INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Superior Products Support, LLC 401(k) Plan
New Holland, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of **Superior Products Support, LLC 401(k) Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Superior Products Support, LLC 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Superior Products Support, LLC 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Superior Products Support, LLC 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Superior Products Support, LLC 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION of PLAN

The following description of **Superior Products Support, LLC 401(k) Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General and Plan Amendments
The Plan is a defined-contribution plan covering all eligible employees of Superior Products Support, LLC D/B/A Linden Grove Industries (the Plan Sponsor). Lapp Holdings Group, Inc., holds the membership interests of the Plan Sponsor, Superior Products Support, LLC, and owns a family of related business, all of which are considered in the controlled group (collectively "the Companies"). The controlled group consists of Superior Plastic Products, Inc. D/B/A Superior Outdoor Products, Universal Poly Products, Ltd., D/B/A Cardinal Building Products, Key-Link Fencing & Railing, Inc. D/B/A KeyLink, Artifex Designs, LLC, and Superior Hauling, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan Management is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings.

Effective January 17, 2025 the company sold Key-Link Fencing & Railing, Inc. D/B/A Keylink removing Keylink as a member of the controlled group and resulting in the termination of all associated employees.

The Plan was impacted by regulatory changes related to the Setting Every Community Up for Retirement Enhancement Act (SECURE) Act and the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The Plan Sponsor intends to amend the Plan to formally incorporate these provisions by the Plan year ended December 31, 2026.

Effective April 1, 2024, the Plan Sponsor entered into an agreement with Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, to provide recordkeeping, administrative and related services to the Plan. In connection with this administrative change, new investment fund options were established. The Plan was restated in its entirety effective April 1, 2024, to include the following changes:

- An employee must complete three consecutive months of service to be eligible for the plan.
- Employees can be enrolled immediately upon meeting applicable age and service requirements.
- All new hires are automatically enrolled with a deferral percentage of 3% upon achieving eligibility requirements. The Plan Administrator will automatically increase the amount of deferrals by 1% of compensation per paycheck up to a maximum rate of 7%, which will occur on July 1st of each year.
- Employer discretionary contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
1	0%
2	50%
3+	100%

NOTE 1 - DESCRIPTION of PLAN (Continued)

Contributions
Each year, participants elect to defer a portion of compensation up to the maximum allowable legal limits. All new hires are automatically enrolled with a deferral percentage of 5% upon achieving eligibility requirements from January 1, 2024 through March 31, 2024. Beginning April 1, 2024, all new hires are automatically enrolled with a deferral percentage of 3% upon achieving eligibility requirements and the Plan Administrator will automatically increase the deferral rate by 1% of compensation per paycheck up to a maximum rate of 7%, which will occur on July 1st of each year. Participants can change these automatic enrollment provisions through an affirmative election. Participants can designate all or a portion of their elective deferrals as pretax deferrals or Roth elective deferrals. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from qualified plans and Individual Retirement Arrangements (IRAs).

In addition, the Plan Sponsor may make additional discretionary matching contributions to the Plan at the option of its Board of Directors. For the Plan years ended December 31, 2025 and 2024, the Plan Sponsor made discretionary matching contributions of $220,127 and $-0-, respectively. The discretionary employer matching contributions are invested as directed by the participant into the investment options offered by the Plan. Contributions are subject to certain limitations.

The Plan Sponsor determined an employer matching contribution true-up was required for the year ended December 31, 2025. Accordingly, the Plan recorded an employer contribution receivable of $33,353 at December 31, 2025. There were no such receivables at December 31, 2024.

Participant Accounts
A record-keeping account is set up in each participant's name to show the value of his or her retirement benefit. Each participant's account is credited with the participant's contributions and allocations of (a) the discretionary employer contributions, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility
An employee becomes eligible to be a participant in the Plan at the beginning of the next Plan quarter after completion of six months of service and the attainment of an age of 18 from January 1, 2024 through March 31, 2024. Beginning April 1, 2024, an employee becomes eligible to be a participant in the Plan immediately upon completion of three consecutive months of service and the attainment of an age of 18. Excluded from participation are employees covered under a collective bargaining agreement, non-resident aliens, and those incorrectly determined not to be an employee, as described in the Plan document.

Vesting
Participant salary deferrals and rollovers, plus or minus any earnings or losses, are 100% vested.

From January 1, 2024 through March 31, 2024, employer discretionary contributions and earnings or losses thereon vest in accordance with the following table:

NOTE 1 - DESCRIPTION of PLAN (Continued)

Vesting (Continued)

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Beginning April 1, 2024 employer discretionary contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
1	0%
2	50%
3	100%

Notes Receivable from Participants
Participants may only borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years or for a period exceeding five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a variable rate which is determined at the time of inception. Principal and interest is paid ratably through payroll deductions. Participants are not allowed to have more than one outstanding loan at one time. Notes receivable are stated at their unpaid principal plus accrued unpaid interest.

Payment of Benefits
Upon termination of service due to death, disability, retirement, or other separation of employment, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows distributions to be taken in the form of installment payments. Maximum cash out balance is $7,000.

In-service withdrawals are available to participants who attain age 59½.

A participant may request a hardship withdrawal of all or part of the eligible balance in his or her account.

