INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Altisource Employees' Savings Plan
Atlanta, GA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Altisource Employees' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Altisource Employees' Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution (Fidelity) or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for

the Audit of the Financial Statements section of our report. We are required to be independent of Altisource Solutions, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Altisource Solutions, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Altisource Solutions, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Altisource Solutions, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of the Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALTISOURCE EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

Altisource Solutions, Inc., the Plan Sponsor, and its participating affiliates ("the Company) maintain the Altisource Employees' Savings Plan ("Plan") for the benefit of eligible employees. The Plan Administrator is the Altisource Retirement Plan Committee. The following description of the "Plan" provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The following entities participated in the Plan, referred to collectively as the Company:

- Altisource Solutions, Inc.
- Altisource Fulfillment Operations, Inc.
- Power Default Services, Inc.
- Premium Title Insurance Agency – UT, Inc.
- Premium Title of California, Inc.
- Premium Title Services, Inc.
- Premium Title Services Texas
- REALHome Services and Solutions, Inc.
- Springhouse, LLC
- Western Progressive – Arizona, Inc.
- Western Progressive – Washington, Inc.
- Western Progressive – Virginia, Inc.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one month of service and are at least twenty-one years of age. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. Enrollment in the plan is allowed on the first day of the quarter following the date the employee becomes eligible to participate.

Contributions

Participants may elect to contribute a specific percentage or dollar amount of compensation, as defined in the Plan Agreement, up to the total annual deferral limit set by law. Participants may also contribute amounts representing distributions from other qualified plans. Additional matching contributions may be made at the discretion of the Company's management. Participants direct the investment of all contributions among various investment options offered by the Plan.

Participant Accounts

Participant accounts are valued on a daily basis based on quoted market prices. Each account is credited with the participant's contributions, the Company's matching contributions, and allocations of net investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service on an evenly graduated scale. A participant is 100% vested after four years of credited service or when they reach the age of 59 ½.

Employee Investment Options

Upon enrollment in the Plan, participants may direct contributions among investment choices offered by the Plan. Participants may change their investment options on any business day. There are no non-participant-directed investments in the Plan. All investments are allocated based upon the participants' elections.

Note Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan terms for repayment range from one to five years or up to ten years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator based on prevailing interest rates for similar loans. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, a Beneficiary will receive the death benefit in a single lump-sum payment. On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or defer payments according to current laws concerning required distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited funds may be used by the plan sponsor to pay Plan administrative expenses or reduce future Company contributions. Employer contributions and Plan expenses paid from the forfeited nonvested accounts for the years ended December 31, 2025 and 2024 were $31,372 and $143,077, respectively. The balance of the forfeiture account as of December 31, 2025 and 2024 was $119 and $1,006, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements.

The net appreciation or deprecation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the dividend distribution date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Market conditions may result in an unusually high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Administration Expenses

The Company absorbs significant costs of Plan administration related to legal, accounting, recordkeeping, and general administration. Investment advisory fees and other expenses related to the administration of the Plan are paid either by the Plan, the Company, or the participants.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

In accordance with FASB ASU 2010-25, participant loans are classified as loans receivable for GAAP purposes and measured at the unpaid principal plus accrued but unpaid interest, when such interest is material.

New Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. The most significant changes impacting existing plan provisions included updates to required minimum distributions (RMDs) and hardship distribution rules, expanded eligibility of part-time employees, modifications to catch-up contribution rules and options for the plan sponsor to make matching contributions to an employee's retirement account based on employee's student loan payment. SECURE Act 2.0 amendments must be adopted by December 31, 2025, for calendar year plans. Plan documents are to be updated in accordance with the provisions of SECURE Act 2.0.

NOTE 3 – INVESTMENTS

The Plan's investments (including interest; dividends; and gains and losses on investments bought and sold, as well as held during the year) changed in value by $6,023,266 and $5,041,856 during the years ended December 31, 2025 and 2024, respectively.

NOTE 4 – RECORDKEEPING AND CUSTODIAN AGREEMENTS

Record keeping services are performed by Fidelity Investments Institutional Operations Company and trustee services are provided by Fidelity Management Trust Company.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of various mutual funds which are managed by Fidelity Management Trust Company, who has been designated as the trustee. Administrative expenses paid from plan assets totaled $89,927 and $60,559 for the years ended December 31, 2025 and 2024, respectively. The Company did not pay any fees to the plan sponsor during the years ended December 31, 2025 and 2024. In addition, the Company provides certain accounting and administrative services to the Plan, for which no fees are charged.

