# INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of The Seeing Eye, Inc. Pension Plan

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of The Seeing Eye, Inc. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

## *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter***

***Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE A - DESCRIPTION OF THE PLAN

The following description of The Seeing Eye, Inc. Pension Plan (the "Plan") is provided for general information purposes only. For more complete information, participants should refer to the Plan agreement and amendments.

### [1] General:

The Plan is a noncontributory, defined benefit pension plan covering all full-time employees, who are 21 or older and have one year of service (1,000 hours), of The Seeing Eye, Inc. ("TSE"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Vanguard Fiduciary Trust Company was the custodian and recordkeeper of the Plan as of and for the year ended December 31, 2024. Effective January 1, 2025, TSE changed the custodian and recordkeeper to Principal Bank (d/b/a) Principal Custody Solutions. AON is the actuary. The Plan is sponsored by TSE and is administered by the Finance & Investment Committee (the "Committee"), which has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to TSE's Board of Trustees.

### [2] Contributions:

The annual amount of TSE contributions is determined by the Plan's consulting actuary under the unit credit cost method. Contributions for 2025 satisfied the minimum funding requirements of ERISA. TSE's funding policy is to, at a minimum, contribute the required contribution as determined by the Plan's actuary.

### [3] Participants' accounts:

Under the Plan provisions, amounts are credited by the Plan to the participants' hypothetical accounts. Prior to January 1, 2010, the Plan provided a fixed retirement benefit at the participants' normal retirement date based upon the participants' average annual compensation and years of credited service (referred to as the "Traditional Formula"). Effective January 1, 2010, the Plan was amended to add a "cash balance benefit" that provides participants with an account that is credited annually based on age-based pay credits and interest (referred to as the "Cash Balance Formula").

The benefit for employees who were participants prior to January 1, 2010 is determined under both the Traditional Formula and the Cash Balance Formula as described in the Plan document. The benefit will equal the sum of the participants' benefit under the Traditional Formula as of December 31, 2009 (referred to as the "Grandfathered Benefit"), plus the benefit earned from January 1, 2010 thereafter under the Cash Balance Formula (referred to as the "Cash Balance Benefit"). Additionally, participants will continue to earn benefits under the Traditional Formula for a specified period of time based on their age and service as of December 31, 2009 (referred to as the "Transition Crediting Period"). Participants will be entitled to the greater of (a) the sum of their benefit under the continued Traditional Formula (subject to certain modifications for early retirement) plus the Cash Balance Benefit that accrues when they cease earning benefits under the Traditional Formula (the "Transition Benefit"), or (b) the sum of their Grandfathered Benefit and Cash Balance Benefit that accrues after December 31, 2009. If an employee first becomes a participant on or after January 1, 2010, their benefit is determined solely by the Cash Balance Formula.

The cash balance accounts are allocated based on age-based pay credits and interest annually. The annual age-based pay credit (credited each December 31st) is determined by multiplying a percentage factor (ranging from 3% to 13% determined by a participant's full year of age each December 31st) by a participant's compensation as defined in the Plan document. Interest credits accrue as of the last day of each month, based on the third segment corporate bond rate for the month of October preceding the Plan year for which the interest credit is allocated, subject to a maximum interest rate of 4.5% per annum. The participants' account will be credited with interest every year until they reach their annuity starting date.

## NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan.

**[1] Basis of accounting:**

The financial statements of the Plan have been prepared on the accrual basis of accounting.

**[2] Investment valuation and income recognition:**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by its custodian. See Note J for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses are determined using the average cost method. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net realized/unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**[3] Expenses:**

Substantially all expenses related to the administration of the Plan are paid by TSE.

**[4] Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements and changes therein. Actual results could differ from those estimates.

**[5] Cash equivalents:**

Cash equivalents include highly liquid short-term investments purchased with initial maturities of three months or less.

**[6] Contributions receivable:**

Contributions receivable consist of amounts contributed by TSE to the Plan after the Plan year that TSE has elected to credit to the Plan year.

**[7] Funding policy:**

TSE contributes at least the minimum required contribution as specified by ERISA and determined under Internal Revenue Code ("IRC") section 430. The minimum required contribution is determined as of the beginning of the Plan year and is equal to the sum of the target normal cost for the Plan year and the shortfall amortization charge for the Plan year, less any credit for excess assets for the Plan year. The target normal cost represents the value of additional benefits accrued during the Plan year. The shortfall amortization charge generally represents an amount that would be sufficient to amortize the Plan's funding shortfall (if any) over a period no longer than seven years (fifteen years under the American Rescue Plan Act of 2021).

