To the Participants, Plan Administrator, and Trustees of the
SWBR Architecture, Engineering & Landscape Architecture, D.P.C.
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the SWBR Architecture, Engineering & Landscape Architecture, D.P.C. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the **Auditor's Responsibilities for the Audits of the Financial Statements** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the **Auditor's Responsibilities for the Audits of the Financial Statements** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the SWBR Architecture, Engineering & Landscape Architecture, D.P.C. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined contribution profit-sharing plan under Section 401(a) of the Internal Revenue Code with a Section 401(k) provision. Employees of SWBR Architecture, Engineering & Landscape Architecture, D.P.C. (the "Company") are eligible to participate in the Plan after meeting certain eligibility requirements. All assets acquired under the Plan are the result of employee and employer contributions (see below), and all income and other additions thereto are administered, distributed, forfeited, or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - The Plan covers all full-time employees of the Company. The Plan has separate entry dates for elective employee contributions and Company contributions. Employees are eligible to make elective contributions in the Plan upon reaching the age of twenty-one on the first day of the payroll period following the employees hire date. Employees are eligible to receive the Company matching contributions and discretionary profit-sharing contributions on the first day of the subsequent calendar quarter after attaining six months of service.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. In addition, participants who meet certain age requirements are eligible to make catch-up contributions. Participants are allowed to make rollover contributions to the Plan.

The Company may make discretionary matching contributions equal to a percentage of the participant's deferrals determined annually by the Board of Directors. Discretionary matching contributions were $199,273 and $184,558 for the years ended December 31, 2025 and 2024, respectively. Additionally, the Company may contribute, for each participant employed on the last day of the Plan year, a discretionary profit-sharing contribution as determined annually by the Board of Directors of the Company. There were no discretionary profit-sharing contributions for the year ended December 31, 2025. There were discretionary profit-sharing contributions of $320,000 for the year ended December 31, 2024. The Company subsequently remitted amounts to plan offsetting contribution with $20,406 of forfeitures; therefore, the Plan recorded a receivable of $299,594 as of December 31, 2024.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options online daily, as explained below.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's contributions, and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via Hand Benefits & Trust Company's website where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Vesting - Participants are vested immediately in their 401(k) salary deferral contributions, rollover contributions, and employer matching contributions plus earnings thereon. Vesting in the Company's discretionary profit-sharing contributions portion of their accounts is based on the years of credited service. Participants are 100% vested in Company discretionary profit-sharing contributions after six years of credited service.

Forfeited and non-vested accounts - These accounts can be used to reduce future employer contributions, pay administrative expenses, or be allocated to participants, which is at the discretion of the Trustees. The Company did not use any of the available forfeitures for the year ended December 31, 2025. The Company used $20,406 of forfeitures to offset the discretionary profit-sharing and employer match contributions for the year ended December 31, 2024, which was remitted in 2025 (see contributions above). There were $7,606 and $22,003 of available forfeited non-vested accounts as of December 31, 2025 and 2024, respectively.

Payment of benefits - Benefits are paid according to the vested interest to which participants are entitled upon retirement, termination, death, or disability. Upon termination, retirement, death, or disability, benefits are distributed to the participant or beneficiary in a lump sum payment at the request of the participant or beneficiary.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The note will bear a reasonable rate of interest, similar to that which a bank or other professional lender would charge for making a similar note. Interest rates vary from 4.25% to 9.50% as of December 31, 2025. The note will be repaid through payroll deductions. The note is secured by the vested balance in the participant's account. According to requirements of the program, the Plan Administrator will consider a note in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Any notes that are in default as defined by the Plan document are reported as either deemed distributions or benefit payments.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the notes receivable from participants program. There were no deemed distributions for the years ended December 31, 2025 and 2024.

Plan termination - Although the Company has not expressed any intent to do so, it has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market risk. Market risks include domestic and global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair market value (see Note 5). All investment values have been determined and certified by Hand Benefits & Trust Company, the Trustee of the Plan (see Note 4). Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets, the net appreciation in investments, which consists of the realized gains or losses and the unrealized gains or losses on those investments held by the Plan, including interest and dividends on investment funds.

