INDEPENDENT AUDITORS' REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Erie Neighborhood House 403(b) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Erie Neighborhood House 403(b)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Erie Neighborhood House 403(b) Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were

unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Erie Neighborhood House 403(b)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

1. DESCRIPTION OF PLAN

The following description of the Erie Neighborhood House 403(b) (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

General - The Plan is a defined contribution plan established under the provisions of Section 403(b) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement for employees of entities tax-exempt under Section 501(c)(3) of the IRC. The Plan operates for the benefit of eligible employees of Erie Neighborhood House (the "Organization"), a qualified 501(c)(3) organization. All employees expected to work over 20 hours per week are eligible to contribute elective deferrals into the Plan immediately upon being hired. There is no minimum age requirement. Employees become eligible for Organization contributions beginning one year following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Organization has appointed a Board of Directors that is responsible for oversight of the Plan. The Organization has appointed an Investment Committee that determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Organization's Board of Directors.

Contributions - Each participant may contribute a specified percentage of pre-tax or after-tax (Roth) compensation, subject to certain IRC limits ($23,500 and $23,000 for 2025 and 2024, respectively). Plan participants who are eligible to make salary deferrals and have attained age 50 by December 31 of a calendar year may make "catch-up" contributions in addition to regular salary deferrals for that year. Catch-up contributions are limited by amounts prescribed by the Internal Revenue Service ("IRS"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible pre-tax compensation.

The Plan document allows for qualified nonelective contributions and matching contributions. Effective with the signing of the new union agreement during 2020, employees with 10 years or more of service receive matching contributions at 3% of the employee's salary. All others are matched at 2.5% of the employee's salary. No qualified nonelective contributions were made during 2025.

Payment of Benefits - On retirement, death, disability, or termination of service, a participant (or, in the event of death, the participant's beneficiary) may elect to receive a lump sum amount equal to the value of the participant's vested account balance. In addition, in-service distributions at age 59½ and hardship distributions are permitted if certain criteria are met.

Benefits are recorded when paid. Terminated participants with balance below the Plan's mandatory distribution threshold may be distributed in accordance with plan document.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Organization's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their accounts up to a maximum equal to 50% of their vested account balance or $50,000. The minimum borrowing amount is $1,000 and participants may only have one outstanding loan at any time. The loans are secured by the balance in the participant's account and bear interest at rates at 2% above the published prime rate at the date of origination. Loans are to be repaid over a five-year period, or within 15 years if the loan is used for the purchase of the participant's principal residence. Principal and interest are paid ratably through payroll deductions.

Vesting - Participants are fully vested in their salary deferral contributions plus actual earnings thereon. In the event of termination due to death, disability or normal retirement, participants shall become 100% vested in the employer contribution portion of their account. A participant's vested portion of the Organization's matching and qualified nonelective contributions, plus actual earnings thereon, occurs at a rate of 20% per year of service and will be fully vested after five years of credited service.

Forfeitures – Forfeitures are created when participants terminate employment before becoming fully vested in their benefits under the Plan. Forfeitures may be used to pay for the Plan's administrative expenses and can be used to reduce any employer elective contributions. There were $1,433 forfeitures used to offset employer match and $4,563 used to decrease administrative expenses during the year ended December 31, 2025. There were no forfeitures used during the year ended December 31, 2024. As of December 31, 2025 and 2024, the Plan had $78,711 and $61,947, respectively, included as forfeitures.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided

by the investment advisors and Mid Atlantic Trust Company ("Custodian") as of December 31, 2025 and 2024. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan payments and the Plan administrator deems the participant loan is in default, the participant loan balance is reduced and a deemed distribution is recorded.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Certain fees related to the administration of notes receivable from participants and distributions, and investment advisory and third-party administrative services, are charged directly to the participant's account and are included in the administrative expenses.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator and record keeper to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, auditing procedures with respect to the information certified by the Custodian of the Plan, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, except for comparing the information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

The Custodian of the Plan has certified as to the completeness and accuracy of all investments and notes receivable from participants supplied to plan management reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the related investment income and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025, and the information reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2025.

4. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's ("DOL") regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Organization, certain participants, and others. Fees paid by the Plan for the investment management services and administrative expenses qualify as party-in-interest transactions. The Plan allows participants to take loans from their accounts in the Plan, which qualify as party-in-interest transactions.

5. FAIR VALUE MEASUREMENTS

The Plan follows generally accepted accounting principles related to fair value measurement. GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

GAAP related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1: quoted prices in active markets for identical assets or liabilities;

Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Mutual Funds – Valued at the daily closing price as reported by the fund. Shares held by the plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following summarizes the classification of investments by classification and method of valuation:

	Assets at Fair Value as of December 31, 2025

Investments, at fair value	$ 5,022,592	$ -	$ -	$ 5,022,592

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. TAX STATUS

The IRS has determined and informed the Custodian on March 31, 2017 that the Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS or DOL. Plan management have analyzed the tax positions taken by the Plan and have concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability or disclosure in the financial statements as of December 31, 2025 and 2024. The Plan is subject to routine audits by taxing jurisdictions, generally for three years after returns are filed; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. INVESTMENT RECORDS

Investment records related to the Plan’s 403(b) annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not available from the Plan and are not included within these financial statements. As a result, the effect, if any, on the Plan’s financial statements could not be determined.

10. SUBSEQUENT EVENTS

Effective May 1, 2026, the Plan changed custodial and recordkeeping service providers from MATC and July Business Services to Empower Trust Company, LLC (“Empower”). Under the arrangement, custody of the Plan's investment assets and responsibility for participant recordkeeping transferred to Empower as of that date. The change did not affect the Plan's net assets available for benefits or the changes therein as reported in the accompanying financial statements as of and for the year ended December 31, 2025, and no adjustment to the financial statements was required as a result of this event.

The Plan has evaluated subsequent events occurring through October 6, 2026, the date that the financial statements were available to be issued for events requiring recording or disclosure in the Plan's financial statements.
