INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
EPES Transport System 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of EPES Transport System 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified

investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of these Financial Statements.

(1) Plan Description

The following description of the Epes Transport System 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

(a) General

The Plan is a defined contribution plan covering substantially all employees of Epes Transport System, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is a wholly owned subsidiary of Penske Truck Leasing Co., L.P.

(b) Administration

Penske Truck Leasing Co., L.P. is the Plan Administrator. The Benefits Plan Committee appointed by the Plan Administrator's board of directors performs certain functions, including interpretation of the Plan. The Company is the Plan Sponsor.

(c) Eligibility

The Plan provides that employees of the Company are eligible to enter the Plan after 90 days of consecutive service.

(d) Contributions and Maintenance of Accounts

Participants may elect to defer up to 90% of compensation as pre-tax, after-tax, or Roth, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may make a discretionary matching contribution not to exceed 4% of employee compensation. The Company made matching contributions of 50% of participant compensation up to 4% for 2025. The Company may also make a discretionary profit-sharing contribution to the Plan. Any profit-sharing contribution is allocated to eligible participants based upon the percentage of each participant's compensation to the total compensation of all eligible participants. No discretionary profit-sharing contributions were made in 2025. Total contributions, both participant and Company, are not to exceed the limits specified by the Internal Revenue Service (IRS).

Upon enrollment in the Plan, a participant may direct participant and Company contributions in any of the investment options offered through the Plan. Participants may change their investment options and deferral percentages at any time.

Each participant's account is credited with the participant's and Company's contributions and allocations of (a) Plan's net earnings or (losses) and (b) administrative expenses. Participant accounts are also charged with withdrawals. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(e) Investment of Contributions and Operation of Trust Fund

Principal Trust Company (the Trustee) maintains the trust fund, under which plan assets are held in safekeeping and from which plan distributions are made. All contributions made pursuant to the Plan and all earnings (losses) and appreciation (depreciation) in fair value thereon are held in that trust fund maintained pursuant to a trust agreement. The trust agreement sets forth the responsibilities and duties of the Trustee with respect to the trust fund.

(f) Investment Options

The Plan provides a participant the discretion of investing their account balance in a diverse variety of funds. The funds vary in degree of risk and investment objective. See further discussion of investments in note 3.

(g) Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings (losses) thereon. The portion of participants' accounts attributable to employer contributions vests fully upon completion of three years of service. Participants' accounts also become fully vested upon attainment of the normal retirement age of 65, in the event of death or total disability, and upon termination of the Plan.

Forfeitures from non-vested participant accounts may be used to reduce plan expenses and future Company discretionary matching contributions. Forfeitures of approximately $288,000 were used to offset the Company's discretionary matching contributions for 2025. Available forfeited non-vested accounts were immaterial at December 31, 2025 and 2024.

(h) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms are primarily up to five years or up to fifteen years for the purchase of a primary residence. Participants may only have one outstanding note at a time. The notes are secured by the vested account balance in the participant's account and bear interest at the prime rate plus 1% at the date of the application. Principal and interest are repaid ratably through payroll deductions. As of December 31, 2025, interest rates on participant loans ranged from 4.25% to 9.50% and have maturity dates ranging from 2026 to 2036.

(i) Benefit Payments

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive a lump-sum payment or installment payments. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates and assumptions.

(c) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility, including those due to pandemics and international unrest. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(d) Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation), as shown on the Statement of Changes in Net Assets Available for Benefits, includes both realized and unrealized gains and losses.

Management fees and operating expenses charged to the Plan for investments in mutual funds and collective trust funds are deducted from income earned on a daily basis and are therefore reflected as a reduction of the investment return for such investments.

(e) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

(f) Contributions

Participant contributions are recorded by the Plan when withheld from participants. Employer contributions are recorded by the Plan when earned.

(g) Administrative Expenses

Certain administrative fees are paid by the Plan. Loan origination and withdrawal fees are paid from affected participant accounts. The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the record keeper to offset the Plan’s administrative expenses.

(h) Payment of Benefits

Benefit payments are recorded when paid. There were no benefits payable at December 31, 2025 or 2024.