The Plan holds various life insurance policies on certain participants. These policies are for the benefit of the participant insured and may be distributed or surrendered at the participants' direction. Premiums shall be paid first from policy dividends and other amounts in the participants' rollover account. If these sources are insufficient, premiums shall be paid from salary reduction contributions, subject to limits as established by the provisions of the Plan document. Upon distribution of the participants' total vested account balance, the policy must also be converted to cash or distributed to the participant. These policies are fully allocated to the insured participants' rollover account, with the change in cash surrender value recorded as part of net appreciation in investments in the statements of changes in net assets available for benefits.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and based on the assessment of credit worthiness, estimates the portion, if any, of the balances that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible notes receivable from participants becomes material. If a participant defaults on a note receivable and full distribution from the participant's account has been made during the Plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Economic dependency and concentration of credit risk - Approximately 59% of the Plan's investments are invested in the Vanguard Group annually as of December 31, 2025 and 2024. Accordingly, the Plan is dependent upon the financial condition of this company.

Payment of benefits - Benefits are recorded when paid.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions (corrective distributions) are returned to the affected participants subsequent to year-end. Corrective distributions amounted to $14,900 for the year ended December 31, 2025 (see Note 7). There were no corrective distributions for the year ended December 31, 2024.

Administrative expenses - Costs of managing the investments are paid directly out of the Plan assets (see Note 6). Administrative costs, including legal and accounting costs, are the obligation of the Plan; however, the Plan Sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Certain administrative costs for maintaining participant accounts for terminated participants are paid directly out of Plan assets (see Note 6).

Subsequent events - Effective January 1, 2026, the Plan transitioned its recordkeeping and third-party administration services from Benefit Plan Administrative Services, Inc. (BPAS) to Automatic Data Processing, Inc. (ADP). Management has evaluated subsequent events through October 6, 2026, the date that the financial statements were available for issue.

Note 3 - Tax status of Plan

The Plan adopted the Benefit Plans Administrators Defined Contribution Prototype Plan and Trust Basic Plan Document #01. The Internal Revenue Service has ruled that the standardized prototype plan is acceptable under Section 401(a) of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, management of the Company and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2025 and 2024. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2022.

Note 4 - Information certified by the Plan's Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in investments, interest and dividends, and interest income on notes receivable from participants for the years then ended was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefits & Trust Company, the Trustee of the Plan. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 5 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on Fair Value Measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

Life insurance policies - Valued at the cash surrender value of the individual policy, which approximates fair value (Level 2).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used as of December 31, 2025 and 2024.

The following table sets forth, by Level within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$29,452,143	$ -	$ -	$29,452,143
Life insurance policies	-	120,691	-	120,691
Total assets at fair value	$29,452,143	$ 120,691	$ -	$29,572,834

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$24,585,508	$ -	$ -	$24,585,508
Life insurance policies	-	126,307	-	126,307
Total assets at fair value	$24,585,508	$ 126,307	$ -	$24,711,815

Note 6 - Related party and party-in-interest transactions

A majority of the Plan's investments are funds managed by various registered investment companies (i.e., mutual funds), as well as Hand Benefits & Trust Company (HB&T), the Trustee of the Plan, which qualify as party-in-interest transactions. HB&T is owned by Benefit Plan Administrative Services, LLC (BPAS), the third-party administrator of the Plan. The investment fees paid to the various registered investment companies and HB&T are included in the net appreciation in investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays for certain expenses related to Plan operations, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits as follows: the Plan contracts with BPAS to provide recordkeeping and third-party administrative services. Fees paid for these services amounted to $24,150 and $21,039 for the years ended December 31, 2025 and 2024, respectively. The Plan contracts with Dannible & McKee, LLP to provide independent auditing services, which qualifies as party-in-interest transactions. Fees for these services were paid by the Company for the years ended December 31, 2025 and 2024.

Note 7 - Reconciliation of the financial statements to Form 5500

Corrective distributions are recorded in the financial statements in the Plan year that the excess contributions are received as excess contributions payable. Corrective distributions are recorded on the Form 5500 in the Plan year that they are paid net of any investment earnings. Accordingly, there are reconciling items between amounts reported in the financial statements and the 2025 Form 5500 (see below). The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$29,714,066	$25,142,249
Add - Amount allocated to excess employee contributions payable	14,900	-
Net assets available for plan benefits per Form 5500, Schedule H, Part I, Line 1l	$29,728,966	$25,142,249

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500:

	Year ended December 31,	
	2025	2024
Net increase per the financial statements	$ 4,571,817	$ 3,031,556
Less - Corrective distributions paid to participants, net of investment earnings	-	(2,525)
Add - Unpaid corrective distributions to participants (excess contributions payable)	14,900	-
Net income per Form 5500 Schedule H, Part II, Line 2k	$ 4,586,717	$ 3,029,031