If a participant is a qualified reservist or national guardsman and is called to active duty for at least 180 days or for an indefinite period, they may withdrawal up to 100% of elective deferrals under the Plan while on active duty, regardless of age. Any such withdrawal must be repaid within a two-year period following completion of active duty.

Each participant designates a person or persons who are to receive benefits under the Plan in the event of the participant's death.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Forfeiture Accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $183 and $-0-, respectively. When a participant terminates before becoming 100% vested, the portion of his/her account to which he/she is not entitled is used to reduce the employer safe harbor matching and discretionary profit-sharing contributions for the Plan year in which the forfeitures occurred or in the Plan year following the Plan year in which the forfeitures occurred. Forfeitures of $8,528 and $-0- were used to reduce employer contributions or administrative expenses for the years ended December 31, 2025 and 2024, respectively.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for any fully benefit-responsive investment contracts, which are reported at contract value. Fair value is determined and certified by the Plan's custodian/trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and capital gains are recorded on ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan Document for purposes of Form 5500 reporting. However, for purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Payments of Benefits
Benefits are recorded when paid.

Administrative Expenses
All administrative expenses may be paid out of the Plan; however, the Companies pay some of the administrative costs of the Plan.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions
Contributions from the Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

NOTE 3 - INFORMATION PREPARED and CERTIFIED by the CUSTODIAN/TRUSTEE (UNAUDITED)

Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, the trustee, held the Plan's assets from April 10, 2024 to December 31, 2025. John Hancock Life Insurance Company, the custodian of the Plan, held the Plan assets from January 1, 2024 through April 10, 2024. The following information was certified as complete and accurate by the Plan's custodian/trustee under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2025	2024
Investments at Fair Value:		
Registered Investment Companies	4,982,241	6,127,881
Investments at Contract Value:		
Guaranteed Investment Contract	17,974	12,070
Notes Receivable from Participants	21,284	51,904
	5,021,499	**6,191,855**

For the years ended December 31, 2025 and 2024, the Plan's investments, including gains and losses on investments bought, sold, and held during the year, appreciated in value by $791,207 and $1,012,974, respectively. Interest on notes receivable from participants totaled $1,920 and $4,743 for the years ended December 31, 2025 and 2024, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	4,982,241	-0-	-0-	4,982,241

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	6,127,881	-0-	-0-	6,127,881

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 Gains and Losses
There were no level 3 investments as of or during the years ended December 31, 2025 and 2024.

NOTE 5 - INVESTMENT CONTRACTS with INSURANCE COMPANY

Beginning April 2024, the Plan invests in The Standard's Stable Asset Fund II, a stable value group annuity contract issued by Standard Insurance Company. The contract is supported by Standard Insurance Company's general account, which invests primarily in fixed income securities and commercial mortgage-related investments. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This investment contract is included in the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Standard Insurance Company, represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants are allowed to ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract values for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate was approximately 3.20% and 3.10% for the years ended December 31, 2025 and 2024, respectively. The crediting interest rate on the group annuity contract is determined quarterly by the issuer and may not be less than the minimum guaranteed rate of 1.00% per year.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan sponsored events that cause a significant withdrawal from the Plan, (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. On January 17, 2025, due to the sale of Key-Link Fencing and Railing, Plan management determined that a partial plan termination has occurred (see Note 10). According to the group annuity contract, the fund will still transact at contract value, and a market value adjustment did not apply.

In addition, the group annuity contract is subject to certain transfer restrictions. Under the group annuity contract participant exchanges from the annuity contract account to another investment option within the Plan is allowed.

NOTE 6 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS

Certain Plan investments were held in pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.) through April 10, 2024. John Hancock Life Insurance Company (U.S.A.) was the custodian for the Plan assets and, therefore, considered a party-in-interest to the Plan. Recordkeeping fees paid to John Hancock Life Insurance Company (U.S.A.) for the years ended December 31, 2025 and 2024 totaled $-0- and $15,442, respectively.

NOTE 6 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS (Continued)

Ascensus, LLC, as an authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, as Plan trustee effective April 2024, is considered a party-in-interest to the Plan. Fees paid to this trustee, for the years ended December 31, 2025 and 2024 totaled $35,786 and $17,550, respectively.

Fees paid by the Plan for investment advisory services to Everence Trust Company, a party-in-interest, were $19,422 and $10,874 for the years ended December 31, 2025 and 2024, respectively.

The Plan may issue loans to participants that are secured by participant account balances. Participant loans totaled $21,284 and $51,904 as of December 31, 2025 and 2024, respectively. Interest income from participant loans was $1,920 and $4,743 for the years ended December 31, 2025 and 2024, respectively. All of these transactions are party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan Sponsor adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and tax-exempt.

US GAAP requires Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - PARTIAL PLAN TERMINATION

During the year ended December 31, 2025, the Plan experienced a partial plan termination as a result of Key-Link Fencing & Railing, Inc, a participating company in the Plan, that sold to an unrelated third party. Management determined that KeyLink employees were affected participants for purposes of the partial plan termination. Affected participants became 100% vested in the amounts credited to their Plan accounts attributable to the affected portion of the Plan as of February 27, 2025. The vesting acceleration applied only to the terminated or affected portion of the Plan. Participants who were not affected by the partial plan termination continue to vest in accordance with the Plan's vesting provisions.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 8, 2026, which is the date the financial statements were available to be issued.
