INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of The Dayton Power and Light Company Employee Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of The Dayton Power and Light Company Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 financial statements.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the/their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 8, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of The Dayton Power & Light Company Employee Savings Plan (the Plan) provides general information about the Plan's provisions. The Dayton Power & Light Company (the Company), which does business as AES Ohio, is the plan sponsor. Participants should refer to the plan document and summary plan description, copies of which may be obtained from the plan sponsor, for a more complete description of the Plan's provisions.

General

The Plan is administered by the Employees' Pension and Benefits Committee (the Pension Committee), which is a committee of not less than five persons appointed by the Board of Directors of the Company. The Plan is a defined contribution plan. A non-union employee becomes eligible for the Plan once the eligible employee completes one (1) hour of service. The Plan's trustee and record-keeper of the Plan's assets is T. Rowe Price Trust Company (T. Rowe Price). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was frozen as of December 31, 2024, for certain non-union employees hired after December 31, 2010, as well as for meter readers and part-time employees who do not participate in the traditional Dayton Power & Light Retirement Income Plan Management Formula. These employees became eligible to participate in the AES Corporation Retirement Savings Plan on January 1, 2025.

Contributions

An eligible participant may execute a salary reduction agreement directing the Company to contribute to the Plan on behalf of the participant up to 85% (in 1% increments) of annual compensation on a pretax or post-tax basis, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participant contributions withheld by the Company are paid into the Plan as soon as administratively possible.

Eligible, new employees are automatically enrolled in the Plan at a default contribution rate of 3% which is invested in the Retirement Income Fund appropriate for the participant's age. In addition, the plan includes an automatic 1% annual increase in the contribution rate up to a maximum of 10%. Employees may opt out of these automatic elections or choose to change the deferral percentage.

The Company matches $1.00 for every $1.00 of participant contributions, up to 1% of pay, with an additional match of $0.50 for each $1.00 of participant contributions on the next 5% of pay, for a total 3.5% match. The Plan allows for matching contributions to be made with bi-weekly cash contributions paid into participant 401(k) accounts. Additional matching contributions may be contributed at the discretion of the Company's Pension Committee, not to exceed 4% of compensation. Discretionary non-elective contributions may also be made to certain eligible participants. No such additional matching or discretionary contributions were made for 2025. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

1. Description of the Plan (continued)

Contributions (continued)

Effective January 1, 2025, The Dayton Power & Light Company has adopted certain provisions that include implementing SECURE 2.0 provisions to increase catch-up contributions for ages 60–63, raise the mandatory distribution limit to $7,000 and allow matching contributions for qualified student loan payments.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of the Plan's earnings or losses; and is charged with administrative expenses incurred for individual account level transactions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. In the event of partial or total termination of the Plan, the funds in the Plan shall be valued as of the date of partial or total termination and, after payment of necessary expenses, shall be distributed as though all participants directly affected by the partial or total termination had retired as of that date.

Vesting

Employee before and after-tax contributions are non-forfeitable and fully vested at all times. Employer matching contributions cliff-vest 100% after two years of service. A year of vesting service is a year during which the employee completes at least 1,000 hours of service.

Forfeitures

Termination of employment before the two-year vesting requirement requires forfeiture of all allocated employer contributions. Forfeited amounts may be used to reduce employer-matching contributions. As of December 31, 2025 and December 31, 2024, unallocated forfeiture balances were $2,584 and $2,400 respectively, and there were no forfeitures used to reduce employer contributions for 2025.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant, or the participant's beneficiary, may elect to receive either a lump-sum distribution paid directly to them, or elect a rollover to an individual retirement account. Distributions may be made in one lump-sum payment or in installments. Distributions on account of death must be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death. For a participant whose vested account balance is $7,000 or less, the Plan makes an automatic rollover to an IRA on the participant's behalf if the participant fails to elect a direct rollover or to receive a cash lump sum payment.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (the IRS).

1. Description of the Plan (continued)

Administrative Expenses

The Plan is administered by the Company, without charge to the Plan, as provided by the Plan's provisions. Participants pay the Trustee's compensation and expenses incurred in the administration of the Plan. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Permittable plan expenses are paid by plan participants. Investment related expenses are included in net appreciation (depreciation), as applicable, in fair value of investments.

