REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Thomas Jefferson Foundation, Inc. 401(K) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of Thomas Jefferson Foundation, Inc. 401(K) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter

Supplemental schedules required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2024 financial statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Thomas Jefferson Foundation, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or Summary Plan Description and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees except union employees of the Thomas Jefferson Foundation, Inc. (the Foundation, Plan Sponsor, or Plan Administrator). The Plan became effective January 1, 2007 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended.

The Plan is a non-standardized 401(k) profit sharing plan that has adopted a prototype/pre-approved plan document sponsored by SS&C Retirement Solutions, LLC (DST) amended and restated effective January 1, 2025. T. Rowe Price is the custodian of Plan assets since January 1, 2017. Record keeping services have been subcontracted to SS&C. Reliance Trust Company (Reliance Trust) is the directed trustee of the Plan since July 1, 2016.

Eligibility and Contributions

Effective January 1, 2022, employees of the Foundation are eligible for participation on date of hire. Participants may contribute a percentage or specific dollar amount of their compensation not to exceed the dollar limit set by law. The Plan has an automatic enrollment feature, whereby, eligible participants are automatically enrolled in the Plan with a salary deferral rate of 3%. The Plan does not have auto escalation. Participants may opt out of the automatic enrollment. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for Roth and/or after-tax contributions.

Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Foundation contributes to the Plan matching amounts, ranging from 3% to 6% of base compensation that a participant contributes to the Plan. Participants must have performed one year of service to be eligible for the safe harbor contributions.

The Foundation contributes to the Plan the following matching amounts:

Employee Deferral	Foundation Match
1.0% of Compensation	3.0% of Compensation
2.0% of Compensation	4.0% of Compensation
3.0% of Compensation	4.5% of Compensation
4.0% of Compensation	5.0% of Compensation
5.0% of Compensation	5.5% of Compensation
6.0% of Compensation	6.0% of Compensation

Participant Accounts

Each participant's account is credited with the participant's contribution, the Foundation's contribution, and allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant compensation or account balances, or specific requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in both their contributions and the amounts the Foundation has contributed to their accounts under the "safe harbor" provisions of the Plan.

Payment of Benefits

Upon attainment of normal retirement age of 65, termination of employment or in the case of death, a participant or their beneficiary will receive the vested portion of the amount credited to the participant's account as a lump sum payment. At the age of 59½, a member may withdraw his vested account balance as a lump sum distribution, either as an in-service distribution or upon termination. Vested balances of $7,000 or less will be automatically rolled into an Individual Retirement Account (IRA) without participant consent.

Hardship Distributions

Under certain conditions participants may take a financial hardship withdrawal of all or part of their vested account balance. Such withdrawals may not exceed the amount required to meet the immediate financial need created by the hardship. The participants may have a withdrawal for financial hardship only if they have received all other withdrawals or loans available to them under the Plan. The amount of the withdrawal may include the amount of taxes that will result from the withdrawal.

Forfeited Accounts

There was $44 and $33 in forfeited nonvested accounts at December 31, 2025 and 2024, respectively. These balances are related to nonvested employer contributions made to the Plan previous to the current safe harbor plan. Forfeitures may be used to reduce the employer's contributions or to pay administrative expenses in a given plan year. No forfeitures were used to reduce the employer's contributions for the Plan year ended December 31, 2025.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and custodians. See Note 4 for discussion of fair value measurements.

The Plan's shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at each year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - INFORMATION CERTIFIED BY RELIANCE TRUST (TRUSTEE)

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust, a qualified institution.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

These investments are mutual funds which are registered investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds held by the Plan are traded on national securities exchanges. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 33,854,177	$ -	$ -	$ 33,854,177
Total investments	$ 33,854,177	$ -	$ -	$ 33,854,177

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 29,186,108	$ -	$ -	$ 29,186,108
Total investments	$ 29,186,108	$ -	$ -	$ 29,186,108

During the current year, the Plan determined that interest-bearing cash had been excluded from the fair value hierarchy disclosures in the prior year. Accordingly, the prior-year fair value hierarchy table has been revised to include interest-bearing cash within Level 1 investments. This correction affected only the presentation of investments within the fair value disclosures and had no impact on net assets available for benefits, changes in net assets available for benefits, or participants' account balances.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan participants select among various investment funds offered by T. Rowe Price, who also functions as the custodian for the Plan, therefore, these transactions qualify as related party transactions.

Certain administrative functions are performed by officers or employees of the Foundation, and these employees are also Plan participants. No such officer or employee receives compensation from the Plan.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

NOTE 8 - TAX STATUS

SS&C obtained its opinion letter for this non-standardized pre-approved profit-sharing plan on June 30, 2020 in which the Internal Revenue Service (IRS) stated that the pre-approved plan document, as then designed, was in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan, as amended, is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset), if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2025	December 31, 2024
Net assets available for benefits per the financial statements	$ 33,854,177	$ 29,185,083
Fees payable	-	1,025
Net assets available for benefits, per Form 5500	$ 33,854,177	$ 29,186,108

The following is a reconciliation of net increase per the financial statements to Form 5500:

For the Year Ended December 31,	2025
Net increase per the financial statements	$ 4,669,094
Change in accrued administrative expenses	(1,025)
Net increase, per Form 5500	$ 4,668,069

NOTE 10 - SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
