INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Strong Automotive Merchandising, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Strong Automotive Merchandising, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"Doeren Mayhew" is the brand name under which Doeren Mayhew Assurance, PC and Doeren Mayhew Advisors, LLC and its subsidiary entities provide professional services. Doeren Mayhew Assurance, PC and Doeren Mayhew Advisors, LLC (and its subsidiary entities) practice as an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. Doeren Mayhew Assurance, PC is a licensed independent CPA firm that provides attest services to its clients, and Doeren Mayhew Advisors, LLC and its subsidiary entities provide tax and business consulting services to their clients. Doeren Mayhew Advisors, LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Strong Automotive Merchandising, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Strong Automotive Merchandising, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Strong Automotive Merchandising, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Strong Automotive Merchandising, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STRONG AUTOMOTIVE MERCHANDISING, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025

Note 1 – Description of the Plan

General

The Plan is a defined contribution 401(k) plan established effective January 1, 2025 by Strong Automotive Merchandising LLC (the "Employer"). Digital Automotive Technologies, Inc. dba Strong Direct is identified as a participating employer. The Plan is subject to the provisions of the Internal Revenue Code and ERISA. The following description is provided for general informational purposes only. Participants should refer to the Summary Plan Description, Adoption Agreement, and governing plan document for a complete description of the Plan's provisions.

Effective January 15, 2025, the Employer ceased participation in the Employer Flexible 401(k) Plan and adopted the Plan as a successor plan. Participant account balances were transferred to the Plan as soon as administratively feasible. The transfer was recorded at the value of the participant accounts at the time of transfer. Assets transferred, including participant loans, totaled $5,003,455, based on the Plan's transfer records.

Administration

The Plan Sponsor and named Plan Administrator is Strong Automotive Merchandising LLC. The Plan Administrator is responsible for the day-to-day administration and operation of the Plan. Plan participants direct the investment of their accounts among the available investment alternatives. Empower Trust Company, LLC serves as the Plan's corporate Trustee and Custodian and holds plan assets in the Strong Automotive Merchandising, LLC 401(k) Trust. The Company has also retained Empower Retirement, LLC to provide participant recordkeeping and administration services.

Eligibility

The Plan covers eligible employees of the Employer and participating employers, except for union employees whose retirement benefits were the subject of good-faith collective bargaining, certain nonresident aliens without U.S. earned income, employees who are residents of Puerto Rico, leased employees, and reclassified employees. Eligible employees generally must attain age 21 and complete 90 days of service. Participants enter the Plan on the first day of the month coinciding with or following satisfaction of the eligibility requirements. Eligible long-term part-time employees may participate for purposes of making elective deferrals after satisfying the applicable long-term part-time requirements, generally three consecutive eligibility computation periods beginning after December 31, 2020 with at least 500 Hours of Service in each period and attainment of age 21.

Contributions to the Plan

Participants may elect to make pre-tax elective deferrals or Roth 401(k) deferrals. Participants age 50 or older may make catch-up contributions, subject to statutory limitations. The Plan also permits rollover contributions. The Plan does not have an automatic enrollment or automatic escalation provision.

The Plan permits discretionary employer matching contributions. The Employer may determine the matching contribution formula each plan year. The Adoption Agreement provides for a rigid discretionary match allocated on a plan year basis. Catch-up deferrals are not matched. The governing plan document does not specify a fixed matching percentage or dollar amount. The Employer allocated matching contributions of $218,677 for the year ended December 31, 2025.

The Plan permits discretionary employer nonelective contributions. The Employer may determine the amount of any nonelective contribution each plan year. The governing plan document does not specify a fixed contribution percentage or dollar amount.

Participants direct the investment of both their individual contributions plus their share of employer contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may obtain loans from the Plan subject to the Plan Loan Policy. The minimum loan amount is $1,000. The maximum loan amount is the lesser of $50,000 or 50% of the participant's vested account balance, reduced by the greater of the participant's existing loan balances on the date the new loan is made or the highest outstanding loan balance during the preceding 12 months. Participants may have up to two loans outstanding at one time. General purpose loans have terms of 12 to 60 months, and principal residence loans have terms of 61 to 180 months. Interest is fixed for the life of the loan at 1% above the Wall Street Journal Prime Rate on the first business day of the month in which the loan is originated. Loan repayments are required pursuant to the applicable amortization schedule. Delinquent payments may be cured by the end of the calendar quarter following the calendar quarter in which the payment first became delinquent. Loans are secured by the participant's vested account balance.

Distribution of Benefits

Upon termination of employment, participants are entitled to receive their vested account balance, which is generally the full account balance because all Plan accounts are immediately 100% vested. Mandatory distributions may be made for vested account balances not exceeding $7,000 before the later of age 62 or Normal Retirement Age. If a mandatory distribution exceeds $1,000 and the participant does not elect to receive or roll over the distribution, the Plan will automatically roll the distribution into an IRA. For account balances exceeding $7,000, participants may generally elect a lump-sum distribution. Installments and partial distributions are available when required to satisfy lifetime required minimum distribution rules.