NOTE 6 – TAX STATUS

The Plan has adopted a standardized form of a prototype plan offered by Fidelity Management Trust Company, who has represented that the prototype plan qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PLAN AMENDMENTS

The Plan has been amended and restated as necessary to comply with recent legislative actions. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were assessed and the loan repayment deferment option has been implemented to date.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The amounts reported as net assets available for benefits and contributions from participants are presented in the financial statements as of December 31, 2025 and 2024 are equal to the amounts reported on Schedule H of Form 5500. There are no amounts allocated to withdrawing participants recorded on the financial statements that were not included on Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

NOTE 9 – UNAUDITED INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024. Accordingly, as permitted under this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the trustee.

	2025	2024
Investments, at fair value	$ 41,028,936	$ 36,539,495
Notes receivable from participants	$ 334,835	$ 344,060
Investment income	$ 6,023,266	$ 5,041,856
Interest on notes receivable from participants	$ 30,197	$ 28,194

NOTE 10 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under SFAS 157 are described as follows:

Level 1	Inputs to the valuation methodology are based on quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs to the valuation methodology are based on quoted prices in markets that are not active or for which significant inputs are observable either directly or indirectly.
Level 3	Inputs to the valuation methodology are based on inputs that are unobservable and significant to the overall fair value measurement.

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as general classifications of such instruments pursuant to the valuation hierarchy. There has been no changes in methodologies at December 31, 2025 and 2024.

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: These investments are valued at the daily closing price as reported by the fund. They are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These investments are classified as Level 1.

Common collective investment trusts: These investments are a group of pooled accounts held by the trust company. They are valued at the present value of future cash flows of the underlying securities. daily closing price as reported by the fund. The underlying funds are required to publish their daily net asset value and to transact at that price. These investments are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 10 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at estimated fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
Self-directed investment account:				
Mutual funds	$ 40,471,139	$ -	$ -	$ 40,471,139

Total investments, at fair value	$ 40,471,139	$ 557,797	$ -	$ 41,028,936

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at estimated fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	Total
Self-directed investment account:

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Altisource Employees' Savings Plan
Atlanta, GA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Altisource Employees' Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Altisource Employees' Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution (Fidelity) or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for

the Audit of the Financial Statements section of our report. We are required to be independent of Altisource Solutions, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Altisource Solutions, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Altisource Solutions, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Altisource Solutions, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of the Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALTISOURCE EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 – DESCRIPTION OF PLAN

Altisource Solutions, Inc., the Plan Sponsor, and its participating affiliates ("the Company) maintain the Altisource Employees' Savings Plan ("Plan") for the benefit of eligible employees. The Plan Administrator is the Altisource Retirement Plan Committee. The following description of the "Plan" provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The following entities participated in the Plan, referred to collectively as the Company:

- Altisource Solutions, Inc.
- Altisource Fulfillment Operations, Inc.
- Power Default Services, Inc.
- Premium Title Insurance Agency – UT, Inc.
- Premium Title of California, Inc.
- Premium Title Services, Inc.
- Premium Title Services Texas
- REALHome Services and Solutions, Inc.
- Springhouse, LLC
- Western Progressive – Arizona, Inc.
- Western Progressive – Washington, Inc.
- Western Progressive – Virginia, Inc.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed one month of service and are at least twenty-one years of age. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended. Enrollment in the plan is allowed on the first day of the quarter following the date the employee becomes eligible to participate.

Contributions

Participants may elect to contribute a specific percentage or dollar amount of compensation, as defined in the Plan Agreement, up to the total annual deferral limit set by law. Participants may also contribute amounts representing distributions from other qualified plans. Additional matching contributions may be made at the discretion of the Company's management. Participants direct the investment of all contributions among various investment options offered by the Plan.

Participant Accounts

Participant accounts are valued on a daily basis based on quoted market prices. Each account is credited with the participant's contributions, the Company's matching contributions, and allocations of net investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service on an evenly graduated scale. A participant is 100% vested after four years of credited service or when they reach the age of 59 ½.

Employee Investment Options

Upon enrollment in the Plan, participants may direct contributions among investment choices offered by the Plan. Participants may change their investment options on any business day. There are no non-participant-directed investments in the Plan. All investments are allocated based upon the participants' elections.

