INDEPENDENT AUDITOR'S REPORT

TO THE TRUSTEES OF QUINTESSENTIAL GROUP LLC 401(k) PLAN:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quintessential Group LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. QUINTESSENTIAL GROUP LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

Note:

1. DESCRIPTION OF THE PLAN:

The following description of the Quintessential Group LLC 401(k) Plan (the "Plan") provides only general information. Reference should be made to the Plan document for a more complete description of the Plan's provisions.

Effective March 1, 2025, the Plan Sponsor changed from Seymour of Sycamore, Inc. to Seymour of Sycamore, LLC, and the name of the Plan was changed accordingly.

In 2025, Seymour of Sycamore, LLC was acquired by Quintessential Group LLC. Effective July 1, 2025, the Plan was renamed the Quintessential Group, LLC 401(k) Plan. Seymour of Sycamore, LLC continued as a participating employer in the Quintessential Group, LLC 401(k) Plan. Plan assets and participant accounts remained in the Plan. In connection with the acquisition and change in Plan sponsorship, the Plan's employer identification number (EIN) was changed.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have met certain service and age requirements. Each participant has a separate account to which employer contributions, individual participant contributions, investment income and loss, and forfeitures are allocated in accordance with Plan provisions. The Plan consists of a 401(k)-pay deferral plan with annual discretionary employer matching contributions, as well as provisions for annual Company discretionary profit-sharing contributions. All of the Plan's assets are held in a trust fund which is the sole source of all benefit payments. The assets of the trust fund are not commingled with Company assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is sponsored and administered by Quintessential Group LLC 401(k) Plan (the Company). The Plan was established July 1, 1961. The purpose of the Plan is to allow eligible employees to accumulate funds on a tax-deferred basis, thereby promoting future retirement security. Effective July 1, 2019, the Plan adopted a restatement of the Plan.

Contributions

Participants may elect to contribute to the Plan a specific percentage or dollar amount of pretax annual compensation as a salary deferral, as defined by the Plan, up to the annual maximum limit established by the Internal Revenue Service. For 2025, the dollar amount is $23,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant may also contribute a rollover contribution subject to approval, provided it represents a balance from a qualified plan under the IRC. The Company makes a matching contribution equal to 100% of each participant's elective deferrals up to 3% of that participant's annual compensation. Participant contributions and Company matching contributions are participant directed and are invested into various investment options offered by the Plan.

The Company may make discretionary profit-sharing contributions to the Plan for the benefit of the participants. Contributions are limited to the amount deductible under the Internal Revenue Code.

Note:

1. DESCRIPTION OF THE PLAN (Continued):

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's matching and discretionary contributions and an allocation of the Plan's earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions, plus their actual earnings thereon. Participant directed company matching contributions and non-participant directed company discretionary contributions vest in accordance with the following schedule:

Year of Service	Percent Vested
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the foregoing, participants shall have a fully vested interest in their employer contribution, deferred and rollover accounts upon death, total and permanent disability, or upon attainment of normal retirement age.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participants' Loans Receivable Fund. Loans must be repaid within five years, unless the loan is used to acquire a principal residence, in which case the loan may be repaid over a longer term at the Plan Administrator's discretion determined at the time the loan is made. The loans are secured by the balance in the participant's principal account and bear a reasonable rate of interest. The Plan requires that repayments on loan obligation be made by payroll deductions. Loans in default are treated like distributions and may be subject to income and penalty taxes.

Note:

1. DESCRIPTION OF THE PLAN (Continued):

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount, in annual installments over a period not longer than the participant's life expectancy, or a direct rollover distribution. In-service distributions from a participant's vested account are available to participants over the age of 59½ or in the event of financial hardship, as defined in the Plan.

Forfeitures

Forfeitures are the nonvested amounts left in the Plan by terminating participants. Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures may also be reallocated to remaining participants in the Plan according to Plan documents. The plan administrator directs whether plan expenses are paid before either contributions are offset or forfeitures are re-allocated. During the year ended December 31, 2025, forfeitures amounted to $45,547. At December 31, 2025 and 2024, unallocated plan assets resulting from nonvested accounts totaled $62,153 and $57,696, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. Upon termination of the Plan, participants become 100 percent vested in their account balances and assets will be distributed as described in the Plan document.

