INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR OF
FIBER INSTRUMENT SALES, INC.
401(k) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **FIBER INSTRUMENT SALES, INC. 401(k) PROFIT SHARING PLAN**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Managements' election of the ERISA Section 103(a)(3)(C) audit does not affect managements' responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditors' Responsibilities for the Audit of the Financial Statements – Continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Fiber Instrument Sales, Inc., The Light Connection, Inc., Force Guided Relays International, Inc., Energy Efficient Products, Inc., Molding Solutions, Inc., Horsht, LLC, Mini Motel, Inc., FIS Blue, Inc., Cowsht, Inc. and Fermer Precision, Inc. (collectively referred to as the "Company" or the "Plan Sponsor") who are age twenty-one or older, are full-time, as defined by the Plan, and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

An employee is eligible to participate in the elective deferral and Company matching feature of the Plan on the first day of January or the date six months later, coinciding with or next following the date the employee meets the eligibility requirements, as previously defined. An employee is eligible to participate in the Company's discretionary profit-sharing feature of the Plan when they meet the eligibility requirements, as previously defined, and are employed on the last day of the Plan year.

Contributions

Participants may contribute tax-deferred and after-tax (Roth) dollars into the Plan ("elective deferral contributions") based on the lesser of 100% of annual compensation or $23,500 and $23,000 in 2025 and 2024, respectively. Contributions are subject to limitations determined by the Internal Revenue Service. Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, the participant may make "catch-up" contributions of $7,500 as determined by the IRS for 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan, in addition to interest-bearing cash and mutual funds available through self-directed brokerage accounts.

The Company's matching contribution amounted to 25% of employee contributions (including catch-up contributions), limited to 5% of the participant's eligible compensation for the Plan years 2025 and 2024. Matching contributions totaled $175,884 and $171,821 for 2025 and 2024, respectively. The Company did not make any discretionary profit-sharing contributions for the 2025 and 2024 Plan years.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN – Continued

Participant Accounts

Each participant's account is credited with elective deferral contributions, Company matching contributions, Company discretionary profit-sharing contributions and Plan earnings and charged with Plan losses. Plan earnings and losses are allocated based on account balances. Plan administrative expenses are deducted from Plan earnings and losses before those earnings and losses are credited to participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000. The maximum amount of all loans outstanding cannot exceed the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance at any time in the previous twelve months. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Participants are permitted to have only one loan outstanding at a time. Principal and interest are paid ratably through weekly payroll deductions over a period not to exceed five years, unless the loan is for the purpose of acquiring a principal residence, then the maximum period shall be fifteen years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is $1,000 or less, the Plan may elect to automatically make a mandatory distribution following the participant's termination date.

Forfeitures

Upon termination, participants' non-vested account balances are forfeited. The outstanding balance of forfeited non-vested contributions totaled $83,573 and $91,711 at December 31, 2025 and 2024, respectively. These accounts will be used to pay Plan administrative expenses and to reduce future employer contributions. For the years ended December 31, 2025 and 2024, $18,445 and $19,231, respectively, were used to offset Plan expenses. No forfeitures were used to reduce employer contributions for the years ended December 31, 2025 and 2024.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on receivables – notes from participants is recorded on the accrual basis. Related fees are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid or payable. Benefits payable to participants for distributions requested but not yet processed are recorded as a liability with a corresponding increase to benefits paid to participants. The Plan expects to distribute the benefits to the participants in 2026.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Reclassifications

Certain 2024 amounts have been reclassified to conform with the 2025 presentation. These reclassifications had no impact on the total assets, liabilities, net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 8, 2026, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from John Hancock ('the Trustee') that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by the Trustee, as of and for the year ended December 31:

	2025	2024
Investments at Fair Value	$ 15,056,094	$ 12,755,924
Notes Receivable from Participants	$ 298,345	$ 298,191
Investment Income	$ 2,050,332	$ 1,533,131
Interest Income on Notes Receivable from Participants	$ 21,264	$ 19,288

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – INVESTMENTS – OSAIC (NOT CERTIFIED)

The Plan also has investments held at Osaic (formerly Royal Alliance) in self-directed brokerage accounts totaling $568,949 and $478,039 as of December 31, 2025 and 2024, respectively. Net appreciation in fair value of investments totaled $23,022 and $9,080 and interest and dividends totaled $24,028 and $19,310 as of December 31, 2025 and 2024, respectively. Osaic has not certified the completeness and accuracy of these investments or to the activity generated from these investments for the years ended December 31, 2025 and 2024.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5 – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value:

Interest-Bearing Cash: The fair value of interest-bearing cash approximates carrying value due to the nature of the instrument.

