The Trustees and Senior Management
Datamark, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Datamark, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Datamark, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in the "Information Prepared and Certified to by Qualified Institution" note to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Datamark, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Datamark, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Datamark, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Datamark, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End-of-Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DATAMARK, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF PLAN

The following description of the Datamark, Inc. 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was adopted January 1, 1997. The Plan is a defined contribution plan covering substantially all employees of participating employers Datamark, Inc. and Datamark Management Company, LLC ("collectively, the Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration – Principal Trust Company ("Principal") is the Custodian of the Plan. The Plan Administrator, an employee of the Company, administers the Plan. The Trustees, appointed by the Company, provide oversight of the Plan by determining the appropriateness of Plan provisions and investment offerings and monitoring investment performance.

Eligibility – All employees of the Company, excluding members of a collective bargaining unit and nonresident aliens with no U.S. source income, who have attained age 21 and completed 30 days of service are eligible to participate in the Plan.

Contributions – Each year, participants may establish contributions at any level of pretax annual compensation allowable under the provisions of the Internal Revenue Code, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may make an annual discretionary matching contribution on behalf of each participant who contributed during the Plan year. To be eligible, a participant must be active on the last day of the Plan Year and have completed at least 500 hours of service. For the year ended December 31, 2025, the Company made a matching contribution equal to 50% of the participant's elective deferral, not to exceed 6% of the participant's compensation.

The Company may make a discretionary nonelective contribution to the Plan on behalf of each participant eligible to share in the allocation of the contribution. The Company did not make any nonelective contributions for the year ended December 31, 2025.

Participants direct the investment of their contributions and the Company's matching and nonelective contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

(Continued)

DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's matching and nonelective contributions, and an allocation of the Plan's earnings and administrative expenses as applicable. Allocations are based on the participant's proportionate share of units held of the applicable investment options during each Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and rollovers, if any, plus actual earnings thereon. Vesting in the Company's matching and nonelective contributions portion of their accounts, plus actual earnings thereon, is according to a graded schedule based on years of service. Participants are fully vested in these contributions after six years of service.

Notes Receivable from Participants – Subject to limitations, a participant may borrow from the vested portion of his or her elective account. The minimum amount of any loan is $1,000 and the maximum amount is the lesser of one-half of their vested account balance or $50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. The loans are secured by the balance in the participants' accounts. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Notes receivable from participants, on the date of loan withdrawal, are applied with interest rates of Wall Street Prime, which was 6.75% as of December 31, 2025, plus 1% and remain at that rate through the loan's maturity. Outstanding notes receivable from participants have interest rates ranging from 9% to 10.5%. Principal and interest are paid through payroll deductions, or a check for prepayment.

Payment of Benefits – On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution or a direct rollover equal to the participant's vested account balance. In addition, hardship and in-service distributions are permitted if certain criteria are met.

Forfeited Accounts – Forfeitures of the Company's contributions, and earnings thereon resulting from participants leaving the Company prior to vesting, are retained in a forfeiture account. Forfeitures of Company contributions may be applied first to the payment of Plan administration expenses, and then shall be applied to reduce the contributions of the Company. Forfeitures must be applied by the end of the Plan year following the Plan year in which the forfeiture occurs. The balance in the Plan's forfeiture account as of December 31, 2025 and 2024 was $48,658 and $23,890, respectively. During 2025, employer contributions and administrative expenses were offset using the balance of forfeited non-vested accounts by $23,083 and $1,642, respectively.

(Continued)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates – The preparation of the Plan's financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Certain investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Fair Value Measurements footnote for additional narrative. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) consists of the unrealized appreciation (depreciation) of the investments and the excess (deficiency) of net proceeds over (under) market value of the related investment at the beginning of the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. Notes receivable from participants are specifically excluded from ASU 2016-13 *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments ("ASC 326").*

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to investment advisory services and the administration of benefit payments and notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of the fair value of investments. For the year ended December 31, 2025, administrative expenses amounting to $59,614 were paid by the Plan.