The Plan also permits certain in-service distributions upon attainment of age 59 1/2, disability, hardship, qualified reservist status, deemed severance, and other events specified in the Plan. Qualified birth or adoption distributions of up to $7,000 per child are permitted effective January 15, 2025, subject to applicable requirements.

Vesting

Participants are immediately 100% vested in all plan accounts, including participant contributions, employer matching contributions, employer nonelective contributions, rollover contributions, QNECs, QMACs, and related earnings. The Plan does not provide an additional vesting acceleration upon death or disability because all accounts are already fully vested.

Forfeitures

Forfeitures can be used to offset plan administration expenses and reduce employer contributions. There were no unallocated forfeiture balances as of December 31, 2025. No forfeitures were used to offset plan administrative expenses or reduce employer contributions during the year ended December 31, 2025.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 6, 2026, which is the date the financial statements were available to be issued.

Note 3 – Unaudited Investment Information Certified by the Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Empower Trust Company, LLC as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statement of net assets available for benefits as of December 31, 2025;

2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025;

3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025; and

4. Notes receivable from participants as of December 31, 2025 and the related income on notes receivable from participants for the year ended December 31, 2025.

Note 4 – Fair Value Measurements

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025.

Mutual Funds: Valued at daily closing prices as reported by the fund. Mutual funds, including the money market fund, held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund: Valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair values. The net asset value is based on the fair value of the trust's underlying assets, less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported net asset value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 1,476,166	$ 1,476,166	$ -	$ -
Total assets in the fair value hierarchy	1,476,166	$ 1,476,166	$ -	$ -
Investments measured at net asset value [(a)]	3,945,150			
Investments, at fair value	$ 5,421,316			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (common/collective trust fund) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund [(b)]	$ 3,945,150	N/A	Daily	None

(b) The objective of the common/collective trust fund is to provide a moderate total return over a full market cycle with commensurate risk. The fund pursues its investment objective by investing primarily in a professionally managed portfolio of registered investment companies and collective investment trusts, which in turn, invest in equity securities and fixed income securities.

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan invested in the Empower Investments Fixed Account - Series Class II (the "Fund"), a general account group annuity contract issued by Empower Annuity Insurance Company of America ("EAICA"), with a balance of $16,336 as of December 31, 2025.

The Fund seeks to provide principal preservation and consistent returns. Amounts invested in the Fund are backed by the general account assets of EAICA. Interest is credited daily to the group contract holder on a portfolio basis. The crediting rate may change quarterly and applies to all amounts invested in the group contract holder's Fund account, regardless of when deposited. The Fund guarantees principal and credited interest for eligible participant-initiated withdrawals and transfers, subject to the terms of the contract and EAICA's claims-paying ability.

Participants may transfer all or a portion of their account balance invested in the Fund to any other investment option offered under the Plan without restrictions or penalties. The Fund is intended to be the Plan's only capital preservation option; accordingly, the Plan may not offer actively competing investment options, such as other guaranteed products, stable value funds, short-term bond funds, or money market funds. Participant transfers may be restricted for up to 30 days in the event of excessive participant trading.

The Fund meets the criteria for a fully benefit-responsive investment contract and is therefore reported at contract value. Contract value is the relevant measurement attribute because it represents the amount available to participants for permitted participant-initiated withdrawals and transfers under the terms of the Plan. Contract value generally represents amounts deposited into the contract, plus credited interest, less participant withdrawals and transfers.

The Plan's ability to receive amounts due under the contract is dependent on EAICA's ability to meet its financial obligations. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain employer-initiated events, including termination of the group annuity contract, a merger, acquisition, partial plan termination, or other event resulting in significant withdrawals from the Fund, may limit the Plan's ability to transact at contract value. Upon termination of the group annuity contract, the Plan Sponsor may elect a lump-sum payment subject to a market value adjustment, a lump-sum payment at book value, or payment in 20 quarterly book-value installments. Depending on market conditions, book-value payments may be deferred for 12 or 36 months. The Fund may also be subject to a market value adjustment if the Plan Sponsor selects an applicable termination option or otherwise causes a significant withdrawal from the Fund.

Plan management does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 – Party-in-Interest Transactions

Certain plan investments are managed by Empower Trust Company, LLC, who is the Plan's Trustee and Investment Custodian. During the year ended December 31, 2025, the Plan paid direct compensation to the Investment Custodian. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Custodian from total annual operating expenses charged on the balance of fund investments at various percentages, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 7 – Plan Termination

The Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all participant accounts become 100% vested.

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated November 14, 2022 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2025.

The 2025 Adoption Agreement and related amendments incorporate applicable SECURE-era provisions and other law changes, including qualified birth or adoption distributions effective January 15, 2025, long-term part-time employee eligibility provisions, updated required minimum distribution and beneficiary provisions, and the historical CARES Act Section 2203 provision relating to an extension of the five-year RMD rule for certain beneficiaries.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
