# Independent Auditor's Report

Board of Trustees
Alpin Haus Ski Shop, Inc.

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Alpin Haus Ski Shop, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1. Description of Plan

The Alpin Haus Ski Shop, Inc. 401(k) Profit Sharing Plan (Plan) was formed effective March 1, 1993. The Plan is sponsored by Alpin Haus Ski Shop, Inc. (Company). The Plan was most recently amended and restated on August 1, 2024.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

*a. General*

The Plan is a defined contribution profit sharing plan with a 401(k) feature covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held by Principal Trust Company, the Custodian of the Plan. Company contributions, participant elective deferrals and participant accounts are held by the Custodian, which invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan trustees and investment advisors are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

*b. Plan Eligibility*

Employees are eligible to enter the Plan after they have reached the age of 21 and completed one year of service. One year of service is defined as being credited with 500 hours of service in a consecutive 12-month period. Entry dates of the Plan are January 1, April 1, July 1, and October 1. Upon joining the Plan, participants will share in the employer's discretionary matching and profit sharing contributions, if any, regardless of service completed during the year or employment status at the end of the Plan year.

*c. Contributions*

Each year, participants may contribute a percentage or fixed dollar amount of their annual pre-tax compensation. In addition, participants may make designated Roth contributions to the Plan. Participant contributions are subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant contribution to the Plan was $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum of $7,500 for the years ended December 31, 2025 and 2024. Beginning in 2025, the maximum catch-up contribution limit is $11,250 for participants who are aged 60 to 63 at the end of the Plan year. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Company may make a discretionary matching contribution equal to a discretionary percentage of up to 5% of a participant's eligible compensation.

The Company may also make a discretionary profit sharing contribution at the option of its Board of Directors. There were no discretionary profit sharing contributions made for the years ended December 31, 2025 or 2024.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

**Note 1. Description of Plan (Continued)**

*d. Participant Accounts*

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary matching and profit sharing contributions (if any); (b) the Plan's investment earnings (losses), net of investment expenses; (c) forfeitures of the nonvested portion of terminated participants' accounts; and (d) administrative expenses paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

*e. Vesting*

Participants are 100% vested immediately in their elective deferral amounts and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is subject to a graduated vesting schedule. A participant is 100% vested upon: (1) disability, (2) death, (3) normal retirement at age 62 with five years of participation, or (4) termination of the Plan.

A participant shall have a vested and nonforfeitable interest in his or her account determined by the number of years of service as follows:

| Years of Service | Vesting |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

*f. Participant Notes Receivable*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. In addition, the $50,000 limit is reduced by the highest outstanding loan balance of any loans made in the previous 12 months. Participant notes are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through regular payroll deductions. In general, loans must be repaid within five years.

*g. Payment of Benefits*

Upon death, disability, retirement, or termination of employment, a participant (or their beneficiary in the case of death) may elect to receive the value of the participant's vested interest in their account as a lump-sum or partial payment. The Plan also permits in-service and hardship withdrawals under certain conditions. If the vested portion of a participant's account balance is $7,000 or less, this amount will be paid as a lump-sum distribution to the participant as soon as possible following termination, retirement or disability, or to the beneficiary following death. If the participant account balance is greater than $1,000, the account balance will be rolled into an Individual Retirement Account for the benefit of the participant (or beneficiary).

## Note 1. Description of Plan (Continued)

*h. Forfeiture Accounts*

The non-vested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures may be used to reduce Company contributions or pay certain Plan expenses. The Plan used $2,234 and $6,163 of forfeitures to reduce employer contributions and pay administrative expenses during the years ended December 31, 2025 and 2024, respectively. There were no unallocated forfeitures as of December 31, 2025 or 2024.

## Note 2. Summary of Significant Accounting Policies

*a. Basis of Accounting*

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

*b. Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*c. Investment Valuation and Income Recognition*

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants on the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

*d. Participant Notes Receivable*

Participant notes receivable are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no loans treated as distributions during the year ended December 31, 2025. Loans treated as distributions totaled approximately $15,800 during the year ended December 31, 2024.

*e. Contributions*

Contributions from Plan participants and the matching contributions from the employer are recorded in the year the employee contributions are withheld from compensation.

**Note 2. Summary of Significant Accounting Policies (Continued)**

*f. Payment of Benefits*

Benefits are recorded when paid.

*g. Administrative Expenses*

Administrative expenses of the Plan are paid by the Plan and the Company. Administrative expenses paid by the Company are excluded from these financial statements. Fees related to the administration of participant notes receivable and distributions are charged directly to the participant's account and included in administrative expenses. Other administrative expenses paid by the Plan are allocated proportionately to participants based on the value of their account balances. Investment-related expenses are included in net appreciation in fair value of investments.

*h. Corrective Distributions Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability, with a corresponding reduction to contributions. Corrective distributions payable related to the years ended December 31, 2025 and 2024 were distributed to the applicable participants prior to March 15, 2026 and 2025, respectively.

*i. Subsequent Events*

The Plan has evaluated subsequent events for potential recognition or disclosure through September 11, 2026, the date the financial statements were available to be issued.

**Note 3. Certified Investments**

Certain information related to investments and participant notes receivable disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and participant notes receivable held at December 31, 2025 and 2024, and net appreciation in fair value of investments and interest income from participant notes receivable for the years then ended, was obtained by management and agreed to, or derived from, information certified as complete and accurate by the Custodian of the Plan.

**Note 4. Investments and Fair Value Measurement**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

**Note 4. Investments and Fair Value Measurement (Continued)**

*Level 2:* Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 or 2024.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts:* Unit value is calculated based on the net assets of the underlying mutual funds, which are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. There are no restrictions on redemptions or unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### Note 4. Investments and Fair Value Measurement (Continued)

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

| | December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Assets included in the fair value hierarchy | | | | |
| Mutual funds | $ 5,462,470 | $ - | $ - | $ 5,462,470 |
| Investments measured at NAV (a) | | | | |
| Pooled separate accounts | | | | 3,166,243 |
| Investments at fair value | | | | $ 8,628,713 |

| | December 31, 2024 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Assets included in the fair value hierarchy | | | | |
| Mutual funds | $ 5,240,690 | $ - | $ - | $ 5,240,690 |
| Investments measured at NAV (a) | | | | |
| Pooled separate accounts | | | | 3,227,124 |
| Investments at fair value | | | | $ 8,467,814 |

(a) Certain investments that were measured at the NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

### Note 5. Group Annuity Contract With Principal Life Insurance Company (Principal)

The Plan has entered into a traditional fully benefit-responsive guaranteed investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Principal, which is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

As described in Note 2c, this contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**Note 5. Group Annuity Contract With Principal Life Insurance Company (Principal) (Continued)**

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including the complete or partial Plan termination or a merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and also with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the Plan without the consent of the issuer.

Upon contract termination, at the Plan's direction, payment may be made in one lump sum according to contract provisions or in annual installment payments.

**Note 6. Related-Party and Party-in-Interest Transactions**

The Company paid $15,000 and $14,469 for certain administrative expenses on behalf of the Plan for the years ended December 31, 2025 and 2024, respectively. Certain administrative functions are performed by officers or employees of the Company who do not receive compensation from the Plan for such functions.

Certain Plan investments are managed by Principal and the Custodian.

**Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

### Note 8. Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more likely than not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events that could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
