 168,895,207**	$ 153,144,516
Less: current year employer contributions receivables	**(1,048,697)**	(1,053,155)
Rounding	**-**	1
Net assets available for benefits per the Form 5500	**$ 167,846,510**	$ 152,091,362

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	**$**	**15,750,691**
Add: employer contributions receivable at December 31, 2024		**1,053,155**
Less: employer contributions receivable at December 31, 2025		**(1,048,697)**
Less: rounding		**(1)**
Net increase in net assets available for benefits per Form 5500	**$**	**15,755,148**

The Form 5500 is prepared on the cash basis method. Contributions are recorded when earned on the financial statements and when received on the Form 5500.