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**[8] Actuarial present value of accumulated plan benefits:**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the participants' services rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of deceased participants, and (c) present participants or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to participants' services rendered to the valuation date.

The significant assumptions used in the calculation of the actuarial present value of accumulated plan benefits as of December 31, 2025 and 2024, are as follows:

1. Discount rate: 6.00% as of December 31, 2025 and 2024.
2. Mortality Table – Base table: Pri-2012 amount-weighted mortality tables from the Pri-2012 mortality study. Projection: Mortality rates are projected generationally from 2012 using Scale MP-2021.
3. Expected retirement age ranges from ages 55 through 70.
4. Cash balance and optional payment form conversion interest rates: Segment rates 4.01%, 5.04%, 5.83% for 2025 and Segment rates 4.42%, 5.04%, 5.46% for 2024.

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date.

The above actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

For the year ended December 31, 2025, the computation of the actuarial present value of accumulated plan benefits were made as of January 1, 2026. Had the valuation been performed as of December 31, 2025, there would be no material differences.

**[9] Payment of benefits:**

Benefits are recorded when paid.

## NOTE C - DESCRIPTION OF PLAN BENEFITS

### [1] Pension benefits:

Participants are eligible for full pension benefits upon retirement at age 65, which is the normal retirement age for participants. Participants may elect to receive benefits as early as age 55 with a reduction applied for early retirement. Participants who attain age 62, with 25 years of eligible service, may retire with no reduction applied to their benefits.

The normal pension benefit, payable as a monthly annuity for the life of the participant, is determined by a formula which takes into account the participant's earnings and years of service. Alternate forms of benefits with guaranteed payment periods and survivorship options are available. A lump-sum benefit may be taken on the portion of a participant's benefit earned up through October 31, 1995.

Participants vest in the Plan 100% on the earlier of (i) the participant attaining normal retirement date or, (ii) the participant's completion of five years of service; provided, however, that any participant who completes an hour of service on or after January 1, 2010, shall instead be vested after completion of three years of service.

The Plan was amended effective January 1, 2010 to a cash balance Plan design. Under this Plan design, participants receive age-based pay credits for each year of service; with their benefit equal to the aggregate amount of those pay credits along with an interest adjustment. Participants may elect to take their benefit upon retirement as a lump sum equal to their cash balance accumulation, or as a monthly benefit, with the latter being the monthly benefit that can be produced from their cash balance accumulation.

Existing participants in the Plan as of December 31, 2009 will have a portion of their benefit calculated under the existing formula and a portion calculated under the cash balance formula. Participants as of December 31, 2009 who remain actively employed on January 1, 2010 will receive a total pension benefit equal to the greater of (a) the pension benefit earned under the existing terms of the Plan as of December 31, 2009, plus the pension benefit earned after December 31, 2009 based on the cash balance formula; or (b) a transition pension benefit under the existing formula, plus the pension benefit earned after the end of the transition period under the cash balance formula. All participants will have at least a one-year transition period, and older, longer service participants could have a transition period as long as 12 years based on the person's age and length of service and compensation through the date of termination.

### [2] Death and disability benefits:

The Plan contains a 66⅔% joint and survivor annuity with ten years of certain and continuous payments, which would be paid to a surviving spouse upon the death of a participant.

Alternatively, if a participant is neither married nor deemed to have a spouse pursuant to a qualified domestic relations order at the time of death, each eligible child of the participant then living shall be eligible to receive a survivor benefit in accordance with Plan guidelines.

Participants, who become totally and permanently disabled prior to retirement or separation from service for a period of six consecutive months, and by such reason the participant ceases to be an employee, shall be credited with years of credited service for each year during which a disability income award by the Social Security Administration remains in effect until the normal retirement date.

## NOTE D - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed TSE by a letter dated June 23, 2014 that the Plan is qualified under the IRC and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

## NOTE E - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, and Principal Bank (d/b/a) Principal Custody Solutions have certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits for the year ended December 31, 2025 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2025.

## NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, economic and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

## NOTE G - PLAN TERMINATION

While it is the intention of TSE to continue the Plan, TSE reserves the right to terminate the Plan at any time. In the event of a Plan termination, the assets then remaining shall be subject to the applicable provisions of the Plan then in effect, and shall be used until exhausted to pay benefits to employees in the order of their entitlement. The Plan's net assets will be allocated, as prescribed by ERISA and its related regulations, generally in the order indicated:

a. Benefits attributable to employee contributions, taking into account those paid out before termination.

b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (the "PBGC") (a U.S. government agency) up to the applicable limitations (discussed subsequently).

d. All other vested benefits (that is, vested benefits not insured by the PBGC).

e. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits.

