INDEPENDENT AUDITORS' REPORT

To Those Charged with Governance of
FoodScience, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of FoodScience, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of FoodScience, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of FoodScience, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about FoodScience, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of FoodScience, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about FoodScience, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at Year End) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN:

The following description of the FoodScience, LLC 401(k) Profit Sharing Plan, (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Sections 401(a) and 401(k) of the Internal Revenue Code on October 21, 1976, covering substantially all employees of FoodScience, LLC (the "Company") and its wholly owned subsidiary, Pet Tech Labs, LLC, who is a participating employer. Effective December 5, 2025, Pet Tech Lab, LLC was merged into FoodScience, LLC. For elective deferrals, participants may become eligible the first day of the month following their date of hire and attainment of age 18. For matching and nonelective contributions, participants are eligible on the first day of the next month following one (1) year of service, as defined in the Plan, and upon the attainment of 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute any amount of their annual compensation amount up to the maximum percentage allowable, not to exceed the limits as defined by the Internal Revenue Code. All eligible employees are automatically enrolled at 6% unless the employee elects otherwise. Participants direct their contributions into various investment options offered by the Plan. Additionally, participants over the age of 50 are eligible to make catch up contributions which are also limited by IRC regulations. Effective January 1, 2025, the threshold for catch-up contributions for individuals who have attained age 60 to 63 ("Super Catch Up") was increased to $11,250 in accordance with the SECURE 2.0 Act of 2022.

The Plan allows for safe harbor matching contributions for all eligible employees at 100% of the first 1% of employee eligible compensation contributed to the Plan and an additional 60% of the next 5% of employee compensation contributed to the Plan. Total employer safe harbor contributions for the years ended December 31, 2025 and 2024 were $472,605 and $437,496, respectively.

The Company, at the discretion of management, may make discretionary profit-sharing contributions. The Company elected not to make profit-sharing contributions for the years ended December 31, 2025 and 2024, respectively.

Participant accounts

Each participant's account is credited with the participant's voluntary contribution and an allocation of the Company's contributions and Plan earnings, and is charged with an allocation of investment expenses. Earning allocations are based on participant account balances, compensation or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Investment options are participant directed based on certain options offered to the Plan by the custodians.

1. DESCRIPTION OF PLAN: (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions to the Plan plus actual earnings thereon. Employer matching contributions, qualified safe harbor contributions and discretionary profit-sharing contributions are subject to the following vesting schedules:

Matching contributions and qualified safe harbor contributions:

Years of Service	Percentage
Less than 1	0%
1	100%

Discretionary profit-sharing contributions:

Years of Service	Percentage
1	33%
2	66%
3	100%

Participants also become 100% vested in all employer contributions when the participant is employed on or after their normal retirement age, dies, becomes disables, or the Plan is terminated.

Payments and benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or substantially equal installments. Entire death benefit must be paid to the participant's beneficiary within five years after death. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Non-vested portions are maintained by the Plan in the forfeiture account. Hardship distributions are permitted only from the pre-tax and Roth elective accounts and these distributions may only come from accounts which are fully vested. After termination of service, participant consent for distribution is required only for accounts of $7,000 or greater.

Forfeitures

A forfeiture is a loss of all or a portion of employer contributions and earnings thereon allocated to an account of participant separating from service before becoming 100% vested. Forfeitures are used to reduce future employer contributions allocated to eligible participants or to offset administrative expenses. During 2025 and 2024, $13,027 and $6,343 in forfeitures were used to reduce the employer matching contributions, respectively. During 2025 and 2024, no forfeitures were used to offset expenses. At December 31, 2025 and 2024, there was $12,547 and $19,997 in total forfeited nonvested accounts, respectively, which is included with the stable value fund / common collective trust (see Note 5).

1. DESCRIPTION OF PLAN: (CONTINUED)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum amount of $50,000 reduced by the excess of an individual's highest outstanding balance of loans from the Plan during the one-year period ending before the date of the new loan. The loans are secured by the vested balance in the participant's account and bear interest at the comparable bank rate in effect at the time of the loan. As of December 31, 2025, interest rates on outstanding participant notes receivable ranged from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

SECURE 2.0 Act of 2022

The SECURE 2.0 Act of 2022 (the "Act") was signed into law on December 29, 2022, to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan amendments required by the Act generally need not to be made until the end of the first plan year beginning on or after January 1, 2026, however, plans must operate in accordance with effective date of each new provision. A significant provision of this Act that may affect the plan requires catch-up contributions for any participants over age 50 who earn $145,000 be on a Roth basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Benefits payments

Distributions are subject to the applicable provisions of the Plan document and Internal Revenue Service regulations. Benefit payments to participants are recorded upon distribution.

