INDEPENDENT AUDITOR'S REPORT

October 8, 2026

To the Participants and Administrator of the
Stark Tech 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Stark Tech 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Stark Tech 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT
(Continued)

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Stark Tech 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Stark Tech 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Stark Tech 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Stark Tech 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Other Matter - Supplemental Schedules Required by ERISA (Continued)
In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of the Stark Tech 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code (IRC), covering eligible employees of Stark Tech Operating Company, LLC (the Plan Sponsor). The Plan includes eligible employees of other employers (Buckpitt & Co., Inc.; Stark Intelligence, LLC; Stark Commodity Advisors, LLC; R.L. Kistler, Inc.; U&S Services, Inc.; MC2, Inc.; PRES Services, LLC; Shaw Mechanical Services, Inc.; TP Woodside, Inc.; Quality Plus, Inc.; Technical Building Services, Inc.; and Antares Group Incorporated – collectively, with Stark Tech Operating Company, LLC, referred to as "the Company") that are affiliated through common ownership that have elected to participate in the Plan. The adoption agreement was amended to consider service with the predecessor employers for purposes of determining eligibility, vesting and allocation conditions under the Plan. The Plan is funded by employee and employer contributions. A portion of administrative expenses may be paid by the Plan. Administrative expenses not paid by the Plan are paid by the Plan Sponsor. At December 31, 2025 and 2024, the assets of the Plan were maintained in investment funds held by Capital Bank and Trust Company, the trustee of the Plan. The Plan is intended to conform to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent legislation, where applicable.

Eligibility

Employees of the Company are eligible to participate in the Plan upon attaining age 21.

Contributions

Participants may authorize an elective deferral contribution up to the maximum annual limitations as provided by the IRC ($23,500 in 2025 and $23,000 in 2024). Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions ($7,500 in 2025 and 2024). Effective January 1, 2025, participants who have attained age 60 through 63 before the end of the plan year are eligible to make additional super catch-up contributions ($11,250 in 2025). Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also designate all or a portion of their salary deferrals as Roth deferrals, subject to immediate taxation and maintained by the Plan in a separate Roth deferral account. Effective January 1, 2025, the Plan was amended to provide matching employer contributions equal to 100% of participants' elective deferrals, up to 4.5% of eligible compensation. Prior to January 1, 2025, the Plan provided a matching employer contribution where the employer determined how much, if any, it would make as a matching contribution as defined by the Plan document. An annual true-up calculation is performed to determine whether additional matching contributions are due to participants based on eligible compensation and elective deferrals for the Plan year. An employee must complete 3 months of service to be eligible for the employer match. The Company may also make discretionary contributions to the Plan as defined by the Plan document. To be eligible to receive an allocation of the employer discretionary contribution, an employee must have completed 1 year of service and be employed on the last day of the plan year or have completed 500 hours during the plan year.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of plan investment earnings (losses), and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. If the participant elects to keep his or her interest in the Plan after termination of employment, the participant's account will continue to receive its share of earnings or losses.

Investments
Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Vesting
All participants who are employed with the Company as of or after January 1, 2021 are 100% vested in all contributions at all times.

For those participants who terminated employment prior to January 1, 2021, employer and matching contributions vest under a 6-year graded vesting schedule. The schedule is summarized as follows:
After 2 Years of Service – 20% vesting
After 3 Years of Service – 40% vesting
After 4 Years of Service – 60% vesting
After 5 Years of Service – 80% vesting
After 6 Years of Service – 100% vesting

In the event of death, disability, or attainment of early retirement age, the employee's vesting percentage increases to 100%.

Forfeitures of unvested Company contributions are retained by the Plan, rather than returned to the Company, and will be used as a credit to reduce future Company contributions or used to pay fees. At December 31, 2025 and 2024, there were $48,346 and $46,660 of forfeited funds on hand, respectively. In 2025 and 2024, no forfeitures were used to reduce Company contributions.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans bear interest at the prime interest rate plus two percentage points. Principal and interest are paid ratably through payroll deductions. Participants may have two loans outstanding at any time.

Withdrawals and Distributions
Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep their vested balance in the Plan until the earlier of normal retirement age, death, or disability if their account balance is in excess of $5,000. Upon termination of service due to retirement, death, or disability, a participant will receive an involuntary lump-sum cash-out distribution equal to the value of their account if the total vested account balance does not exceed $5,000. If the total vested account balance exceeds $5,000, a participant may elect installment distributions or a lump sum payment.

Hardship distributions may be taken from a participant's account, subject to certain limitations. In-service distributions of employee vested account balances are allowed upon attainment of age 59-1/2.

1. DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting and presents the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. It is at least reasonably possible that the significant estimates used will change within the next year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Administrative Expenses

Investment fees are paid by the Plan. Other administrative expenses not paid by the Plan are paid by the Plan Sponsor. Administrative expenses paid for by the Plan Sponsor are excluded from these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes
The Plan uses a prototype plan document sponsored by Actuarial Consulting Services, Inc. Actuarial Consulting Services, Inc. received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2025 and 2024, as well as investment income and investment transactions for the years then ended, has been derived from information provided by Capital Bank and Trust Company, the trustee of the Plan, and has been certified by them as complete and accurate.

Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan uses various valuation techniques in determining fair value. FASB ASC Topic 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in valuation methodologies in 2025 or 2024.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Values are determined based on quoted market prices in active markets.

Stable value fund: Valued at net asset value ("NAV") as a practical expedient based on the underlying assets of the fund. The fund is designed to be a Stable Value fund seeking a reasonable level of income with stability of principal. The fund seeks to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments. The Fund invests entirely in the MetLife Group Annuity Contract 25053 which consists of separately managed investment portfolios directed by Reliance Trust Company. NAV is obtained from information provided by the investment advisor using the audited financial statements of the stable value fund at year end. There are no unfunded commitments or redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 84,635,501	$ -	$ -	$ 84,635,501
Investments measured at net asset value as a practical expedient				1,821,873
				$ 86,457,374

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 70,480,272	$ -	$ -	$ 70,480,272
Investments measured at net asset value as a practical expedient				1,656,806
				$ 72,137,078

5. PARTY-IN-INTEREST TRANSACTIONS

Empower Institutional is the recordkeeper of the Plan and Capital Bank and Trust Company is the trustee of the Plan. The Plan has investment options managed by American Funds which is affiliated with Capital Bank and Trust Company. Therefore, any transactions with these parties qualify as party-in-interest which are exempt from the prohibited transaction rules.

Notes receivable from participants of $613,947 and $708,025 as of December 31, 2025 and 2024, respectively, with interest rates ranging from 4.50% - 10.50% and various maturity dates through 2035, also qualify as party-in-interest which are exempt from the prohibited transaction rules.

6. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 8, 2026, which is the date the financial statements were available to be issued.