(3) Fair Value Measurements

Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assessing the significance of a particular input requires judgement that considers facts specific to the asset or liability. The assessment of significance of a particular input may affect how the assets and liabilities are classified within the fair value hierarchy.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds (registered investment companies) are valued at quoted market prices in an active market on the last business day of the year.

Collective trust funds are valued at the net asset value (NAV) of shares held by the Plan at year-end, which is provided by the fund. The unit price of these investments is not quoted on an active market; however, the unit price is based on underlying investments that are either traded daily on an active market, or are valued based on other observable inputs. There are no unfunded commitments and redemptions occur at the NAV, without restriction. However, it is possible that the redemption rights may be restricted in the future.

Pooled separate accounts can include, but are not limited to stocks, bonds, mortgages, real estate, mutual funds, and other separate accounts. The value of a separate account is the market value of the underlying assets of the separate account plus income accrued but not yet received less operating expenses accrued but not deducted, if any.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes between levels during 2025 or 2024.

The tables below present the fair value of each major category of the Plan's assets and the level of inputs used to measure fair value as of December 31, 2025 and 2024. There were no Level 3 fair value measurements in either period.

	2025 Fair Value Measurements		
Asset Class	**Total**	**Level 1**	**Level 2**
Mutual funds	$ 12,014,951	$ 12,014,951	$ -
Collective trust funds	19,509,732	-	19,509,732
Pooled separate accounts	313,932	-	313,932
	$ 31,838,615	$ 12,014,951	$ 19,823,664

	2024 Fair Value Measurements		
Asset Class	**Total**	**Level 1**	**Level 2**
Mutual funds	$ 12,622,014	$ 12,622,014	$ -
Collective trust funds	19,979,481	-	19,979,481
Pooled separate accounts	392,479	-	392,479
	$ 32,993,974	$ 12,622,014	$ 20,371,960

(4) Certified Investment Information

The Plan's investments are held by bank-administered trust-funds. Information certified or derived from data provided by the Trustee as being complete and accurate as of December 31, 2025 and 2024 and for the year ended December 31, 2025 is as follows:

	2025	**2024**
Participant-directed investments, at fair value	$ 31,838,615	$ 32,993,974
Net appreciation in fair value of investments	3,691,810	
Interest and dividends	279,218	

Information included in Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) and investment values in note 3, excluding the level of fair value measurements, were also derived from information certified by the Plan's Trustee.

Other information that has been certified or derived from data provided by the Trustee as of December 31, 2025 and 2024 and for the year ended December 31, 2025 is as follows:

	2025	2024
Notes receivable from participants	$ 1,175,303	$ 1,290,159
Interest on notes receivable from participants	101,267	

(5) Exempt Party-in-Interest Transactions

The Plan pays fees to the Trustee for investment management services, and the Plan holds investments that are managed and sponsored by the Trustee. These transactions qualify as exempt party-in-interest transactions.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

(7) Federal Income Tax Status

Prior to April 1, 2024, the Plan used a prototype plan document sponsored by Transamerica Retirement Solutions, LLC (Transamerica), the previous recordkeeper of the Plan. Transamerica received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC).

On April 1, 2024, the Plan began using a prototype plan document sponsored by Principal Financial Group. Principal Financial Group received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC.

The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the IRC. During 2025 and 2024, the Plan had certain operational issues for which the Plan Administrator completed the necessary corrective steps. The Plan Administrator believes the Plan has maintained its tax-exempt status and therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) Nonexempt Party-In-Interest Transactions

The Company remitted 2024 participant contributions estimated at $255,287 to the Trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company will file the Form 5330 with the IRS and pay the required excise tax on the transaction. In 2025, the participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

The Company remitted 2025 participant contributions estimated at $66,350 to the Trustee later than required by DOL Regulation 2510.3-102. The Company will file the Form 5330 with the IRS and pay the required excise tax on the transaction. In 2025, the participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

(9) Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 8, 2026, which is the date these financial statements were available to be issued. There were no subsequent events that required recognition or disclosure.