The Plan adopted the following voluntary provisions of the SECURE 2.0 Act:

- Effective for distributions made after December 31, 2023, mandatory distributions for vested balances less than $7,000 (increased from $5,000) will occur upon severance from employment.
- Effective for calendar years beginning after December 31, 2023, a surviving spouse can elect to be treated as the deceased employee for purposes of the required minimum distribution rules.
- Effective for distributions made after December 31, 2023, withdrawals for an individual case of domestic abuse will be penalty-free.
- Effective for disasters occurring on or after January 26, 2021, distributions of up to $22,000 will be allowed for individuals affected by qualified federally declared disasters.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Notes receivable from participants
Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at December 31, 2025 and 2024. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Administrative fees
Plan expenses relating to the management of the investments are paid by the Plan (see Note 7), however, the Plan sponsor pays other administrative expenses of the Plan, which are excluded from these financial statements.

Investment valuation and income recognition
Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors and record keeper that is used to determine the fair value of the Plan's investments. See Note 4 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation in fair value is reflected in the statements of changes in net assets available for benefits. The net appreciation in the fair value of its investments consists of realized gains and losses and unrealized appreciation on those investments.

Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Purchase and sale of securities are recorded on a trade-date basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each of the participant's individual account balance to the aggregate of the participant account balances. The portion of interest included in each loan payment by a participant is recognized as interest income in the participant's account.

Plan termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Use of estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and DOL rules and regulations for reporting and disclosure under ERISA require the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Risks and uncertainties

The Plan provides for various investment fund options in any combination of fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. INFORMATION CERTIFIED BY THE CUSTODIANS:

The Plan administrator has elected the method of compliance permitted by 26 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the custodians of the Plan assets, certified to the completeness and accuracy of all investments and notes receivable from participants which are reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2025 and 2024, the schedule of assets (held at end of year) at December 31, 2025, and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2025 and 2024.

4. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan as the ability to access.

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.

Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are valued at the closing price recorded on the active market in which these individual securities are traded.

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

Stable value fund / Common collective trust fund: The fund is composed primarily of investment contracts contained in an insurance company general account. Fair value is determined by the net asset value ("NAV") based on the quoted market price of the underlying funds (see Note 5).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements			
December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total Fair Value**
Investments at fair value:				
Mutual funds	$ 24,140,046	$ -	$ -	$ 24,140,046
Investments measured at NAV				
Stable value fund	-	-	-	134,541
Total investments at fair value	$ 24,140,046	$ -	$ -	$ 24,274,587
December 31, 2024				
Investments at fair value:				
Mutual funds	$ 19,977,708	$ -	$ -	$ 19,977,708
Investments measured at NAV				
Stable value fund	-	-	-	698,222
Total investments at fair value	$ 19,977,708	$ -	$ -	$ 20,675,930

5. STABLE VALUE FUND / COMMON COLLECTIVE TRUST:

The Plan holds investments in Putnam Stable Value Fund, (the "Fund"), a common collective trust stable value fund administered by Putnam Fiduciary Trust Company, LLC ("PFTC"). The Fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The Fund invests primarily in guaranteed investment contracts issued by insurance companies, banks, and other financial institutions as well as security-backed investment contracts. The Fund also enters into "wrap" contracts issued by third parties that allows participant transactions to be executed at contract value.

5. STABLE VALUE FUND / COMMON COLLECTIVE TRUST: (CONTINUED)

PFTC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan and is not permitted to terminate the agreement prior to the scheduled maturity date. The fair value of the contract represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. NAV, as reported by PFTC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. During 2025 and 2024 the average crediting rate was 3.89% and 3.81%, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Fund to transact at contract value with the issuer. The Fund has determined that it is highly unlikely that any event would occur that would limit its ability to transact at contract value with each issuer under those events.

6. PLAN TAX STATUS:

An opinion letter was received on June 30, 2020, indicating that the Plan, as a volume submitter profit sharing plan, is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the latest determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken, or expected to be taken, and has concluded that as of December 31, 2025, there are no uncertain positions that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. PARTIES IN INTEREST:

Empower Trust Company, LLC and Empower Annuity Insurance Company of America are custodians of the Plan's investments, therefore these transactions qualify as party-in-interest transactions. For the years ended December 31, 2025 and 2024, fees paid by the Plan to Empower Trust Company, LLC and Empower Annuity Insurance Company of America for record keeping, administration, distribution and loan services amounted to $40,472 and $36,666, respectively.

7. PARTIES IN INTEREST: (CONTINUED)

Morgan Stanley is the investment advisor for the Plan's investments, therefore these transactions qualify as party-in-interest transactions. For the years ended December 31, 2025 and 2024, fees paid by the Plan for investment advisory services to Morgan Stanley amounted to $52,656 and $48,452, respectively.

Future Planning Associates, Inc. is the contract administrator of the Plan's investments, therefore these transactions qualify as party-in-interest transactions. For the years ended December 31, 2025 and 2024, fees paid by the Plan for contract administration services amounted to $13,745 and $14,320, respectively.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services at no cost to the Plan.

8. SUBSEQUENT EVENTS:

In April 2025, FoodScience, LLC acquired Elements Brands Holdings I, LLC, whose employees had been eligible to participate in the Elements Brands 401(k) Plan. As of January 1, 2026, these employees were eligible to participate in the FoodScience, LLC 401(k) Profit Sharing Plan. Management is in the process of terminating the Elements Brands 401(k) Plan.

Management has evaluated subsequent events through September 24, 2026, the date on which the financial statements were available to be issued.
