Plan Administrator and Trustees
Cape Coral Eye dba Tyson Eye 401(k) Plan
Cape Coral, Florida

Scope and Nature of the ERISA Section 103(a)(3)C) Audit

We have performed the audits of the accompanying financial statements of Cape Coral Eye dba Tyson Eye 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cape Coral Eye dba Tyson Eye 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cape Coral Eye dba Tyson Eye 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cape Coral Eye dba Tyson Eye 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cape Coral Eye dba Tyson Eye 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cape Coral Eye dba Tyson Eye 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Cape Coral Eye dba Tyson Eye 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions and additional information. The Plan agreement can be obtained from the Plan's Trustees.

General

The Plan is a defined contribution plan established effective May 15, 2024, as restated June 1, 2026. The Plan covers all eligible employees of Cape Coral Eye dba Tyson Eye (the "Company") who have completed three months of service. The entry requirement for elective deferral contributions and all other contributions was waived for employees who were employed as of May 15, 2024. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On January 1, 2025, the Plan was amended to include an annual automatic salary deferral increase by 1% up to 10%.

On March 22, 2026, Cape Coral Eye Center, P.A. d/b/a Tyson Eye purchased the assets of MadisonEye, LLC, an unrelated optometrist clinic. MadisonEye adopted the plan as a participating employer in 2026 and employees will be able to participate in the plan in accordance with plan provisions.

Contributions

Participants may defer pre-tax contributions through reductions of their compensation in amounts up to 100% of their eligible compensation, subject to certain limits under the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, up to the maximum limits of the IRC. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Plan is a safe harbor 401(k) plan. In order to maintain the safe harbor status, the Company must make safe harbor matching contributions equal to 100% of participants' contributions that are not over 3% of compensation, plus 50% of participants' contributions which are over 3% but are not over 5% of participant compensation.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision where all newly eligible participants are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation, and their contributions are invested in a designated target retirement fund until changed by the participant.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions and all "Safe Harbor" matching contributions, plus actual earnings, thereon.

Notes Receivable from Participants

Participants may borrow from their account from a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000. Participants may not have more than one loan outstanding. The loans are secured by the balance in the participant's vested account. The loan interest rate, determined at the time of the loan request, is set at a reasonable rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range up to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a terminated participant's vested balance is less than or equal to $7,000, the Plan will automatically roll the account to an IRA unless the participant directs otherwise. If the total benefit is $1,000 or less, the entire amount will be paid in a lump-sum distribution.

Participants may withdraw amounts representing distributions from other qualified plans (rollover contributions). In-service distributions from vested accounts are allowed to participants who meet age qualifications. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeitures

Forfeitures are used to pay Plan administrative expenses and then may be used to reduce employer contributions. At December 31, 2025 and 2024, there were no forfeited nonvested accounts. For the years ended December 31, 2025 and 2024, there were no forfeitures available to be used by the Plan.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the participant's account and are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan's management has evaluated subsequent events through October 7, 2026, the date which the financial statements were available to be issued.

NOTE C – INVESTMENT INFORMATION CERTIFIED (UNAUDITED)

As of December 31, 2025 and 2024, the following is a summary of the Plan's financial information and investments certified to by Principal Trust Company, the trustee of the Plan, included in the financial statements as complete and accurate in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

	2025	2024
Investments at fair value	$ 3,628,013	$ 2,414,738
Investments at contract value	6,171	3,873
Notes receivable from participants	28,549	-
Interest income on notes receivable from participants	589	-
Interest and dividend	41,857	21,252
Net appreciation (depreciation) in fair value of investments	435,484	431

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies – Valued at the daily closing price as reported by the registered investment companies. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. These funds held by the plan are deemed to be actively traded.

Pooled Separate Accounts – Pooled separate accounts are made up of a wide variety of underlying investments such as stocks, mutual funds and fixed securities. The NAV of these investments is based on the market value of its underlying investments. The NAV of the pooled separate accounts held by the plan have been determined to have a readily determinable fair value since the NAV is available to current investors and NAV is the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements as of December 31, 2025

	Level 1	Level 2	Level 3	Total

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% or greater than 3%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or, premature termination of the contract.

The Plan Administrator does not believe events are probable of occurring that would limit Plan’s ability to transact at contract value with the contract issuer and, as a result, limit the Plan’s ability to transact at contract value with the participants.

NOTE F – INCOME TAX STATUS

The Plan adopted a prototype plan offered by Principal Trust Company. The prototype plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain tax position, that more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

NOTE G – PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, the Plan may be terminated at any time, subject to ERISA provisions. Upon termination, all assets would be distributed to vested Plan participants or their beneficiaries. In the event of termination, participants would become 100% vested in their individual accounts.

NOTE H – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions.

The Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments in securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with the investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.
