Independent Auditors' Report

To the Plan Administrator of ATC Management Inc. Health and Welfare Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ATC Management Inc. Health and Welfare Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ATC Management Inc. Health and Welfare Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a) (3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ATC Management Inc. Health and Welfare Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ATC Management Inc. Health and Welfare Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ATC Management Inc. Health and Welfare Plan’s internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ATC Management Inc. Health and Welfare Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—2024 Financial Statement

Predecessor auditors performed an audit of the 2024 financial statements of ATC Management Inc. Health and Welfare Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 20, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule(s), other than the information in the 2024 supplemental schedule(s) that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule(s) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the ATC Management Inc. Health and Welfare Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General—The Plan provides health benefits covering active and retired employees who meet certain eligibility requirements, including their eligible dependents. ATC Management Inc. (the "Company" or the "Plan Sponsor") sponsors the Plan. The Company's wrap plan bundles several non-health benefit offerings and includes them as a part of the Plan for the purpose of reducing administration expenses of the wrapped plans. Additional benefits included in the Plan under the wrap plan document are listed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility—There are three ways to be an eligible employee under the Plan:

1. Active employees who work for the Company at least twenty hours per week on a regular basis, as defined in the plan documents, are eligible as of the first of the month following date of hire, except for long- and short-term disability benefits and access to the employee assistance program (EAP). All employees, regardless of hours worked, are eligible to participate in the EAP. The effective date of employee coverage for the long- and short-term disability benefits begins on the first day of the month beginning six months from date of hire.

2. Retirees are eligible for coverage under the Plan only if they terminate employment with the Company after attaining age 55 and completing 10 years of eligibility service or after attaining age 60 and completing 5 years of eligibility service.

3. Employees that are considered full-time and eligible under the Affordable Care Act Eligibility Rule.

For purposes of determining a participant's eligibility service (but not for purposes of determining contribution service which is discussed in Note 3), all service with the Company shall be included. Terminated participants may continue to participate pursuant to the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Benefits—The Plan provides comprehensive health coverage for hospitalization, surgical-medical, accident and sickness, prescription drug coverage, dental coverage, and vision coverage, subject to certain exclusions and maximum coverage limitations, as described in the plan documents. The Company self-insures medical and dental coverage for both active employees and retirees up to age 65. Flexible spending accounts (FSA) and short-term disability benefits are also self-insured and available to active employees. Self-insured benefit payments, other than short-term disability, are processed by third-party administrators. The third-party administrators process claims submitted for participants and determine the benefits to be paid in accordance with the provisions of the Plan. The Plan reimburses third-party administrators for claims paid on its behalf. Short-term disability benefits are paid through Company payroll.

FSAs are funded with employee-elected pre-tax payroll deductions and can be used by the employee to pay health and dependent care expenses incurred during the year. Claims must be submitted for reimbursement prior to the end of a specified grace period in the subsequent year and unused balances carried beyond the grace period are forfeited. The Plan paid $29,481 of such expenses related to 2024 during 2025 and recognized $6,784 in forfeitures. Similarly, the Plan paid $29,277 of such expenses related to 2025 during the first four months of 2026 and will recognize $16,376 in forfeitures.

The Plan sponsors a wellness program for its employees and their covered spouses to encourage a healthy lifestyle. Reduced health premiums, health savings account (HSA) contributions, and/or other incentives are earned based on the completion of various activities in the program. Benefits are paid in the year subsequent to the year they are earned. Therefore, incentives earned during 2025 are reported as a liability in the accompanying statements of net assets available for benefits. While the Plan funds amounts into employees' HSAs, the balances are owned by the individual employee and are excluded from the Plan.

Additional benefits offered under the Plan's wrap document include:

- post-65 retiree medical coverage,
- long-term disability,
- life insurance,
- accidental death and disability coverage,
- business travel and accident insurance,
- an employee assistance program,
- general accident coverage,
- critical illness coverage, and
- hospital indemnity coverage.

Stop Loss Insurance—The Plan has a stop-loss arrangement to limit its exposure for self-insured benefits. Stop loss insurance coverage limits the Plan's exposure to health claims to $200,000 per claimant per year.

Insurance—The Plan fully insures vision coverage, post-65 retiree medical coverage, the employee assistance program, and life, long-term disability, business travel and accident, general accident, critical illness, and hospital indemnity insurances. The Plan purchases contracts for these insured benefits and includes the premiums paid under these contracts in the accompanying statement of changes in net assets available for benefits.

