Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Lansing Local 826 Glazier's Health and Welfare Trust Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certificate from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note P to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Lansing Local 826 Glazier's Health and Welfare Trust Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lansing Local 826 Glazier's Health and Welfare Trust Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lansing Local 826 Glazier's Health and Welfare Trust Fund's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lansing Local 826 Glazier's Health and Welfare Trust Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

LANSING LOCAL 826 GLAZIER'S HEALTH AND WELFARE TRUST FUND

NOTES TO FINANCIAL STATEMENTS

Note A: Description of the Plan

The following brief description of the Lansing Local 826 Glazier's Health and Welfare Truste Fund, as in effect on December 31, 2025, is provided for general purposes only. For more complete information, refer to the plan document.

1. General – The Health and Welfare Fund was established effective June 16, 1967, as a result of collective bargaining and has subsequently been amended. It is a multi-employer plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Benefits – The Plan provides health and life insurance coverage and disability benefits for union employees with a minimum of 450 hours worked in the trade. An "Hour Bank" record is maintained for each employee, and benefits continue as long as employees have a balance in the hour bank. Hours are added based on the number of hours worked each month and charged against the bank at a rate of 134 hours per month for benefits provided. There is a maximum of 804 hours that can be carried over from month to month. Therefore, only 6 months may be used if an employee in the plan terminates. The plan also provides limited benefits to retired employees only through December 2024. Benefits provided by the Plan are voluntary and can be changed or terminated at any time by action of the Trustees.

   The Plan also provides health benefits to participants during periods of unemployment, provided they have accumulated in the current year or in prior years credit amounts (expressed in hours) in excess of the hours required for current coverage. Accumulated eligibility credits equal to six months coverage may be carried forward.

   The Plan provides prescription drug coverage. No amounts have been reflected in accumulated benefit obligations because the Plan is unable to conclude whether the benefits provided by the Plan are equivalent to Medicare Part B under the Medicare Prescription Drug Improvement and Modernization Act of 2003.

3. Contributions – The Plan is funded in accordance with the terms of a contract between the union and various employers. The contract provides employers with the ability to make monthly contributions at a specified rate based on the number of hours worked by covered employees. During 2022, a new contract was signed for June 1, 2022, through May 31, 2026. Starting in June 2023, the hourly rate for Health and Welfare Benefits increased to $7.86 per hour from $7.36. In June 2024, the rate increased to $8.36 per hour and afterwards will increase by $0.50 per hour each June thereafter through 2025. The trustees of the Plan may elect to increase or decrease the allocation of contract funds between the Plan and a pension plan covering the same employees. Employees and retirees may contribute specified amounts to extend coverage to eligible dependents.

Note B: Summary of Significant Accounting Policies

1. General – The accounting records of the Plan are maintained on the accrual basis. Contributions received subsequent to the fiscal year end, attributable to hours worked prior, are reflected as contributions due from employers as of the fiscal year end, in accordance with the consistent policy of the Fund.

Note B: Summary of Significant Accounting Policies (Continued)

2. Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, benefit obligations, and changes therein, eligibility credits, claims payable and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

4. Administrative Expenses – All expenses of maintaining the plan are paid by the plan. Certain costs are shared with the Lansing Local 826 Glazier's Restated Money Purchase Pension Plan and allocated between the plans.

Note C: Benefit Obligations

1. Claims Incurred but Not Reported – Claims incurred but not reported includes the estimated ultimate cost of settling claims and has been projected based on claims paid subsequent to December 31, 2024, representing claims incurred prior to and including that date.

2. Accumulated Eligibility Credits – The estimated future benefits are calculated based on accumulated hours by eligible employees, multiplied by current actual health rates for medical and life insurances.

3. Postretirement Benefit Obligations – The post retirement benefit obligation was calculated using total cost per member for 10 retired participants for twelve months in 2023. The Plan has no further obligations to pay after twelve months. Annually, the Board of Trustees determines whether post retirement benefits will be payable to retirees. There were no post-retirement obligations as of December 31, 2025 and 2024.

Note D: Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Note D: Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. These level 3 fair value measurements are based primarily on management's own estimates, using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the assets. Significant level 3 inputs include information provided by fund managers, third-party appraisals, year-end audited financial statements, projected discounted cash flows, and net asset value with adjustments related to certain restrictions. Management assesses the valuation of these investments through the engagement of a third-party investment advisor and periodic meetings to review these investments.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Fund's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

The following valuation methodologies have been used to value the Fund's investments:

Mutual funds – Mutual funds are valued at closing quoted prices reported in active markets.

U.S. government securities – These investments are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures.

Money market funds – These investments are valued at their outstanding balance, which is the best estimate of fair value.

Common stocks – Common stocks, which are primarily compromised of U.S. common stocks, are valued at closing quoted prices reported in active markets.

Note D: Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of:

	Fair Value Measurement at December 31, 2025			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

	$ 55,199	$ 130,338

Note H: Plan Termination

In September 2024, a resolution was passed by the Trustees to terminate coverage of participants in the Lansing Local 826 Glazier's Health and Welfare Trust Fund effective January 1, 2025. Participants will be able to and did enroll in the Michigan Painters' Insurance Fund. The Fund will remain open through December 31, 2026 to allow for payment of claims incurred through December 31, 2024. Any remaining assets will be transferred to the Michigan Painters' Insurance Fund.

Note I: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified and exempt from income taxes pursuant to Section 501(c)(9) of the Internal Revenue Code. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the Plan sponsor believes the Plan, as amended, continues to qualify and to operate as designed.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note J: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

In addition to investments and cash equivalents, financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its cash with tier I financial institutions. At times, the amount of cash on deposit in banks may be in excess of the respective financial institution's FDIC insurance limit.

Note K: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500.

	2025	2024
Net assets available for benefits per the financial statements	$ 749,163	$ 1,117,973

Accumulated eligibility credits	-	985,000
Benefit expenses per the Form 5500	$ (29,410)	$ 2,655,165

Note L: Reportable Transactions

The United States Department of Labor requires all transactions in excess of 5% of the current value of the Plan's net assets for non-participant-directed investments to be disclosed separately in the financial statements as a reportable transaction.

Note M: Party-in-Interest Transactions

Plan investments are held at Pershing (the custodian). The transactions of the custodian qualify as party-in-interest transactions.

Fees paid during the year for legal, auditing, investment manager, investment advisor, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note N: Subsequent Events

The date to which events occurring after December 31, 2025, the date of the most recent Statement of Net Assets Available for Benefits, has been evaluated for possible adjustments to the financial statements or disclosure is September 17, 2026, which is the date in which the financial statements were available to be issued.

As noted above in Note H, a resolution was passed by the Trustees to terminate the Lansing Local 826 Glazier's Health and Welfare Trust Fund effective January 1, 2025. Participants will be able to enroll within the Michigan Painters' Insurance Fund Plan.

Note O: Reclassifications

Certain amounts in the December 31, 2024, financial statements and related notes have been reclassified to conform with the December 31, 2025, financial statement presentation.

Note P: Certification of Information by Plan Custodian

At December 31, 2025, and 2024, the Plan's investments are held by Alerus Financial (the Custodian). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental schedules of assets held for investments and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