However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

## NOTE H - ADJUSTED FUNDING TARGET ATTAINMENT PERCENTAGE ("AFTAP")

The Pension Protection Act (the "Act") included many provisions and numerous revisions to rules surrounding defined benefit plans, including rules that govern Plan funding. The Act established minimum funding standards for defined benefit plans and limited benefit increases and accruals for underfunded plans. Pursuant to the Act, each year the actuary is required to certify to the Plan's funded percentage. The Plan received such certification for the Adjusted Funding Target Attainment Percentage ("AFTAP"), which is one way of measuring the funded status of a plan using actuarial assumptions mandated by the IRS, and the actuary determined that the AFTAP for the Plan is 145.46% and 145.82% for 2025 and 2024, respectively.

## NOTE I - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of registered investment companies managed by the Plan's custodian, Principal Bank (d/b/a) Principal Custody Solutions, therefore, transactions related to these investments qualify as party-in-interest transactions.

## NOTE J - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investment assets measured at fair value. There have been no changes in the methodology used at December 31, 2025.

*Mutual funds* − Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE J - FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

**Investment Assets at Fair Value as of December 31, 2025**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Investments: | | | | |
| Mutual funds | **$ 46,130,500** | **$ -** | **$ -** | **$ 46,130,500** |
| Total investment assets at fair value | **$ 46,130,500** | **$ -** | **$ -** | **$ 46,130,500** |

**Investment Assets at Fair Value as of December 31, 2024**

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Investments: | | | | |
| Mutual funds | $ 42,557,700 | $ - | $ - | $ 42,557,700 |
| Total investment assets at fair value | $ 42,557,700 | $ - | $ - | $ 42,557,700 |

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

**NOTE K - MUTUAL FUND FEES**

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and therefore not separately identifiable as an expense.

**NOTE L - SUBSEQUENT EVENT**

The Plan's administrator has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued.

# Schedule SB, Part V — Summary of Plan Provisions

## General Information

| | |
|---|---|
| **Original Effective Date** | May 1, 1968 |
| **Effective Date of Last Amendment** | January 1, 2020 |
| **Plan Year** | January 1st to December 31st |
| **Employer Fiscal Year** | October 1st to September 30th |
| **Employer ID Number** | 22-1539721 |
| **Plan Administrator's ID Number** | 22-1539721 |
| **Plan Number** | 001 |
| **Eligibility** | Each employee shall be eligible for coverage under the Plan on the first of the month coincident with or following the date he or she reaches age twenty-one (21) and completes one (1) Year of Eligibility Service. For those hired before January 1, 2010, prior employment in the non-profit health and social service field within three years prior to their hire date is considered service for this purpose. |
| **Service** | |
| Year of Service for Eligibility | The 12–month period from hire date in which the employee performs at least one thousand (1,000) hours of service. If the employee fails to work 1,000 hours in the first year of employment, the Year of Eligibility Service is determined as the first Plan Year in which the employee performs at least 1,000 hours of service. |
| Credited Service | A year of Service for each consecutive 12–month period in which the employee performs at least One Hour of Service. Measured from the Employment Commencement Date to the date of termination. |
| **Compensation** | Wages, salaries, fees for professional services and other amounts including but not limited to bonuses, fringe benefits, and reimbursements, and excluding employer contributions and amounts receiving special tax benefits. For purposes of benefit accruals, Annual Compensation is limited in accordance with Section 401(a)(17) of the Internal Revenue Code**.** |
| **Average Compensation** | The highest consecutive 36 months of the last 120 months preceding date of determination. |

**Accrued Benefit**

The Accrued Benefit at any time prior to participant's Normal Retirement Date shall be the Normal Retirement Benefit calculated using Average Compensation and Credited Service as of the accrual date.

**Normal Retirement Date**

The first day of the month coinciding with or immediately following the employee's 65th birthday.

**Normal Retirement Benefit**

Effective January 1, 2010, the Plan was amended to include a Cash Balance benefit formula. The Normal Retirement Benefit is the Grandfathered Benefit plus the Cash Balance Benefit, or the Transition Benefit, whichever is higher.

**Grandfathered Benefit**: For participants of the plan before January 1, 2010, the Grandfathered Benefit is equal to 1.5% Average Compensation as of December 31, 2009 up to $10,000 plus 2.0% Average Earnings as of December 31, 2009 in excess of $10,000, multiplied by Credited Service as of December 31, 2009 not in excess of 45 years.