Guaranteed Interest Accounts: The Plan invests in guaranteed interest accounts offered by John Hancock. These contracts are fully benefit-responsive and are presented at contract value, which represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative charges. Contract value is the amount participants would receive for eligible transactions under the terms of the contracts.

Shares in Registered Investment Companies: Valued at the daily closing price as reported by the registered investment companies. The registered investment companies are open-ended and are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and transact at that price. The shares held in registered investment companies are deemed to be actively traded.

Self-Directed Brokerage Accounts: The investments in these accounts include interest-bearing cash and mutual funds. The fair value of interest-bearing cash approximates carrying value due to the nature of the instrument. Common stocks are valued at the closing price reported on the active market in which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Total Investments at Fair Value	$ 13,233,963	$ 0	$ 0	$ 13,233,963

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party in interest transactions.

John Hancock and Osaic are the Plan's custodians, as defined by the Plan and, therefore, transactions with these parties qualify as party in interest transactions. Fees paid by the Plan for investment management and contract administration services are customary for the services provided. Fees paid by the Plan for these services totaled $119,861 and $118,107 for the years ended December 31, 2025 and 2024, respectively.

As described in Note 2, administrative expenses for recordkeeping and auditing services are provided by parties in interest and may be paid directly by the Plan Sponsor.

John Hancock provides certain administrative services to the Plan pursuant to a Service and Expense Agreement between the Company and John Hancock. John Hancock receives revenue from the registered investment company service providers for services John Hancock provides to these funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

The Plan Administrator believes all party in interest transactions qualify for either statutory or administrative exemption from the prohibited transaction rules under ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 8 – TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Omega, Inc. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan.

The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code ("IRC"). The Plan also allows certain individuals to invest their retirement funds in self-directed brokerage accounts. The Plan Administrator believes that with regard to these investment options, the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

TO THE PLAN ADMINISTRATOR OF
FIBER INSTRUMENT SALES, INC.
401(k) PROFIT SHARING PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of **FIBER INSTRUMENT SALES, INC. 401(k) PROFIT SHARING PLAN**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Managements' election of the ERISA Section 103(a)(3)(C) audit does not affect managements' responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditors' Responsibilities for the Audit of the Financial Statements – Continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of Fiber Instrument Sales, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Fiber Instrument Sales, Inc., The Light Connection, Inc., Force Guided Relays International, Inc., Energy Efficient Products, Inc., Molding Solutions, Inc., Horsht, LLC, Mini Motel, Inc., FIS Blue, Inc., Cowsht, Inc. and Fermer Precision, Inc. (collectively referred to as the "Company" or the "Plan Sponsor") who are age twenty-one or older, are full-time, as defined by the Plan, and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

An employee is eligible to participate in the elective deferral and Company matching feature of the Plan on the first day of January or the date six months later, coinciding with or next following the date the employee meets the eligibility requirements, as previously defined. An employee is eligible to participate in the Company's discretionary profit-sharing feature of the Plan when they meet the eligibility requirements, as previously defined, and are employed on the last day of the Plan year.

Contributions

Participants may contribute tax-deferred and after-tax (Roth) dollars into the Plan ("elective deferral contributions") based on the lesser of 100% of annual compensation or $23,500 and $23,000 in 2025 and 2024, respectively. Contributions are subject to limitations determined by the Internal Revenue Service. Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, the participant may make "catch-up" contributions of $7,500 as determined by the IRS for 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan, in addition to interest-bearing cash and mutual funds available through self-directed brokerage accounts.

The Company's matching contribution amounted to 25% of employee contributions (including catch-up contributions), limited to 5% of the participant's eligible compensation for the Plan years 2025 and 2024. Matching contributions totaled $175,884 and $171,821 for 2025 and 2024, respectively. The Company did not make any discretionary profit-sharing contributions for the 2025 and 2024 Plan years.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN – Continued

Participant Accounts

Each participant's account is credited with elective deferral contributions, Company matching contributions, Company discretionary profit-sharing contributions and Plan earnings and charged with Plan losses. Plan earnings and losses are allocated based on account balances. Plan administrative expenses are deducted from Plan earnings and losses before those earnings and losses are credited to participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

NOTE 1 – DESCRIPTION OF PLAN – Continued

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000. The maximum amount of all loans outstanding cannot exceed the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance at any time in the previous twelve months. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Participants are permitted to have only one loan outstanding at a time. Principal and interest are paid ratably through weekly payroll deductions over a period not to exceed five years, unless the loan is for the purpose of acquiring a principal residence, then the maximum period shall be fifteen years.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is $1,000 or less, the Plan may elect to automatically make a mandatory distribution following the participant's termination date.