Plan Termination—The Company has the right under the Plan to modify the benefits provided to and contributions required of active employees and retirees, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, benefit obligations and changes therein, claims incurred but not reported, claims payable, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value at quoted market prices. See Note 6 for a discussion of fair value measurements. Purchases and sales of securities are accounted for on the trade date. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of mutual fund investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

401(h) Account—The fair value of the investments and other net assets held in the 401(h) account of the ATC Individual Account Pension Plan (the "Pension Plan") (see Note 4) is reported as an asset of the Plan. The net change in the 401(h) account during the year arising from investment income or loss, administrative expenses, and Company contributions is reported in the Plan's statement of changes in net assets available for benefits.

Contributions—The Company's contributions to the Plan for active employees and retirees are recorded by the Plan when received. Participant contributions include premiums from retirees and biweekly payroll deductions from active employees. The 401(h) account is funded exclusively through Company contributions (see Notes 3 and 4), which are recorded by the Plan when received by the Pension Plan.

Expenses—Administrative expenses, including third-party claims processing and trustee service fees, are deducted from net assets as incurred.

Income Taxes—The Plan accounts for income taxes under the liability method prescribed by Accounting Standards Codification (ASC) Topic 740, *Income Taxes*. Under the liability method, deferred income taxes are calculated on the differences between the financial statement and income tax basis of assets and liabilities. The Plan has financial statement and income tax basis differences on the carrying value of certain investments. The Plan recorded deferred income tax liabilities of $296,370 and $31,187 at December 31, 2025 and 2024, respectively. Deferred income tax assets and liabilities are related to unrealized net losses and gains, respectively, on certain investments.

Benefit Claims—Benefit payments are deducted from net assets when approved by the Plan. Claims reported by claims processors, but not yet reimbursed by the Plan, are recorded as benefit claims payable in the accompanying Statements of Net Assets Available for Benefits. Amounts due to claims processors that were not yet reported to the Plan are included in the Plan's total benefit obligations (see Note 7).

Insurance—Premiums for stop loss insurance and other fully insured offerings under the Plan are included in the accompanying statement of changes in net assets available for benefits. Stop loss refunds totaling $1,238,345 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits. Refunds due from the stop loss carrier as of the financial statement date have been reported as a receivable in the accompanying statement of net assets available for benefits.

Refunds—The Plan utilized a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific prescription drugs. Refunds due from the Plan's PBM as of the financial statement date have been reported as a receivable, with the offset netted against claims paid. Pharmacy rebates of $823,120 recognized during 2025 have been netted with benefit claims paid in the accompanying statement of changes in net assets available for benefits.

Claims Incurred but Not Reported—The Plan's liability for claims incurred but not reported or approved is estimated utilizing prior claims experience and the expected time from the date such claims are incurred to the date that the related claims are submitted and paid. See Note 7 for claims incurred but not reported.

Postretirement Benefit Obligations—See Note 7 for a discussion on postretirement benefit obligations.

Subsequent Events—Management has evaluated the impact of all subsequent events through October 9, 2026, the date the Plan's financial statements were available to be issued, and determined that all subsequent events have been appropriately recognized and disclosed in the accompanying financial statements.

3. FUNDING POLICY

Funding of the Plan is provided by employer and employee contributions. Company contributions are based on actual claims, administrative costs and the Company's portion of premiums for the Plan's fully insured offerings. The Company may voluntarily choose to fund its share of estimated claims prior to the time the Plan must pay the claims. In accordance with ASC Topic 715, *Compensation – Retirement Benefits*, the Company has funded the Plan for expenses related to retiree obligations recognized in the Company's annual financial statements. The Company contributes funds to pay all benefits and expenses of the Plan incurred in excess of employee contributions. Active employee contributions for medical coverage are established prior to the beginning of the Plan year and are based upon 18% of the estimated annual health benefit and administrative costs for the Consumer Health Savings Plans.

