Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SABIC U.S. Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following is an abbreviated description of the SABIC U.S. Employee Retirement Savings Plan (the "Plan"). The complete terms of the Plan are provided in the SABIC U.S. Employee Retirement Savings Plan document. Additional plan information is included in plan handbooks and other material distributed to participants.

General: SABIC Innovative Plastics US LLC (the "Company" or "SABIC") sponsors the Plan, which is a defined contribution plan with a 401(k) feature generally covering U.S. resident employees of the Company and its participating affiliated companies who are at least age 18. The Plan enables employees to invest through after-tax savings, pre-tax savings, or Roth contributions in one or more of the investment options selected for the Plan. Participation in the Plan is at the election of the employee.

The Nexpoint Benefits Committee (f.k.a. SABIC Benefits Committee) (the "Committee") is responsible for the general administration of the Plan. Certain administrative functions of the Plan have been delegated to others in accordance with the terms of the Plan. The trustee and recordkeeper of the Plan is Fidelity Management Trust Company ("Plan Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions: Generally, the Plan provides for voluntary participant contributions on an after-tax savings, pre-tax savings, or Roth contribution basis up to a maximum of 80% of a participant's eligible compensation, up to the annual limit prescribed by the Internal Revenue Code of 1986 ("Code"). All new-hires, re-hires and newly eligible participants are automatically enrolled at an 8% regular pre-tax contribution rate after being eligible for 30 days to participate in the Plan and not making an affirmative enrollment election online. Deferrals are funded by the Company on a payroll period basis. Highly compensated participants, as defined by the Code, may be subject to more restrictive maximum annual contribution limits if the Plan fails to satisfy certain testing criteria set forth in the Code. For the 2025 plan year, participants age 50 or over may contribute an additional $7,500 over the base statutory limit in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001. Participants are also allowed to transfer amounts from certain other tax-qualified plans to the Plan ("Rollover Contributions").

The Company Matching contribution equals 50% of the first 8% of an eligible participant's eligible compensation contributed to the Plan. An additional True-Up Matching contribution will be made for each participant who has not received the maximum Company Matching contribution they would have been entitled to but did not receive due to the rate at which they made their employee contributions throughout the Plan year.

Certain participants hired after January 1, 2014 ("Zeta employees") and all other participants effective January 1, 2020 are eligible to participate in the Employer Retirement contribution. Regardless of whether a participant makes any voluntary contributions of their own to the Plan, the Company will make an Employer Retirement contribution to the Plan equal to 5% of the participant's eligible pay each pay period.

Also, effective January 1, 2020 and ending December 31, 2026, certain legacy employees ("Delta employees", "Core employees" and "SAI employees"), are eligible to participate in the Employer Special Transition Credit Contribution Account ("ESTCCA"). Regardless of whether a participant makes any voluntary contributions of their own to the Plan, the Company will contribute ESTCCA contributions equal to a certain percentage of eligible pay for the year. For Core and Delta employees, the percentage applied is dependent on the employee's age on January 1 of the respective plan year and will range between 0%-13% and 0-12%, respectively. For SAI employees, the contribution will be equal to 3% of eligible pay.

All Company contributions are invested at the participant's discretion among the fund elections.

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts: A separate account is maintained for each participant having an amount to his or her credit under the Plan. Each participant account is credited with the participant's contributions, allocations of Company contributions and Plan earnings offset by plan administrative expenses. Each day, the Plan Trustee calculates earnings and allocates gains and losses to each participant's account. Each account will be adjusted to reflect income, gains, expenses, losses, withdrawals, distributions, loans, loan repayments and other appropriate credits and debits.

Vesting: Effective January 1, 2020, participants are immediately vested in their contributions, Company Matching contributions, Employer Retirement contributions, ESTCCA contributions and any earnings received, except as noted for Zeta employees with an Employer Retirement contribution account who are subject to a three-year graded vesting schedule for those contributions. Any Company Matching contributions received prior to January 1, 2020 for SAI employees were also subject to a three-year graded vesting schedule.

Participant Loans: Subject to certain restrictions, participants may periodically take loans from their accounts. Participants may borrow from their accounts a maximum loan amount equal to the lesser of (i) $50,000 less the highest outstanding loan balance during the past 12 months or (ii) 50% of the available account balance less any current outstanding loan balance (subject to a minimum loan amount of $500). Each participant's loan is charged an interest rate equal to 2% plus the prime rate in effect on the first day of the month prior to the first day of the quarter to which it is to apply.