(Continued)

INFORMATION PREPARED AND CERTIFIED TO BY QUALIFIED INSTITUTION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End-of-Year), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan Administrator and certified to as complete and accurate by Principal Trust Company, the Custodian of the Plan.

FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. In general, fair value determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets the Plan has the ability to access for identical assets or liabilities. Fair value determined by Level 2 inputs utilize inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets and liabilities in active markets and inputs other than quoted prices observable for the asset or liability, such as interest rate and yield curves observable at commonly quoted intervals. Level 3 inputs are unobservable inputs for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

In instances in which the inputs used to measure fair value may fall into different levels of the fair value hierarchy, the level in the fair value hierarchy within which the fair value measurement in its entirety has been determined is based on the lowest level input significant to the fair value measurement in its entirety. The Plan’s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

(Continued)

FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2025 and 2024:

	Level 1	Total
December 31, 2025		
Mutual funds	$466,671	$ 466,671
Investments measured at net asset value		4,383,050
Total	$466,671	$4,849,721
December 31, 2024		
Mutual funds	$271,697	$ 271,697
Investments measured at net asset value		3,271,331
Total	$271,697	$3,543,028

Level 1 Fair Value Measurements – The fair value of the mutual fund accounts is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Investments Measured at Net Asset Value – Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient, which include common collective trust funds, have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits. These investments have no unfunded commitments as of December 31, 2025 and 2024 and can be redeemed daily with no redemption notice period or other redemption restrictions.

(Continued)

GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2013, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2025 and 2024 was $12,349 and $10,446, respectively. The crediting interest is declared monthly at an annual effective rate but may not be less than 1% or greater than 3%.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Net assets available for benefits per Schedule H of Form 5500	$4,901,315	$3,742,180

The following is a reconciliation of total additions per the financial statements to Schedule H of Form 5500:

Total additions per financial statements	$1,772,218
Employer contributions receivable allocated to participants at December 31, 2025	(143,613)
Net additions per Form 5500	$1,628,605

(Continued)

EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed under a custodial agreement with Principal Trust Company ("Principal"). Principal is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Principal provides certain administrative services to the Plan pursuant to a Plan service agreement between the Company and Principal. Principal receives revenue from mutual funds and common collective trust funds service providers for services Principal provides to the funds. This revenue is used to offset certain amounts owed to Principal for its administrative services to the Plan. If the revenue received by Principal from such mutual fund service providers exceeds the amount owed under the Plan service agreement, Principal remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2025, there were no excess amounts. The Plan or Company may make payment to Principal for administrative services. Fees paid by the Plan to Principal for investment management services amounted to $39,069 for the year ended December 31, 2025. There were no fees paid by the Company to Principal for the year ended December 31, 2025.

Global Retirement Partners, LLC ("Global") provides investment advisory services to the Plan pursuant to a service agreement between the Company and Global. These transactions qualify as exempt party-in-interest transactions. The Plan or Company may make payment to Global for investment advisory services. Fees paid by the Plan to Global for investment advisory services amounted to $20,545 for the year ended December 31, 2025. There were no fees paid by the Company to Global for the year ended December 31, 2025.

SBNG, PC, the auditor of the Plan and Company, charges fees for the audit and attest services it provides, which are paid by the Company. These transactions qualify as exempt party-in-interest transactions. The Plan's audit fees during the year ended December 31, 2025 were paid by the Company and are excluded from these financial statements.

The Plan has notes receivable from participants, which are secured solely by a portion of the participants' vested account balance, in accordance with the Plan document. These transactions qualify as exempt party-in-interest transactions. The balance of notes receivable from participants as of December 31, 2025 and 2024 was $39,245 and $46,473, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(Continued)

INCOME TAX STATUS

The Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status. The IRS has determined and informed Principal Life Insurance Company by a letter dated June 30, 2020 that the master prototype plan from which the Plan was drafted is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the letter, Plan management believes that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code; therefore, management believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2025, there were no uncertain tax positions. The Plan files a Form 5500. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to U.S. federal and state income tax examinations by authorities for the years before December 31, 2022.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

SUBSEQUENT EVENTS

Subsequent events were evaluated through September 30, 2026, which is the date the financial statements were available to be issued.
