INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
MDU Resources Group, Inc. Health and Welfare Benefits Program

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MDU Resources Group, Inc. Health and Welfare Benefits Program (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and schedule of reportable transactions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the MDU Resources Group, Inc. Health and Welfare Benefits Program (the Plan) provides only general information.

General

The Plan provides health and other benefit protection for eligible employees of MDU Resources Group, Inc. and any of its affiliates that participate in the Plan (collectively, the Company). The Plan is funded through the MDU Resources Group, Inc. Employee Benefit Trust (the Trust) and general assets of the Company. The Trust was formed under a trust agreement dated November 26, 1980. Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company or Principal Bank, is the Trustee for the Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is sponsored and administered by the Company. The Company's Employee Benefits Committee (the Committee) controls and manages the operation and administration of the Plan. The Committee consists of the Chief Financial Officer of the Company and other individuals appointed by the Chief Executive Officer of the Company who are employed by the Company or an affiliate of the Company.

The Board of Directors of the Company may, at any time, amend or modify the Plan. The Company has delegated to the Committee the authority to amend or modify the Plan; however, certain amendments identified in the Plan document are subject to approval by the Board of Directors of the Company.

Although it has not expressed any intent to do so, the Board of Directors of the Company has the right under the Plan to discontinue its contributions, at any time, and to terminate the Plan subject to the provisions of ERISA. The Board of Directors or governing entities of the affiliates may, at any time, terminate participation in the Plan with respect to such affiliate. In the event of a Plan termination, the Company will contribute the necessary amounts to fund all clams incurred prior to the termination of the Plan.

Subsidiary Spinoff

On October 2, 2024, the Board of Directors of the Company voted to approve the separation of its subsidiary, Everus Construction Group, Inc. (Everus), from the Company by means of a tax-free spinoff transaction, which was completed on October 31, 2024. As a result of the spinoff, Everus' participation in the Plan was terminated effective October 31, 2024.

Upon the spinoff of Everus from the Company and termination of participation in the Plan, certain rebates and refunds were not able to be settled. At December 31, 2024, there were rebates of approximately $141,000 applicable to Everus included in Rebates and refunds receivable and Rebates payable on the Statement of Net Assets Available for Benefits. As of December 31, 2024, approximately $708,000 in claims that were paid in 2025 by Everus were recorded as Employer contributions receivable to the plan on the Statement of Net Assets Available for Benefits. All balances related to Everus were settled during 2025.

Benefits

The Plan provides health benefits (medical, dental, vision and prescription), life insurance, accidental death and dismemberment insurance (AD&D), business travel insurance, and long-term disability coverage to active employees and eligible dependents as described in the Plan agreement. Medical and prescription benefits are offered through high deductible health plans with a health savings account (HSA). Medical, prescription, dental and vision benefits are provided through self-insured plans. The self-insured claims are processed and paid through independent claims processors. Life, AD&D, business travel and long-term disability benefits are fully insured through an independent insurance company.

Contributions

Participant contributions for health benefits are based upon the estimated costs to provide the underlying benefits of the Plan and are determined by the Company. The Company provides the balance of the Plan’s funding for participants’ health benefits.

All costs to provide the benefits related to noncontributory life insurance, AD&D, business travel insurance, and long-term disability insurance are paid by the Company. Participant contributions for contributory life insurance and AD&D, for active participants and those participants electing voluntary long-term disability defined benefits and insurance, are based upon the actual costs to provide the benefits of the Plan.

Employees enrolled in a high deductible health plan may elect to contribute amounts to individual HSA accounts through payroll deductions. Employers also make contributions to eligible participants' HSA accounts based on rates determined during the annual benefits planning process based on benchmark data and approved by the Company's Management Policy Committee.

Employer contributions to participant HSAs are included in Employer contributions and Payments for claims on the Statement of Changes in Net Assets Available for Benefits. Employee contribution and claim reimbursement activity within their individual HSA is not reflected in the Plan's financial statements because the Plan is not obligated to pay benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, claims incurred but not reported (IBNR), claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Trust's investment is in an interest-bearing cash bank deposit sweep program. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan’s liability for active participant health claims incurred but not reported at year-end is estimated using actuarial methods that use historical trend information developed through studies of medical claim lag patterns incurred in the prior years. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in these estimations and assumptions in the near term could materially affect the financial statements.

Concentration of Investments

At December 31, 2025, the Plan's net assets were 100 percent invested in the Principal Deposit Sweep Program. This is an interest-bearing cash bank deposit sweep program subject to minimal investment risk; however, a significant decline in the market value of this program would significantly affect the net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are held by the Trust and reported at fair value as reported by the Trustee. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for description of valuation methods.

The fair value of the Plan’s assets held in the Trust is based on the beginning of year value of the Plan’s interest in the Trust plus actual contributions and investment income less actual distributions and administrative expenses. Purchases and sales of securities are recorded on a trade-date basis. Investment income consists of interest income, which is recorded on an accrual basis.

Administrative Expenses

The Plan pays most administrative costs related to the Plan, such as actuarial, audit, third-party administration and trust administration fees. Certain management and administrative services are provided by the Company to the Plan without a charge.

Rebates and Refunds

Refunds due from the Plan's pharmacy benefits manager are recorded when earned. Refunds due as of the financial statement date are reported as a receivable, with the offset being netted against claims paid. Pharmacy rebates totaling $3.2 million have been netted with claims paid in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

Stop-Loss Coverage

The Company maintains a stop-loss insurance arrangement in an effort to limit its aggregate exposure to all claims. The Company pays the stop-loss insurance premiums and the Plan's financial statements do not reflect any amounts associated with the Company's stop-loss insurance arrangement.