Loans generally are repaid by direct payroll deduction and the repayment period cannot exceed five years except when the proceeds of the loan are used to acquire the participant's primary residence.

Payment of Benefits: Generally, upon termination of service, participants will receive the vested portion of the account in a lump sum. Participants may also elect a distribution in the form of installment payments over a fixed period of time. Subject to certain restrictions, the Plan permits other payment options. In addition, at the option of the participant, the commencement of payments may be deferred, subject to certain limitations. Benefits distributed from the Plan will be paid in cash. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the net appreciation/(depreciation) reported by the Plan.

Plan Termination: The Company reserves the right to discontinue Company Matching contributions, Employer Retirement contributions and Employer Special Transition Credit contributions or to terminate or modify the Plan at any time. In the event of plan termination, all account balances will become 100% vested and the net assets of the Plan will be distributed to participants in accordance with the Plan's provisions and applicable law.

Plan Transfers: In 2025, assets were transferred between the Plan and other retirement plans sponsored by affiliates of the Company. This transfer activity was due to the employment status change of certain employees moving between different positions within the Company and its affiliates.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Subsequent Events: Management evaluated subsequent events for the Plan through September 22, 2026, the date the financial statements were available to be issued.

In August 2026, Saudi Basic Industries Corporation completed the divestiture and sale of its Engineering Thermoplastics business, which included SABIC Innovative Plastics US LLC, the Plan Sponsor, to Mutares SE & Co. The Company continues to serve in its role as the Plan Sponsor following the transaction. In anticipation of this transaction, the Plan was amended to remove SABIC Americas LLC (SALLC) as a participating employer in the Plan effective June 30, 2026. Additionally, pursuant to an executed transfer agreement also effective June 30, 2026, the associated assets of current and former SALLC employees in the amount of approximately $66.2 million (unaudited) were transferred from the Plan to the SHPP US Employee Retirement Savings Plan.

NOTE 3 – CERTIFIED INFORMATION

With the exception of certain collective trust fund and registered investment company investments of $349,375,452 and $306,949,197 as of December 31, 2025 and 2024, respectively, and investment income on these investments of $54,831,010 for the year ended December 31, 2025, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety. Following is a description of the valuation techniques and inputs used for each general type of assets and liabilities measured at fair value by the Plan.

Collective Trust Funds: The fair values of the investments in this category have been estimated using the net asset value per share, as a practical expedient. For the T. Rowe Price US Value Equity Trust, unit holders may be required to provide 30 days' advance written notice to the trustee prior to redemption of trust units. The notice period may be shortened or waived by the trustee in its sole discretion. For the T. Rowe Price Stable Value Fund Trust, units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by the Plan; however, retirement plans invested in the trust are required to provide either 12 or 30 months' advance written notice prior to redemption of trust units; the notice period may be shortened or waived by the trustee in its sole discretion. There are currently no redemption restrictions on the other collective trust investments. The Plan has no future funding commitments associated with these investments.

Registered Investment Companies: These assets are valued at the closing price reported on the active market on which the individual securities are traded.

Self-Directed Brokerage Accounts: The self-directed brokerage accounts hold mutual funds and money market funds which are valued at the closing price reported on the active market on which the individual securities are traded.

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by fair value hierarchy level the Plan's assets carried at fair value as of December 31, 2025 and 2024:

	2025		2024	
	Total	Level 1	Total	Level 1
Registered investment companies	$ 60,978,075	$ 60,978,075	$ 50,340,441	$ 50,340,441
Self-directed brokerage accounts	22,234,561	22,234,561	19,687,496	19,687,496
Total	83,212,636	83,212,636	70,027,937	70,027,937
Collective trust funds measured at net asset value*	661,776,209	-	607,842,438	-
Total investments at fair value	$ 744,988,845	$ 83,212,636	$ 677,870,375	$ 70,027,937

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, liquidity, market volatility, credit risks as well as the risks associated with global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of a self-directed brokerage account managed by an affiliate of Fidelity Management Trust Company. The Plan also holds units of a mutual fund managed by Alliance Bernstein L.P., an affiliate of a service provider to the Plan. These transactions, notes receivable from participants and any administrative fees paid by the Plan to third party service providers qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

The Plan Trustee also provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and the Plan Trustee. The Plan Trustee receives revenue from mutual fund and collective trust fund service providers for services the Plan Trustee provides to the funds.

(Continued)

NOTE 7 – TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") dated March 6, 2015, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation under Section 501(a) of the Code. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Committee believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
