Report of Independent Auditor

To the Plan Administrator and Trustee
eSimplicity 401(k) Plan
Silver Spring, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of eSimplicity 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of the eSimplicity 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended and restated, for a more complete description of Plan provisions.

General – The Plan was established on January 1, 2017, by eSimplicity, Inc. (the "Company", "Employer", or "Plan Sponsor"), and was most recently amended and restated effective January 1, 2022 to modify the eligibility requirements as well as bring the Plan into compliance with the legislative and regulatory changes set forth by the Internal Revenue Service ("IRS"). The Plan is a defined-contribution plan intended to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all eligible employees of the Company. Employees become eligible to participate in the Plan upon attainment of age 18 and achievement of 3 months of service. The Plan excludes eligibility for union employees, nonresident aliens, and leased employees.

Plan Administration – The Company is the Plan Sponsor and Plan administrator. Certain administrative functions are performed by employees of the Company, who receive no compensation from the Plan. The Company may reimburse the Plan for any administrative expenses incurred.

Contributions – The Plan provides for participant contributions of after-tax and pre-tax annual compensation, up to 100% of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions of up to $7,500 for the year ended December 31, 2025. Participants who attain ages 60 through 63 during the Plan year are eligible to make additional deferral contributions ("enhanced catch up contributions") in excess of the standard contribution limits otherwise applicable under IRC Section 414(v). The enhanced catch up contribution limit was $11,250 for the year ended December 31, 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans which are retained as rollover contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 2% of eligible compensation and their contributions are invested in a designated balance fund until changed by the participant.

The Company makes a safe harbor matching contribution in an amount equal to the sum of 100% of eligible participants' contributions that do not exceed 3% of the eligible participants' compensation, plus 50% of the eligible participants' contributions that exceed 3% of the eligible participants' compensation but do not exceed 5% of the eligible participants' contributions. Additionally, the Plan allows for discretionary profit-sharing contributions. The Company did not make a discretionary profit-sharing contribution during the year ended December 31, 2025.

Contributions are subject to annual limitations established by Section 402(g) of the IRC.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions and discretionary profit-sharing contributions, if any. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Each participant's account is also allocated a portion of Plan earnings and losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are segregated for purposes of determining the earnings or losses on each participant's choice of investments.

Investment Options – Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers multiple investment options for participants as of December 31, 2025. Participants may change their investment elections at any time.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions, safe harbor matching contributions, and discretionary profit-sharing contributions, if any.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum that does not exceed the lesser of: (i) 50% of his or her vested portion or (ii) $50,000 reduced by the excess, if any, of the highest outstanding loan balance in the previous 12 months over the outstanding loan balance at the date of the loan. The period for repayment shall be for a period not to exceed five years unless the loan is to be used in conjunction with the purchase of the principal residence of the participant, for which the repayment period is up to 10 years. A note receivable is secured by the vested account balance and bears interest at a rate commensurate with market rates for similar loans, as defined in the Plan. As of December 31, 2025, the interest rate on all outstanding notes receivable ranged from 7.75% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, death, disability, attainment of age 59½, or hardship withdrawal, as defined in the Plan. A participant is entitled to receive a lump-sum payment or roll over the value of their account into another qualified plan. At December 31, 2025 and 2024, there were no benefit payments that had been requested but not yet paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan.

Note 2—Summary of significant accounting policies

Basis of Presentation – The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates include those regarding fair value. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines Plan valuation policies utilizing information provided by the Benefit Trust Company (the "qualified institution").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits paid to participants are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes are reclassified as distributions based upon terms of the Plan document.

Note 2—Summary of significant accounting policies (continued)

Risks and Uncertainties – The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in those risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassification – Amounts previously reported as mutual funds in the prior year financial statements have been reclassified as money market funds for comparative purposes to conform with the presentation in the current year financial statements. This reclassification had no effect on changes in net assets or net assets available for benefits.

Note 3—Information prepared and certified by the qualified institution

Assets of the Plan are in custody of the qualified institution. The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the qualified institution of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule:

- Investments, at fair value, non-interest bearing cash, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

U.S. GAAP defines three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability, including assumptions regarding risk.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4—Fair value measurements (continued)

There have been no significant changes in the methodologies used at December 31, 2025 or 2024. The following are descriptions of the valuation methodologies used for assets measured at fair value:

Money Market Fund – This investment is valued through registered investment companies, which report a daily net asset value ("NAV") provided by the administrator of the fund. The fund is actively traded and has quoted prices in an active market. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This investment is classified within Level 1 of the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 18,039,918	$ -	$ -	$ 18,039,918
Money market fund	672,455	-	-	672,455
Investments, at fair value	$ 18,712,373	$ -	$ -	$ 18,712,373

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 11,406,216	$ -	$ -	$ 11,406,216
Money market fund	348,768	-	-	348,768
Investments, at fair value	$ 11,754,984	$ -	$ -	$ 11,754,984

Note 5—Parties-in-interest

Certain Plan assets are invested in funds managed by the investment manager as defined by the Plan. In addition, the Plan engages a recordkeeper to provide recordkeeping and administrative services. Transactions involving these investments and services are considered to be party-in-interest transactions for which statutory exemption exists under DOL's Rules and Regulations. Fees incurred by the Plan for investment management and recordkeeping services are paid directly by the Plan and, therefore, do qualify as party-in-interest transactions for which a statutory exemption exists. Fees incurred by the Plan to this party-in-interest totaled $19,670 for the year ended December 31, 2025.

Notes receivable from participants qualify as party-in-interest transactions.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated to the participants of the Plan in amounts equal to the individual account balances.

Note 7—Tax status

The Plan utilizes a prototype plan document sponsored by Guideline. Guideline received an opinion letter on September 26, 2024, in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025 and 2024. The Company believes the Plan has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Subsequent events

The Plan has evaluated all subsequent events through October 9, 2026, which is the date these financial statements were available to be issued.

Subsequent to year end, the Plan had a change in trustee from Benefit Trust Company to Matrix Trust Company, and then, from Matrix Trust Company (“MTC”) to Fidelity Management Trust Company (“FMTC”). These changes resulted in transfers of assets between custodians and new recordkeepers.

Upon change of trustee from MTC to FMTC, the Plan was amended to remove the 3 month service requirement and to formally adopt the provisions of the SECURE 2.0 Act. The SECURE 2.0 Act amendment updates various administrative and operational provisions of the Plan, including increased mandatory cash out limits, required minimum distribution provisions, age-based catch up provisions, and other optional participant distribution and contribution features permitted under SECURE 2.0.