2. SIGNIFICANT ACCOUNTING PRACTICES AND POLICIES:

Significant accounting practices and policies followed in the preparation of the accompanying financial statements are as follows:

Method of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Note:

2. SIGNIFICANT ACCOUNTING PRACTICES AND POLICIES (Continued):

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The specific identification cost basis is used in determining the cost of investments sold.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Net Appreciation (Depreciation) in the Fair Value of Investments

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note:

3. CERTIFICATION OF FINANCIAL INFORMATION:

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2025 and 2024 has been certified as complete and accurate by Capital Bank and Trust Company, the trustee of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, net appreciation in fair value of investments, investment income, notes receivable from participants, interest on notes receivable from participants, and the schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note:

4. FAIR VALUE MEASUREMENTS (Continued):

Following is a description of the valuation methodologies used for assets measured at fair value:

Investments in Registered Investment Companies: Valued at the daily closing price as reported by the fund.

Investments in Common/Collective Trusts: The estimated fair value of the common/collective trust funds is net asset value, exclusive of the adjustment to contract value. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025			
Investments	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$22,462,654	$ 101,695	$ -	$22,564,349
Common/Collective Trusts	-	62,153	-	62,153
	$22,462,654	$163,848	$ -	$22,626,502

	Fair Value Measurements as of December 31, 2024			
Investments	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$19,008,366	$ 91,609	$ -	$19,099,975
Common/Collective Trusts	-	57,696	-	57,696
	$19,008,366	$149,305	$ -	$19,157,671

Note:

5. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated July 3, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. CONCENTRATIONS:

Four investment funds each have an account balance over 10% of the total net assets available for benefits.

7. PARTY-IN-INTEREST TRANSACTIONS:

Parties in interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. All plan investments at December 31, 2025, maintained by the trustee, Capital Bank and Trust Company, qualify as party-in-interest investments. Additionally, the plan's third-party administrator and plan auditor would also qualify as party-in-interests.

Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. These investments qualify as party-in-interest investments. Notes receivable from participants were $223,018 and $216,083 at December 31, 2025 and 2024, respectively.

8. RISKS AND UNCERTAINTIES:

The Plan provides for investment options in various investment securities. Investment securities are generally exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

Note:

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Net assets available for benefits per financial statements	$22,974,520	$19,648,754
Contributions receivable	(125,000)	(275,000)
Net assets available for benefits per Schedule H of Form 5500	$22,849,520	$19,373,754

The following is a reconciliation of changes in net assets per the financial statements at December 31, 2025 to Schedule H of Form 5500:

Employer contributions per the financial statements	$331,045
Less: Amounts receivable at December 31, 2025	(125,000)
Add: Amounts receivable at December 31, 2024	275,000
Employer contributions per Schedule H of Form 5500	$481,045

10. EXCESS CONTRIBUTIONS:

During the Plan year ended December 31, 2024, the Plan Sponsor identified excess participant contributions totaling $21,272 resulting from failure of the Actual Deferral Percentage (ADP) test. The excess contributions were not accrued as a refund liability in the accompanying financial statements as they were not considered material to the Plan's financial position or changes in net assets available for benefits.

The Plan Sponsor corrected the excess contributions in accordance with applicable Internal Revenue Service (IRS) and Department of Labor (DOL) guidance. The correction was completed on March 10, 2025, and consisted of refunds to affected participants. The refunds are included in benefits paid to participants in the accompanying financial statements.

Note:

11. SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to make certain changes to the Plan's provisions. The amendments include changes to eligibility, automatic participant deferrals, matching contributions, allocation of nonelective contributions, and the recognition of service with Aervoe, LLC for eligibility, allocation, and vesting purposes.

Subsequent to December 31, 2025, Quintessential Group, LLC acquired Aervoe, LLC and Molding Solutions, LLC. In connection with these acquisitions, both entities became participating employers in the Quintessential Group, LLC 401(k) Plan effective April 30, 2026.

Effective July 14, 2026, assets totaling $5,825,633 were transferred from Aervoe, LLC's former Fidelity 401(k) plan to the Quintessential Group, LLC 401(k) Plan.

Molding Solutions, LLC's former employer-sponsored retirement plan was terminated, and no assets were transferred to the Plan.
