Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of the Groff Tractor Mid Atlantic 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules, schedule of assets (held at end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report, dated September 30, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, schedule of assets (held at end of year) as of December 31, 2024, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2025 and 2024

1. **Summary of Significant Plan Provisions**

The following description of the Groff Tractor Mid Atlantic 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. **General** – The Plan is a defined contribution plan for the benefit of employees of Groff Tractor Mid Atlantic, LLC (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. **Eligibility** – Each employee who is not a member of a union, leased employee, a nonresident alien or co-op, intern or temporary/seasonal employee shall be eligible to participate in the Plan. Participants are eligible to make deferrals after attaining age 18 and completing two months of service. Entry dates are the first day of the month following meeting eligibility requirements. Participants are eligible for safe harbor Employer matching, discretionary matching, and profit sharing contributions after attaining age 18 and completing one year of service. Entry dates are the first day of the quarter following meeting eligibility requirements.

c. **Contributions** – Participants may contribute through payroll deductions and rollover contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has an automatic contribution arrangement in which the Employer will withhold 2% of a participant's compensation as an automatic deferral unless the participant makes a contrary election to withhold a different percentage. The automatic deferral percentage will increase by 1% each year up to a maximum of 4% of compensation. The Employer will make a safe harbor Employer matching contribution of 100% of a participant's contributions up to 4% of the participant's eligible compensation. The Employer may also make additional discretionary matching or profit-sharing contributions. The Employer did not make a discretionary contribution during the year ended December 31, 2025. The Internal Revenue Code ("IRC") imposes restrictions as to the maximum annual additions that can be made to a participant's account.

d. **Participant accounts** – Each participant's account is credited with the participant's and Employer contributions and allocations of Plan earnings/losses, and is charged with applicable withdrawals and an allocation of administrative expenses. Allocations are based on participant's earnings, contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. **Vesting** – Participants are immediately fully vested in their employee contributions, Employer safe harbor matching contribution, and the accumulated earnings thereon. All participants employed become fully vested upon reaching age 65, death, or disability. Participants who resign or are dismissed for any reason other than death, retirement, or disability will be limited to the vested percentage of Employer discretionary contributions and earnings/losses thereon.

1. **Summary of Significant Plan Provisions (cont.)**

The vested percentage is determined as follows:

Years of Service	Percentage of Account Vested
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or greater	100%

f. **Investment options** – Upon enrollment in the Plan, participants may direct contributions into the investment options offered under the Plan. Participants may change their investment selections at any time.

g. **Forfeitures** – The portion of a participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures may be used to pay Plan expenses, fund Employer contributions, or allocated as an Employer contribution. Forfeitures of $2,320 were utilized to pay administrative expenses during the year ended December 31, 2025. Forfeitures available for future use amounted to $0 and $2,250 as of December 31, 2025 and 2024, respectively.

h. **Payment of benefits** – Upon termination of service with the Employer, a participant may elect to receive a lump sum payment of their vested account balance. Participants may elect to defer payment of their account balance if it exceeds $7,000. If a participant's vested account balance is equal to or less than $7,000, the account will be automatically distributed. Any distribution greater than $1,000 that is made to a participant without the participant's consent will be rolled over to an individual retirement account designated by the Plan administrator. In-service withdrawals are available to participants who have reached age 59½ or who meet certain hardship requirements. In-service withdrawals are also available at any time from participants' accounts resulting from rollover contributions.

i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contributions portion of their accounts.

2. **Summary of Significant Accounting Policies**

a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

c. **Investment valuation and income recognition** – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value as disclosed in Note 3. See Note 5 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments, other than the fully benefit-responsive investment contract, bought and sold, as well as held during the year.

d. **Payment of benefits** – Benefits are recorded when paid.

e. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Any administrative expenses paid by the Employer are excluded from these financial statements. Fees related to distributions are charged directly to the participant's account.

3. **Fully Benefit-Responsive Investment Contract**

The Plan has entered into a fully benefit-responsive guaranteed investment contract ("GIC") with Voya Retirement Insurance and Annuity Company ("Voya"). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion of, their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract or termination of the Plan. The Plan's management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

3. **Fully Benefit-Responsive Investment Contract (cont.)**

The following represents the contract value of the GIC held by the Plan at December 31, 2025 and 2024:

	2025	2024
Traditional investment contract	$ 129,228	$ 727,287

4. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Voya, the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedules:

a. Total investments as shown on the accompanying statement of net assets available for benefits of $6,026,838 and $9,177,662 as of December 31, 2025 and 2024, respectively.

b. Interest as shown on the accompanying statement of changes in net assets available for benefits of $16,104 for the year ended December 31, 2025.

c. Net change in fair value of investments as shown on the accompanying statement of changes in net assets available for benefits of $1,172,118 for the year ended December 31, 2025.

d. All investment transactions that occurred during the year ended December 31, 2025.

e. All information included in the supplemental schedules.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

5. Fair Value Measurements

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 or 2024.

Pooled separate accounts: These investments are valued based on the net asset value ("NAV") of the pooled separate account multiplied by the number of shares held by the Plan at year-end. The NAV is determined based on the fair value of the underlying investments, adjusted for expenses. The NAV is used as a practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitments	Frequency	Notice Period
Pooled separate accounts	$ 5,897,610	$ 8,450,375	N/A	Daily	None

6. Tax Status

The Plan is utilizing a non-standardized pre-approved profit sharing plan document (the "Plan Document"), which received an opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated the Plan Document is designed in accordance with the applicable sections of the IRC. As allowed by the IRS, the Plan is relying on the opinion letter of the Plan Document for its own qualification. Although the Plan Document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

7. Parties-in-Interest Transactions

Voya is the trustee of the Plan and PA Retirement Solutions, Inc. ("PA Retirement Solutions") serves as third-party administrator of the Plan. The Plan pays Voya and PA Retirement Solutions for their services. Inasmuch as Voya serves as trustee and PA Retirement Solutions serve as third-party administrator of the Plan, they are by definition parties-in-interest and, as a result, the investments issued by Voya and investment transactions pertaining to these investments were with a party-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

8. Delinquent Participant Contributions

The Plan sponsor determined that during the 2025 Plan year, certain participant contributions were not remitted within the required time frame specified by the DOL's regulations, which have been reported on the accompanying Schedule H, line 4a – Schedule of Delinquent Participant Contributions in the amount of $11,462. The Plan sponsor is in the process of calculating lost earnings.

9. Subsequent Events Evaluation Date

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2025 financial statement date and determined there were no significant events necessary for disclosure through October 9, 2026, which is the financial statement issuance date.