Participant Loans

Participants may borrow up to the lesser of 50% of the vested portion of their account or $50,000, with a minimum loan requirement of $1,000. Participants are not entitled to receive a loan more frequently than once in any 12-month period. A participant is entitled to a maximum of two loans outstanding at any point in time. The period of repayment of the loan can vary but generally will not exceed five years, except for loans used to purchase or construct a principal residence where the repayment period will not exceed fifteen years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate (as listed in the Wall Street Journal, determined as of the first business day of the calendar quarter during which the loan is requested), plus 1%. Principal and interest are paid ratably through payroll deductions. Plan participants have the ability to pay off their loans at any time directly with the Plan's record-keeper. If the loan is not repaid, it will automatically be treated as a distribution to the participant. Once participants have separated from service, they are prohibited from taking out any new loans.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025, or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on an ex-dividend basis. Capital gain distributions are included in dividends. Interest income is recorded on an accrual basis as earned. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation/depreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by T. Rowe Price, the trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices in active market for identical assets
- Level 2 - Significant observable inputs. Level 2 inputs include the following:
    - quoted prices for similar assets and liabilities in active markets
    - quoted prices for identical or similar assets or liabilities in markets that are not active

4. Fair Value Measurements (continued)

- observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

- Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management assumptions regarding market participant assumptions used in pricing the asset or liability (including assumptions about risk)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of assets measured at fair value by the Plan:

Money Market Funds: Money market fund is valued using the NAV method in which an average of the market prices for the underlying investments is used to value the fund.

Mutual Funds: Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end.

Common/Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. As of December 31, 2025 and 2024 the Plan holds several common collective trust investments. There are no unfunded commitments. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Account: Consists of mutual funds which are valued at quoted market prices that represent the net asset value of shares; collective trusts which are valued at net asset value provided by the plan administrators, which is the readily determinable fair value and the basis for current transactions and common stocks which are valued at the closing price reported on the active market where it is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets carried at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Self-Directed Investments	$ 4,566,550	$ -	$ -	$ 4,566,550

5. Related Party and Party-in-Interest Transactions

Certain Plan investments consist of shares of mutual funds and units of common/collective trust funds selected based on the recommendations of the Plan's investment advisor, an unrelated party. The Plan also holds investments sponsored by T. Rowe Price, which serves as a Trustee of the Plan. As a result, these investments constitute party-in-interest transactions. However, such transactions are exempt from the prohibited transaction provisions of ERISA pursuant to the applicable statutory and administrative exemptions.

The Company established an ERISA account in the Plan whereby a portion of the fund fees are collected in an Administrative Budget account and can be used to pay qualified plan expenses. Excess funds in the Administrative Budget account, that are not used to pay qualified plan expenses, will be periodically distributed to plan participants on a pro-rata basis. The Administrative Budget account totaled $0 on December 31, 2025 and 2024.

6. Transfers

In 2025 there were incoming transfers of $306,447 from certain employees who transferred employment with the Company. These transfers reflect the movement of savings for employees who have changed from plan eligibility.

In 2025 there were outgoing balance transfers of $13,577,018 for certain employees who transfer employment within the Company. These transfers reflect the movement of savings for employees who have changed plan eligibility.

7. Tax Status

The Plan has received a determination letter from the IRS dated September 14, 2017, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

During the plan year ended December 31, 2025, participant contributions, including loan repayments, totaling $0.05 million, were not remitted to the Plan within the time period prescribed by the Department of Labor ("DOL"). These delinquent contributions are reported on Schedule H, Line 4a, Schedule of Delinquent Participant Contributions. As of December 31, 2025, the delinquent contributions were pending correction under the U.S. Department of Labor's Voluntary Fiduciary Correction Program (VFCP).

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term which could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Delinquent Participant Contributions

During the Plan year ended December 31, 2025, the Plan failed to deposit $52,113 of participant contributions and loan repayments within the required time frame as stated by United States Department of Labor ("DOL") regulations. The Plan Sponsor remitted the delinquent contributions to the Plan, including lost earnings, during 2026.

10. Subsequent Events

The Dayton Power & Light Company amended the Plan to comply with certain provisions of the SECURE 2.0 Act. The amendments include revisions to the definitions of "More Than 5% Owner," "Required Beginning Date," and "Long-Term, Part-Time Employee." The Plan was also amended to address catch-up contributions for higher-paid employees, distributions to surviving spouses, and the eligibility of qualifying Long-Term, Part-Time Employees to make Elective Deferrals. Such employees are not eligible to receive certain employer contributions, and Hours of Service completed before 2021 are disregarded when determining eligibility.

10. Subsequent Events (continued)

On March 1, 2026, AES entered into an Agreement and Plan of Merger (the “Merger Agreement"), by and among AES, Horizon Parent, L.P., a Delaware limited partnership (“Parent"), and Horizon Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Parent (“Merger Sub"). Pursuant to the Merger Agreement, Merger Sub will merge with and into AES (the “Merger"), with AES continuing as the surviving corporation in the Merger. Parent is controlled by investment vehicles affiliated with one or more funds, accounts or other entities managed or advised by Global Infrastructure Management, LLC and the EQT Infrastructure VI fund. Consummation of the Merger is subject to various closing conditions. The plan will not be impacted upon the closing of the merger.

Subsequent events have been evaluated through October 9, 2026, the date these statements were available to be issued.