**Cash Balance Benefit**: All participants effective January 1, 2010 will be credited each year with a percentage of pay based on the participant's age at December 31st of that year. The percentages of pay will vary by the interest crediting rate for that year. A partial schedule of pay crediting rates is as follows:

| **Interest Crediting Rate ≥ 3.59%** | |
|---|---|
| Under 25 | 3.00% |
| 25-29 | 3.75% |
| 30-34 | 4.50% |
| 35-39 | 5.50% |
| 40-44 | 6.50% |
| 45-49 | 8.00% |
| 50-54 | 10.00% |
| 55-59 | 11.50% |
| 60 and above | 13.00% |

| Interest Crediting Rate < 3.59%; ≥ 3.25% | |
|---|---|
| Under 25 | 3.25% |
| 25-29 | 3.75% |
| 30-34 | 4.50% |
| 35-39 | 5.50% |
| 40-44 | 6.50% |
| 45-49 | 8.00% |
| 50-54 | 9.75% |
| 55-59 | 11.25% |
| 60 and above | 13.00% |

Interest accrues on the balance at the end of each month at the rate based on the third segment rate under Section 430(h)(2) for the month of October preceding the Plan Year, capped at 4.50% per annum.

**Transition Benefit**: The Transition Crediting Period is determined as Credited Service as of December 31, 2009 plus the half the excess of age at December 31, 2009 over 49 (not less than 0 or more than 5). The Transition Crediting Period can be at most 12 years and expires for all participants on December 31, 2021. The Transition Benefit is then equal to 1.5% Average Compensation up to $10,000 plus 2.0% Average Earnings in excess of $10,000, multiplied by Credited Service through Transition Crediting Period not in excess of 45 years.

**Early Retirement Date**

Eligibility for Retirement - The first day of the month coinciding with or immediately following the date on which a participant attains age 55.

**Early Retirement Benefit**

The following early retirement subsidies only apply to the Grandfathered portion of the Accrued Benefit. The Transition and Cash Balance Benefits are reduced actuarially for Early Retirement.

**Early Retirement**: Accrued Benefit is reduced by 1/15th for each of the first five years and 1/30th for each of the next five years by which Early Retirement precedes Normal Retirement.

**Special Early Retirement**: A participant with 25 years of Credited Service (including service after December 31, 2009 for this purpose) may retire at age 62 with reductions of 1/15th for each of the first five years and 1/30th for each of the next five years by which Early Retirement precedes age 62.

| | |
|---|---|
| | **Instructor Early Retirement**: A participant classified as an Instructor may retire with the following reductions. Instructors hired Before May 1, 1987 or hired after May 1, 1987 but who have 25 years of service at termination may retire at age 55 with an unreduced benefit. Instructors hired after May 1, 1987 who have fewer than 25 years of service at termination are not entitled to an Instructor Early Retirement Benefit. |
| **Death Benefit** | Upon death of a vested participant who has not yet commenced benefits, the spouse is entitled to receive the greater of (i) a life annuity of 66 ⅔% of the retirement benefit the participant would have received under the 66 ⅔% Joint and Survivor with 10 Years Certain and Continuous payment option and (ii) the Actuarial Equivalent of the Cash Balance Benefit payable as an immediate life annuity or lump sum.<br><br>In the event that the participant is single and does not have a beneficiary under a QDRO, each child of the participant under age 19 is entitled to a payment equal to the greater of (i) a proportionate share of the Cash Balance Benefit and (ii) the immediate Ten Year Certain and Continuous Annuity of the Grandfathered Benefit. |
| **Vested Benefit** | Benefits will vest 100% upon the earlier of (i) attainment of age 55 and (ii) completion of five (5) Years of Service. Effective January 1, 2010, participants will be vested after completion of three (3) Years of Service. |
| **Normal Form of Payment** | The normal form of payment of a retirement benefit under the Plan for a participant who has an eligible spouse on the benefit commencement date is a 66 ⅔% Joint and Survivor Annuity with a 10-year certain and continuous feature unless the participant elects in writing, with the written consent of his or her spouse, not to take such Joint and Survivor Option. Otherwise, the retirement benefit shall be paid in the form of a Life Annuity. |

| | |
|---|---|
| **Optional Methods of Settlement** | In lieu of the normal form of payment, a participant may elect to receive an actuarially equivalent benefit payable under one of the options described below:<br>(a) 50%, 66 2/3%, 75% or 100% Joint and Survivor Option<br>(b) 3, 10, 15 or 20 Year Period Certain and Continuous Option<br>(c) Single life annuity payable for the lifetime of the participant only<br>(d) Lump sum distribution<br>The above payment forms are offered to participants based on Early Retirement eligibility and which benefit formula applies. |
| **Additional Information** | The above description is a summary only; for additional details, reference should be made to the formal Plan document. |