Note Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loan terms for repayment range from one to five years or up to ten years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator based on prevailing interest rates for similar loans. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, a Beneficiary will receive the death benefit in a single lump-sum payment. On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or defer payments according to current laws concerning required distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited funds may be used by the plan sponsor to pay Plan administrative expenses or reduce future Company contributions. Employer contributions and Plan expenses paid from the forfeited nonvested accounts for the years ended December 31, 2025 and 2024 were $31,372 and $143,077, respectively. The balance of the forfeiture account as of December 31, 2025 and 2024 was $119 and $1,006, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements.

The net appreciation or deprecation in the fair value of investments is reflected in the Statements of Changes in Net Assets Available for Benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the dividend distribution date. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Market conditions may result in an unusually high degree of volatility and increase the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Administration Expenses

The Company absorbs significant costs of Plan administration related to legal, accounting, recordkeeping, and general administration. Investment advisory fees and other expenses related to the administration of the Plan are paid either by the Plan, the Company, or the participants.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

In accordance with FASB ASU 2010-25, participant loans are classified as loans receivable for GAAP purposes and measured at the unpaid principal plus accrued but unpaid interest, when such interest is material.

New Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. The most significant changes impacting existing plan provisions included updates to required minimum distributions (RMDs) and hardship distribution rules, expanded eligibility of part-time employees, modifications to catch-up contribution rules and options for the plan sponsor to make matching contributions to an employee's retirement account based on employee's student loan payment. SECURE Act 2.0 amendments must be adopted by December 31, 2025, for calendar year plans. Plan documents are to be updated in accordance with the provisions of SECURE Act 2.0.

NOTE 3 – INVESTMENTS

The Plan's investments (including interest; dividends; and gains and losses on investments bought and sold, as well as held during the year) changed in value by $6,023,266 and $5,041,856 during the years ended December 31, 2025 and 2024, respectively.

NOTE 4 – RECORDKEEPING AND CUSTODIAN AGREEMENTS

Record keeping services are performed by Fidelity Investments Institutional Operations Company and trustee services are provided by Fidelity Management Trust Company.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain Plan investments are shares of various mutual funds which are managed by Fidelity Management Trust Company, who has been designated as the trustee. Administrative expenses paid from plan assets totaled $89,927 and $60,559 for the years ended December 31, 2025 and 2024, respectively. The Company did not pay any fees to the plan sponsor during the years ended December 31, 2025 and 2024. In addition, the Company provides certain accounting and administrative services to the Plan, for which no fees are charged.

NOTE 6 – TAX STATUS

The Plan has adopted a standardized form of a prototype plan offered by Fidelity Management Trust Company, who has represented that the prototype plan qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself. However, the Plan administrator believes the Plan was designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PLAN AMENDMENTS

The Plan has been amended and restated as necessary to comply with recent legislative actions. The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were assessed and the loan repayment deferment option has been implemented to date.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The amounts reported as net assets available for benefits and contributions from participants are presented in the financial statements as of December 31, 2025 and 2024 are equal to the amounts reported on Schedule H of Form 5500. There are no amounts allocated to withdrawing participants recorded on the financial statements that were not included on Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

NOTE 9 – UNAUDITED INFORMATION CERTIFIED BY PLAN TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reflected in the statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024. Accordingly, as permitted under this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such information to the information included in the Plan's financial statements and supplemental schedule.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the trustee.

	2025	2024
Investments, at fair value	$ 41,028,936	$ 36,539,495
Notes receivable from participants	$ 334,835	$ 344,060
Investment income	$ 6,023,266	$ 5,041,856
Interest on notes receivable from participants	$ 30,197	$ 28,194

NOTE 10 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under SFAS 157 are described as follows:

Level 1	Inputs to the valuation methodology are based on quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs to the valuation methodology are based on quoted prices in markets that are not active or for which significant inputs are observable either directly or indirectly.
Level 3	Inputs to the valuation methodology are based on inputs that are unobservable and significant to the overall fair value measurement.

When available, quoted market prices are used to determine the fair value of investments held in the Plan, and such items are classified within Level 1 of the fair value hierarchy. The level to which an asset or liability is classified is based upon the lowest level of input that is significant to the fair value measurements.

The following is a description of the valuation methodologies used for instruments measured at fair value, as well as general classifications of such instruments pursuant to the valuation hierarchy. There has been no changes in methodologies at December 31, 2025 and 2024.

Money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: These investments are valued at the daily closing price as reported by the fund. They are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. These investments are classified as Level 1.

Common collective investment trusts: These investments are a group of pooled accounts held by the trust company. They are valued at the present value of future cash flows of the underlying securities. daily closing price as reported by the fund. The underlying funds are required to publish their daily net asset value and to transact at that price. These investments are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 10 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at estimated fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
