INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management of the
Rosebud Restaurants, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Rosebud Restaurants, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared under the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets Held at End of Year - Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025 and Delinquent Participant Contributions - Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROSEBUD RESTAURANTS, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE 1 – DESCRIPTION OF PLAN

The following description of Rosebud Restaurants, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility. The Plan is sponsored by Rosebud Restaurants, Inc. (the "Employer"), as defined in the Plan document. The Plan is a defined contribution plan that covers all employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as amended. The Employer controls and manages the operation and administration of the Plan. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company, and Principal Life Insurance Company serve as the trustees and record keepers of the Plan (collectively, the "Trustees").

All employees, except nonresident aliens, leased employees and those governed by a collective bargaining agreement, are eligible to participate in the Plan following one year of continuous employment or working at least 1,000 hours and reaching a minimum age of 21, as defined in the Plan document. Once an employee has met the enrollment requirements, the employee can enroll into the Plan on the first day of the subsequent quarter.

Participant Contributions. An eligible employee may elect to contribute a percentage or a fixed amount of their pre-tax and post-tax earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code (the "Code"). Participant contribution elections may be changed by participant at any time. Participants may also contribute "catch-up" contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions. The Employer may make discretionary profit-sharing contributions for all participants who are employed at the end of the year, which would be funded subsequent to year end. Any Employer discretionary contributions are based upon participants' annual compensation, subject to Internal Revenue Service ("IRS") limitations. The Employer did not elect any discretionary profit-sharing contributions for the year ended December 31, 2025.

Participant Accounts. Each participant's account is credited with the participant's contributions as well as Employer contributions, and Plan earnings. Participant accounts are charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to Plan provisions.

Vesting. Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Employer discretionary profit-sharing contributions is based upon years of continuous service. A participant is 20% vested after one full year of credited service and increases 20% at the end of each additional year of credited service thereafter, and will be 100% vested after five years of credited service.

Notes Receivable from Participants. Participants may borrow from their vested fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their account balance, whichever is less, and may have up to two loans outstanding at any given time. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Loan maturities may not exceed five years.

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. Upon retirement, disability, death, or termination of service, a participant is eligible to receive a lump-sum amount equal to the value of the vested interest in his or her account. Other withdrawals from participant's account balances may be made under certain circumstances, as defined in the Plan document. The Plan also permits in-service distributions if certain criteria are met.

Forfeited Accounts. Forfeitures totaling $2 were used to pay Plan administrative expenses for the year ended December 31, 2025. Forfeited non-vested accounts totaled $-0- and $2 as of December 31, 2025 and 2024, respectively. These accounts will be used to pay certain Plan administrative expenses and/or reduce future Employer contributions.

Recent Legislation. In December 2022, SECURE Act 2.0 ("SECURE 2.0") was enacted. SECURE 2.0 contains numerous significant changes for retirement plans, plan sponsors, and retirement plan providers. For example, SECURE 2.0 contains provisions related to, among many other things, increasing the required minimum distribution age, reducing required minimum distribution penalties, and removing required minimum distribution barriers for annuities. Many of the provisions in SECURE 2.0 went effective in 2023, but SECURE 2.0 will not be completely implemented until 2027. The IRS has issued additional guidance addressing specific issues arising from the implementation of the provisions of SECURE 2.0.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared using the modified cash basis of accounting and guidelines for filing with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Participant and Employer contributions, including Qualified Non-Elective Contributions ("QNEC"), are recorded when received, and benefit payments and expenses are recorded when paid. Had the Plan prepared its financial statements using accounting principles generally accepted in the United States of America, Participant and Employer contributions would be recorded when earned and benefit payments and expenses would be recorded as incurred.

Estimates and Assumptions. The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained, and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

ROSEBUD RESTAURANTS, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Administrative Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Concentration of Credit Risk. Substantially all the Plan's assets are held by the Trustees who are qualified institutions pursuant to ERISA.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified certain information included in the accompanying financial statements and supplemental schedules are complete and accurate as follows:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Investment income (loss) as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Note 4: All investment balances.
- Investments as shown in the schedule of assets held at end of year as of December 31, 2025, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Pooled Separate Accounts. Valued at net asset value of the underlying funds at year end ("NAV"). The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the accounts, the issuer reserves the right to require one day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds. Valued at quoted market price reported on the active market on which the mutual funds are traded.

Common Collective Trusts. Funds are composed primarily of fully benefit-responsive investment contracts and are valued at NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the Plan's assets at fair value as of December 31, 2025 and 2024. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025				
	Level 1	Level 2	Level 3	NAV (as a practical expedient)	Total
Pooled separate accounts	$ -	$ -	$ -	$ 7,460	$ 7,460
Mutual funds	476,528	-	-	-	476,528
Common collective trusts	-	-	-	545,100	545,100
Total investment assets at fair value	$ 476,528	$ -	$ -	$ 552,560	$ 1,029,088

	Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	NAV (as a practical expedient)	Total
Pooled separate accounts	$ -	$ -	$ -	$ 665	$ 665
Mutual funds	483,592	-	-	-	483,592
Common collective trusts	-	-	-	674,697	674,697
Total investment assets at fair value	$ 483,592	$ -	$ -	$ 675,362	$ 1,158,954

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Investments Measured Using the Net Asset Value per Share Practical Expedient. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 7,460	N/A	Daily	12 months
Common collective trusts	$ 545,100	N/A	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 665	N/A	Daily	12 months
Common collective trusts	$ 674,697	N/A	Daily	12 months

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their Employer discretionary profit sharing contributions.

NOTE 6 – TAX STATUS

The Plan uses a prototype plan document sponsored by the Principal Life Insurance Company. Principal Life Insurance Company received a favorable opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and common collective trusts and are managed by the Trustees, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

ROSEBUD RESTAURANTS, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS – MODIFIED CASH BASIS

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2025, the Employer inadvertently failed to deposit participant contributions totaling $7,436 to the Plan timely, which were not corrected as of December 31, 2025. Additionally, during prior Plan years, the Employer inadvertently failed to deposit $29,577 of contributions to the Plan timely, which were not corrected as of December 31, 2025. The Employer will use the self-correction program to make corrections and remit lost earnings to the Plan, all of which will be paid from Employer funds and not Plan assets.

NOTE 10 – QUALIFIED NON-ELECTIVE CONTRIBUTIONS AND REFUND OF EXCESS CONTRIBUTIONS

The Employer determined that certain employees who became eligible to participate in the Plan were not properly notified of their eligibility to participate in the Plan during the years ended December 31, 2019 through December 31, 2025. Additionally, the Employer determined that deferrals were not withheld on certain forms of eligible compensation during the year ended December 31, 2024. The Employer and the Trustees are currently in the process of calculating a QNEC amount to be remitted to the Plan to correct these errors. As of the date the financial statements were available to be issued, the QNEC amount and its effects on the financial statements have not yet been determined. The Employer is also evaluating self-correction versus the Voluntary Fiduciary Correction Program ("VFCP").

Compliance testing for the years ended December 31, 2023, 2022, and 2021 was not completed timely, and the Plan failed certain compliance tests. Corrective distributions in the amount of $71,733 were refunded to participants during the year ended December 31, 2025. The Employer and the Trustees are currently in the process of initiating a QNEC amount to be remitted to the Plan.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2025 through October 7, 2026, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