Contributions

Contributions are recorded as additions to Plan assets when received or determined to be receivable by the Plan. Participant contributions to the Plan represent the amounts withheld by the Company through employee payroll deductions and transferred to the Trust.

Payment of Claims

Claims are recorded as paid when paid by the third-party claims processor. Amounts due to claims processors that have been approved but not reimbursed by the Plan are disclosed in Note 4 as claims payable.

Insurance Premiums
Premiums paid by the Plan are recorded as insurance premiums in the accompanying Statement of Changes in Net Assets Available for Benefits.

Note 3 - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board (FASB) Accounting Standards Codification establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There are three levels of inputs that may be used to measure fair value:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date;
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; or
- Level 3 – unobservable inputs for the asset or liability.

Following is a description of the specific valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodology used at December 31, 2025.

Interest-bearing cash - Valued at cost plus accrued interest which approximates fair value.

Though the Company believes the methods used to estimate fair value are consistent with those used by other market participants, the use of other methods or assumptions could result in a different estimate of fair value.

The Plan's assets measured at fair value were as follows:

	Fair Value Measurements at December 31, 2025 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2025
Assets:

Total assets measured at fair value	$ —	$ 1,940,752	$ —	$ 1,940,752

	Fair Value Measurements at December 31, 2024 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at December 31, 2024
Assets:				
Interest-bearing cash (Principal Deposit Sweep Program)	$ —	$ 3,120,184	$ —	$ 3,120,184
Total assets measured at fair value	$ —	$ 3,120,184	$ —	$ 3,120,184

Note 4 - Benefit Obligations

Estimated Claims Incurred But Not Reported
The estimated liability for claims incurred but not reported is based on an estimate of claims incurred through December 31 of each year, but not reported until after that date. The independent claims processor determines the estimated liability based upon actuarial methods that use historical trend information developed through studies of medical claim lag patterns incurred in the prior years. Revisions to the estimate are charged or credited to expense, as the amounts become known. The estimated liabilities for participants' health claims incurred but unreported as of December 31, 2025 and 2024 are included in the benefit obligation. Amounts due to claims processors that have been approved but not reimbursed by the Plan are disclosed as claims payable.

Benefit Obligations
The benefit obligations were as follows at December 31:

	2025	2024
Amounts currently payable for participants:		
Claims payable	$ 31,852	$ 548,986
Other obligations for current benefit coverage, at historical trends of estimated amounts:		
Estimated claims incurred but not reported	2,310,464	3,297,455
Plan's total benefit obligations	$ 2,342,316	$ 3,846,441

The change in total benefit obligations was attributable to the following at December 31:

	2025
Amounts currently payable for participants:	
Balance at beginning of year	$ 548,986
Claims reported and approved for payment	33,295,889
Claims paid	(33,813,023)
Balance at end of year	31,852
Other obligations for current benefit coverage, at historical trends of estimated amounts:	
Balance at beginning of year	3,297,455
Net change in claims incurred but not reported	(986,991)
Balance at end of year	2,310,464
Total benefits obligations balance at end of year	$ 2,342,316

As of December 31, 2025 and 2024, benefit obligations did not exceed the Plan's net assets.

The Plan's deficiency of net assets over benefit obligations at December 31, 2025, relates to estimated claims incurred but not reported and will be funded through future Plan Sponsor contributions and the participants' contributions.

Note 5 - Income Tax Status

The Internal Revenue Service (IRS) has informed the Company by a letter dated January 6, 1981, that the Trust is qualified under Section 501(c)(9) of the Internal Revenue Code. Generally, the Trust's investment income is exempt from taxation; however, the Trust may be subject to tax on unrelated business income. The Plan administrator believes that the Trust continues to qualify and to operate in accordance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan. The effects of an uncertain tax position are recognized in the financial statements when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of December 31,	2025	2024
Net assets available for benefits per the financial statements	$ 2,331,986	$ 4,032,869
Benefit obligations currently payable and estimated claims incurred but not reported	(2,342,316)	(3,846,441)
Net assets available for benefits per the Form 5500	$ (10,330)	$ 186,428

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

For the year ended December 31,		2025
Benefits paid to participants per the financial statements	$	33,813,023
Amounts currently payable and estimated claims incurred but not reported		2,342,316
Amounts currently payable at prior year end		(3,846,441)
Benefits paid to participants per the Form 5500	$	32,308,898

Claims and premiums that have been processed and approved for payment at year-end but not paid, and claims incurred but not reported are not considered liabilities under GAAP and, therefore, are not presented as liabilities or claims and premiums paid in the accompanying financial statements, but are recorded on the Form 5500 as a liability.

Note 7 - Exempt Party-In-Interest Transactions

The Plan's investment is an interest-bearing cash bank deposit sweep program managed by Principal Trust Company or Principal Bank, as the case may be, who is the Trustee of the Trust. This arrangement qualifies as exempt party-in-interest transaction that is exempt from the Department of Labor’s prohibitions.

Note 8 - Certification by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Principal Trust Company or Principal Bank, as the case may be, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025 and the information reported in the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions - year ended December 31, 2025.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events for matters requiring adjustment or disclosure in these financial statements through October 7, 2026, the date on which these financial statements were available to be issued.