Retirees who were hired prior to January 1, 2010 and have reached at least 10 years of contribution service after July 1, 2010 pay premiums between 50% and 75% of the premium cost based on the number of years of eligibility service completed. For purposes of determining a participant's contribution service, all service with the Company shall be included as well as service with Alliant Energy, Madison Gas and Electric Company, Wisconsin Electric Power Company, Wisconsin Public Service Corporation, and WPPI Energy, for employees who left one of these utilities and immediately became employed by the Company on or between January 1, 2001 and June 30, 2001. The amount of service from one of the prior utilities that is included in a participant's contribution service ranges from one-third to 100%.

Retirees who have reached 55 years of age and completed 10 years of eligibility service after July 1, 2010 contribute at the rate(s) applicable to active employees once they have completed 30 years of contribution service. If less than 30 years of contribution service has been attained, the retiree's contribution is equal to the rate(s) applicable to active employees plus a portion of the cost paid by the Company. The portion of the Company cost paid by the retiree is calculated by multiplying the Company cost by one minus the percentage of thirty years of contribution service achieved by the retiree.

Employees hired on or after January 1, 2010 will not receive any Company subsidy for postretirement medical benefit plan costs but will have access to such benefits at 100% of the plan cost share upon attaining age 55 with 10 years of service.

4. 401(h) ACCOUNT

The Pension Plan includes a medical-benefit component in addition to normal retirement benefits to fund a portion of the postretirement obligations for retirees and their beneficiaries in accordance with Section 401(h) of the Internal Revenue Code (IRC). A separate account has been established and maintained in the Pension Plan for such contributions. In accordance with the IRC Section 401(h), the Pension Plan's investments in the 401(h) account may not be used for, or diverted to, any purpose other than providing health benefits for non-key retirees, as defined by the IRC, and their beneficiaries. The related obligations for health benefits are not included in the Pension Plan's obligations but are reported as benefit obligations in the accompanying financial statements of the Plan (see Note 7).

5. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, U.S. Bank N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the supplemental schedule H, part IV, line 4i – schedule of assets (held at end of year) as of December 31, 2025, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

6. FAIR VALUE MEASUREMENTS

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Observable market-based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets
- Quoted prices for identical or similar assets in inactive markets
- Inputs other than quoted prices that are observable for the asset
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

Level 3 Inputs to the valuation methodology that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes to the methodologies used at December 31, 2025 and 2024. The following are descriptions of the valuation methodologies used for investments measured at fair value:

Money market fund: Valued at the net asset value of shares held by the Plan at year end.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

The Plan Sponsor is responsible for the determination of fair value. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial reporting instruments could result in a different fair value measurement at the reporting date.

The following tables contain, by level within the fair value hierarchy, the Plan's non-401(h) account investments measured at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ -	$ 203,556	$ -	$ 203,556
Mutual funds	10,659,657	-	-	10,659,657
Total non-401(h) account investments at fair value	$ 10,659,657	$ 203,556	$ -	$ 10,863,213

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ -	$ 284,716	$ -	$ 284,716
Mutual funds	9,229,424	-	-	9,229,424
Total non-401(h) account investments at fair value	$ 9,229,424	$ 284,716	$ -	$ 9,514,140

As of December 31, 2025, the Plan's non-401(h) account had investments of $4,098,034 concentrated in two funds. The Plan's non-401(h) account at December 31, 2024 had investments of $3,982,920, which were also concentrated in two funds.

7. BENEFIT OBLIGATIONS

As of December 31, 2025 and 2024, the Plan's total benefit obligations are as shown below.

	2025	2024
Benefits currently payable	$ -	$ 125,880
Claims payable and claims incurred but not reported	1,017,665	1,079,907

Total postretirement benefit obligation	12,954,124	10,691,214
Total benefit obligations	$ 13,971,789	$ 11,897,001

	2025
Benefits currently payable:	
Balance—beginning of year	$ 125,880
Benefit claims reported and approved for payment	8,561,598
Benefit claims paid	(8,687,478)
Balance - end of year	-
Claims payable and claims incurred but not reported:	
Balance—beginning of year	1,079,907
Net change during year	(62,242)
Balance - end of year	1,017,665
Postretirement benefit obligation:	
Balance—beginning of year	10,691,214
Service cost	282,441
Interest cost	568,641
Net benefit payments	(547,655)
Change in actuarial assumptions	607,082
Actuarial loss	1,352,401
Balance - end of year	12,954,124
Total benefit obligations	$ 13,971,789

The postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from Plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired employees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The Plan's obligation for claims incurred but not reported or approved is estimated using prior claims experience and the expected time period from the date such claims are incurred to the date that the related claims are submitted and paid. These amounts are paid by the Plan only if claims are submitted and approved for payment.