Forfeitures

Upon termination, participants' non-vested account balances are forfeited. The outstanding balance of forfeited non-vested contributions totaled $83,573 and $91,711 at December 31, 2025 and 2024, respectively. These accounts will be used to pay Plan administrative expenses and to reduce future employer contributions. For the years ended December 31, 2025 and 2024, $18,445 and $19,231, respectively, were used to offset Plan expenses. No forfeitures were used to reduce employer contributions for the years ended December 31, 2025 and 2024.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on receivables – notes from participants is recorded on the accrual basis. Related fees are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid or payable. Benefits payable to participants for distributions requested but not yet processed are recorded as a liability with a corresponding increase to benefits paid to participants. The Plan expects to distribute the benefits to the participants in 2026.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Reclassifications

Certain 2024 amounts have been reclassified to conform with the 2025 presentation. These reclassifications had no impact on the total assets, liabilities, net assets available for benefits or changes in net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 8, 2026, which is the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from John Hancock ('the Trustee') that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by the Trustee, as of and for the year ended December 31:

	2025	2024
Investments at Fair Value	$ 15,056,094	$ 12,755,924
Notes Receivable from Participants	$ 298,345	$ 298,191
Investment Income	$ 2,050,332	$ 1,533,131
Interest Income on Notes Receivable from Participants	$ 21,264	$ 19,288

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 4 – INVESTMENTS – OSAIC (NOT CERTIFIED)

The Plan also has investments held at Osaic (formerly Royal Alliance) in self-directed brokerage accounts totaling $568,949 and $478,039 as of December 31, 2025 and 2024, respectively. Net appreciation in fair value of investments totaled $23,022 and $9,080 and interest and dividends totaled $24,028 and $19,310 as of December 31, 2025 and 2024, respectively. Osaic has not certified the completeness and accuracy of these investments or to the activity generated from these investments for the years ended December 31, 2025 and 2024.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5 – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value:

Interest-Bearing Cash: The fair value of interest-bearing cash approximates carrying value due to the nature of the instrument.

Guaranteed Interest Accounts: The Plan invests in guaranteed interest accounts offered by John Hancock. These contracts are fully benefit-responsive and are presented at contract value, which represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative charges. Contract value is the amount participants would receive for eligible transactions under the terms of the contracts.

Shares in Registered Investment Companies: Valued at the daily closing price as reported by the registered investment companies. The registered investment companies are open-ended and are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value and transact at that price. The shares held in registered investment companies are deemed to be actively traded.

Self-Directed Brokerage Accounts: The investments in these accounts include interest-bearing cash and mutual funds. The fair value of interest-bearing cash approximates carrying value due to the nature of the instrument. Common stocks are valued at the closing price reported on the active market in which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Total Investments at Fair Value	$ 13,233,963	$ 0	$ 0	$ 13,233,963

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2025 and 2024 are reported in net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party in interest transactions.

John Hancock and Osaic are the Plan's custodians, as defined by the Plan and, therefore, transactions with these parties qualify as party in interest transactions. Fees paid by the Plan for investment management and contract administration services are customary for the services provided. Fees paid by the Plan for these services totaled $119,861 and $118,107 for the years ended December 31, 2025 and 2024, respectively.

As described in Note 2, administrative expenses for recordkeeping and auditing services are provided by parties in interest and may be paid directly by the Plan Sponsor.

John Hancock provides certain administrative services to the Plan pursuant to a Service and Expense Agreement between the Company and John Hancock. John Hancock receives revenue from the registered investment company service providers for services John Hancock provides to these funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

The Plan Administrator believes all party in interest transactions qualify for either statutory or administrative exemption from the prohibited transaction rules under ERISA.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 8 – TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Omega, Inc. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan.

The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code ("IRC"). The Plan also allows certain individuals to invest their retirement funds in self-directed brokerage accounts. The Plan Administrator believes that with regard to these investment options, the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
