Independent Auditor's Report

Plan Administrator
Hear.com 401(k) Plan
Coral Gables, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hear.com 401(k) Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year then ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Hear.com 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 2021. The Plan is a defined contribution plan covering substantially all employees of Hear.com (the "Company" or the "Employer"). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA") and is administered by the Company.

Eligibility

Employees of the Company are eligible to participate in the Plan immediately upon their date of employment. Employees are eligible to receive non-elective contributions as soon as they become eligible to participate in the Plan. Effective January 1, 2023, employees are eligible to receive matching contributions if they have six months of service in the Plan year. In addition, any part-time, seasonal, and temporary employees who work less than 1,000 hours of service in the Plan year, and any union, leased, Puerto Rico employees, and nonresident aliens, are excluded from eligibility to the Plan.

Contributions

The Plan provides each participant with an opportunity to make elective deferrals, after-tax contributions, and Roth contributions to the Plan, subject to the limitations of the Internal Revenue Code. Employees are automatically enrolled at a 3% pre-tax deferral percentage, unless the employee elects not to participate in the Plan. Employees auto enrolled in the Plan are subject to an annual auto escalation of 1% on the first day of each plan year, unless the employee makes a contrary election. The automatic escalation cannot increase an employee's pre-tax deferral rate higher than a maximum rate of 10%.

Effective January 1, 2023, the Company is required to make a matching contribution equal to the lesser of 50% of a participant's contributions up to 6% of eligible compensation or $2,000. The Company may choose to make an annual non-elective contribution to the Plan. In order to receive any non-elective contribution, a participant must be employed on the last day of the plan year and must have at least 1,000 hours of service in the plan year. The Company did not make a non-elective contribution in 2025.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodians as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their own contributions and earnings thereon. For non-elective employer contributions, participants vest 40% after two years of service and an additional 20% each subsequent year until fully vested after completing five years of service. For employer matching contributions, participants vest 20% for every year of service until fully vested after completing five years of service.

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. The Plan provides for terminated employees who resume employment within one year to have any forfeited amounts reinstated ("reinstatement period"). Forfeitures may be used to pay plan expenses, reduce employer contributions for the plan year, or reallocate to the other participants as additional employer contributions. Any remaining amount thereafter shall be applied toward succeeding plan years until fully utilized. Forfeitures from employees for the year ended December 31, 2025 were approximately $47,000. Forfeitures used to pay expenses in 2025 were approximately $22,000. At December 31, 2025 and 2024, the available forfeiture balance was approximately $70,000 and $43,000, respectively.

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to the lesser of $50,000 reduced by the highest outstanding loan balance incurred during the 12-month period ending on the day before the date on which the loan was made or 50% of their vested account balance. A participant may have up to two loans outstanding at a time. Loan repayment terms are not to exceed five years or thirty years if the loan is for the purchase of a primary residence. Loans are repaid through payroll deductions and are monitored by the plan administrator. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. As of December 31, 2025, the interest rates on the outstanding loans range from 4.25% to 9.50%.

Benefits

Upon termination, death, disability, or retirement, vested plan benefits will be distributed to a participant or his/her beneficiary either in a lump-sum distribution or annuity payments. In addition, the Plan provides for participant withdrawals from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Administrative Expenses

All transaction fees for loan and distribution requests are paid from participants' accounts. Substantially all other administrative expenses are paid from participants' accounts (see Note 5), otherwise they are to be paid by the Company.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at either fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 3 for discussion of contract value measurements.

The sales and purchases of investment securities, and gains and losses on the sale of investments, are recognized at the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2026, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

Note 3. Information Certified by the Plan Custodian

The following is a summary of the investments, notes receivable from participants, non-interest and interest bearing cash regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by the State Street Bank and Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that such information is complete and accurate.

Information related to assets held by the custodian at December 31 is as follows:

	2025	2024
Mutual funds, at fair value	$ 7,490,696	$ 5,749,208
Self-directed brokerage accounts, at fair value	6,633	2,906
Guaranteed interest account, at contract value	707,140	256,987
Interest bearing cash	79,106	48,866
Notes receivable from participants	212,442	191,966
	$ 8,496,017	$ 6,249,933

The following was also certified by the custodian at December 31, 2025:

	2025
Net appreciation in fair value of investments	$ 771,852
Dividend and interest income	165,372
Interest income on notes receivable from participants	16,524

Investment Contract with Insurance Company

The Plan is party to an investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential") whereby allocated contributions are maintained in a Guaranteed Interest Account ("GIA"). The contract is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals, and administrative expenses), because it is fully benefit-responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Prudential. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the *Employee Retirement Income Security Act of 1974*. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed interest account does not permit Prudential to terminate the agreement prior to the scheduled maturity date.

Note 4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Valuation techniques used to measure fair value are defined as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies:

Mutual funds: Valued at unadjusted quoted prices in an active market at year-end.

Self-directed brokerage accounts: Self-directed brokerage accounts include mutual funds, common stock, exchange trade funds, unit investment trusts, and money market funds, which are all valued at quoted prices in an active market of the underlying investments held by the Plan at year-end.

Interest bearing cash: Book value equals fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2025 are as follows:

	2025			
	Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 7,490,696	$ -	$ -	$ 7,490,696
Self-directed brokerage accounts	6,633	-	-	6,633
Interest bearing cash	79,106	-	-	79,106
Total investments	$ 7,576,435	$ -	$ -	$ 7,576,435

Investments at fair value as of December 31, 2024 are as follows:

	2024			
	Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 5,749,208	$ -	$ -	$ 5,749,208
Self-directed brokerage accounts	2,906	-	-	2,906
Interest bearing cash	48,866	-	-	48,866
Total investments	$ 5,800,980	$ -	$ -	$ 5,800,980

Note 5. Party-In-Interest Transactions

Transamerica Retirement Solutions ("Transamerica") is the record keeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica were $36,208 for the year ended December 31, 2025. In addition, the Plan incurred $22,064 of administrative expenses related to audit fees during the year ended December 31, 2025.

Transamerica and the Employer have an agreement whereby participants are charged a fee in proportion to their account balance, which is credited to the expense budget account. This amount can be used to pay for ERISA qualified plan expenses or allocated to participants at the end of the year. For the year ended December 31, 2025, $2,775 was charged to participants. The balance available to pay future expenses was $8,751 and $5,792 as of December 31, 2025 and 2024, respectively.

Note 6. Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and has been amended since receiving the determination letter; however, the Plan's management believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Note 8. Plan Termination

Although the Company has not expressed any intention to do so, it has the right to terminate the Plan in whole or in part at any time subject to the provisions set forth in ERISA. Upon termination, all participants become fully vested in their individual accounts.