For measurement purposes, the pre-Medicare weighted-average health care cost-trend rate was assumed to be 7.5% and 6.9% in 2025 and 2024, respectively. This rate is assumed to reach its ultimate rate of 4.6% in 2050. Assumed health care cost-trend rates have a significant effect on the amounts reported for the Plan. A one-percentage point increase in the assumed health care cost-trend rates for each future year would increase the postretirement benefit obligation by $1,458,815 as of December 31, 2025.

The following were other significant assumptions used in the valuations:

Weighted-average discount rate:	5.36% for 2025; 5.47% for 2024
Retirement rate:	10.0% per year at age 55 and 5.0% per year at age 56-58 increasing to 100% at age 68 for 2025; 7.5% per year at age 55-59 increasing to 100% at age 70 for 2024
Mortality rate:	Pri-2012 headcount-weighted mortality table, projected generationally with MP2021 rates for both 2025 and 2024

Management instructed the actuary to use the new assumptions to more accurately calculate Plan liabilities based on the actual Plan's investments, projected earnings, and demographic makeup of Plan participants. The net result of the above changes in health care cost-trend rate and discount rate was an increase to Plan liabilities of $607,082, as previously disclosed in this note.

The foregoing assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

8. RISKS AND UNCERTAINTIES

The Plan may utilize various investment securities including money market funds, U.S. government securities, corporate debt instruments, mutual funds, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The actuarial present value of the benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. ADMINISTRATION OF PLAN ASSETS

The Plan's assets are administered under a contract with U.S. Bank N.A., the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to third-party administrators.

10. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain money market and mutual funds managed by U.S. Bank N.A., the trustee of the Plan. These are not considered prohibited transactions under ERISA. Fees paid by the Plan for investment management services are with the trustee and are party-in-interest transactions. Fees paid to U.S. Bank N.A. for certain administration expenses related to the Voluntary Employee Beneficiary Association Trust ("VEBA Trust") and 401(h) accounts were $32,374 and $13,585, respectively, for the year ended December 31, 2025. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

11. FEDERAL TAX STATUS

The Plan utilizes a VEBA Trust as allowed under Section 501(c)(9) of the IRC. The Internal Revenue Service (IRS) has determined and informed the Company in a letter dated December 30, 2005 that the VEBA Trust was designed in accordance with the applicable regulations of the IRC. The Company and the plan administrator believe that the VEBA Trust is currently designed and being operated in compliance with the applicable requirements of the IRC.

The VEBA Trust is tax exempt under IRC Section 501(c)(9). However, the VEBA Trust is subject to excise tax at a maximum rate of 37% on unrelated business income as prescribed by the IRC. Long-term capital gains that result from the sale of investments and certain qualifying dividend income are taxed at a maximum rate of 20%.

The Plan's overall effective tax rate each year varies based on the proportion of income taxed at a rate of 37% and qualifying dividends, long-term capital gains and net appreciation (depreciation) taxed at 20%.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator

has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The net assets of the 401(h) account are included as assets of the ATC Individual Account Pension Plan in Form 5500 and are excluded from the ATC Management Inc. Health and Welfare Plan Form 5500. Such amounts are included in the ATC Management Inc. Health and Welfare Plan's net assets reported in the financial statements.

Health claims incurred but not reported are reported on Schedule H of the Form 5500.

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the net assets as reported on the 2025 Form 5500, Schedule H, Part I:

	2025	2024
Net assets available for benefits as reported in the financial statements	$ 14,394,143	$ 13,179,779

Net assets as reported on the Form 5500	$ 9,497,841	$ 8,110,969

The following is a reconciliation of the claims paid and net increase in the net assets of the Plan as reported in the financial statements to the claims paid and net gain as reported on the 2025 Form 5500, Schedule H, Part II:

	2025
Claims paid as reported in the financial statements	$ 8,722,831
Add: Claims payable and claims incurred but not reported at December 31, 2025	1,017,665
Less: Health claims paid through 401(h)	(728,485)
Less: Claims payable and claims incurred but not reported at December 31, 2024	(1,079,907)
