INDEPENDENT AUDITORS' REPORT

To the Sponsor and Trustees of
Atlas Healthcare, LLC 401(K) Plan
Toms River, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Atlas Healthcare, LLC 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial 2025 Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2025 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Sections 103(a)(3)(c).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Atlas Healthcare, LLC 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlas Healthcare, LLC 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements should be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atlas Healthcare, LLC 401(K) Plan' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlas Healthcare, LLC 401(K) Plan' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

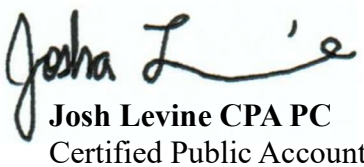

The supplemental schedule, schedule of assets (held at end of year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – PLAN DESCRIPTION

The following brief description of Atlas Healthcare, LLC 401(K) Plan (the Plan) provide only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Atlas Healthcare, LLC (the "Company" or the "Employer") formed the Plan effective January 1, 2020. The Plan is designed to comply with the applicable provisions of Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a defined contribution plan that includes participant-directed investment accounts and an insurance company general account (collectively, the "401(k) Accounts"). Eligible employees may make elective deferrals to the Plan, and the Employer may make matching or discretionary contributions as provided in the Plan. The 401 (k) Accounts of the Plan continues on a going concern basis. Fidelity Investments is the custodian and record-keeper of the 401 (k) Accounts.

2. Eligibility

Under the terms of the Plan, an employee is eligible to participate if the employee has completed at least three (3) months of service and is at least 21 years of age. However, employees are not eligible to participate if they are covered by a collective bargaining agreement (unless the agreement specifically provides for participation in the Plan), classified as leased employees, nonresident aliens who do not receive U.S.-sourced earned income, or residents of Puerto Rico. Participants can enter the 401 (k) Accounts on the first day of any calendar year quarter following the completion of the eligibility requirements.

3. Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions are invested in participant designated funds. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Sponsor may make a discretionary matching contribution to the Plan to the extent allowable by the Internal Revenue Code (IRC). The percentage of elective deferral contributions matched, if any, shall be determined by the Plan Sponsor and shall apply to all eligible participants for the entire plan year. The matching Sponsor contribution is invested directly into the investment options selected by the participant. The Sponsor did not make any discretionary matching contributions for the year ended December 31, 2025.

NOTE A – PLAN DESCRIPTION (Continued)

4. Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings and (c) charges for certain account maintenance and service fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting
Participants are immediately and fully vested in their elective deferral account and qualified non-elective contribution account. A participant is also 100% vested in cash dividends that the participant elects to have reinvested in the Plan. For Employer contributions made into the Plan, vesting in the Company's discretionary matching contributions is based on years of continuous service. A participant vests at a rate of 20% per year starting after year two and is 100% vested after six years of credited service or upon attaining the age of 65 years.

6. Forfeitures
Participants who terminate employment before they vest will forfeit their interest in their employer contribution accounts. These accounts will be held in the Plan for use by the Company to meet any obligations with respect to employer contributions. As of December 31, 2025, the balance in the forfeiture account was $112,789.94.

7. Investment Options
Upon enrollment in the Plan, participants may direct their elective contribution and Company contribution into the various investment options offered by the Plan. Participants may change their investment options at any time.

8. Notes Receivable from Participants
Participants may borrow from their 401(k) accounts in an amount ranging from a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's 401(k) account and bear interest at prime plus one percent per annum. Principal and interest are repaid through payroll deductions. Interest rates on such loans ranged from 4.25% to 10.00%. As of December 31, 2025, the balance in the forfeiture account was $112,789.94.

9. Payment of Benefits
A participant's account balance from their 401 (k) Accounts will be distributed in a lump-sum payment upon termination, disability, retirement or death. However, any non-vested portion of the account balance is forfeited, except in the case of disability or death. In the event of such separation prior to age 59-1/2, the participant may elect to defer the distribution until the participant reaches age 59-1/2 or to an earlier date, provided that the participant's eligible distribution exceeds $5,000.

NOTE A – PLAN DESCRIPTION (Continued)

9. Payment of Benefits (Continued)

In all cases, an active participant's account must be distributed no later than April 1, of the year following the participant's reaching the age of required minimum distribution. Hardship withdrawals are allowed under the Plan, and are generally defined as an immediate and heavy financial need for which funds are not reasonably available from other resources. Hardship situations are limited to purchase of a primary residence, certain tuition expenses, certain funeral expenses, deductible unreimbursed medical expenses and the need to prevent eviction from, or foreclosure of a mortgage on, a principal residence. The withdrawal cannot exceed the amount of the immediate need, including amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the withdrawal. In accordance with Internal Revenue Service ("IRS") Regulations participants must first exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan’s valuation policies utilizing information provided by the investment advisors and the trustees. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits
Benefits are recorded when paid.

6. Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

7. Reclassifications
Certain reclassifications have been made to the prior year financial statements to confirm to the current year presentation.

8. Subsequent Events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 1, 2026, the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Investments, the Trustees of the Plan.

NOTE D – FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

NOTE D – FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments in Registered Investment Companies	$ -	$ 32,928,737	$ -	$ 32,928,737
Total investments at fair value	**$ -**	**$ 32,928,737**	**$ -**	**$ 32,928,737**

	Assets at Fair Value as of December 31, 2024			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments in Registered Investment Companies	$ -	$ 26,588,186	$ -	$ 26,588,186
Total investments at fair value	**$ -**	**$ 26,588,186**	**$ -**	**$ 26,588,186**

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments provided recordkeeping and contract administration services for the Plan. Therefore, transactions between the Plan and Fidelity Investments qualify as party-in-interest transactions. During the year ended December 31, 2025, the Plan paid $77,906 to Fidelity Investments for contract administration and recordkeeping expenses.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of Sponsor contributions.

NOTE G – TAX STATUS

The Plan has been designed to be a qualified plan under Section 401(a) of the Internal Revenue Code (the "Code"), including a cash or deferred arrangement under Section 401(k) of the Code. The Plan's trust is intended to be exempt from federal income tax under Section 501(a) of the Code. The Plan Administrator intends to apply for a determination letter from the Internal Revenue Service regarding the qualified status of the Plan. The Plan is required to operate in accordance with the Code to maintain its qualified status and the tax-exempt status of the Plan's trust.

As of December 31, 2025, the Plan has determined that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2025 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

INDEPENDENT AUDITORS' REPORT

To the Sponsor and Trustees of
Atlas Healthcare, LLC 401(K) Plan
Toms River, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Atlas Healthcare, LLC 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial 2025 Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2025 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Sections 103(a)(3)(c).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Atlas Healthcare, LLC 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlas Healthcare, LLC 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements should be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Atlas Healthcare, LLC 401(K) Plan' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Atlas Healthcare, LLC 401(K) Plan' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

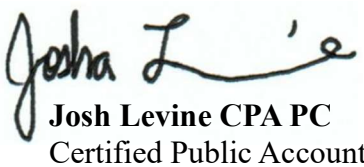

The supplemental schedule, schedule of assets (held at end of year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – PLAN DESCRIPTION

The following brief description of Atlas Healthcare, LLC 401(K) Plan (the Plan) provide only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Atlas Healthcare, LLC (the "Company" or the "Employer") formed the Plan effective January 1, 2020. The Plan is designed to comply with the applicable provisions of Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is a defined contribution plan that includes participant-directed investment accounts and an insurance company general account (collectively, the "401(k) Accounts"). Eligible employees may make elective deferrals to the Plan, and the Employer may make matching or discretionary contributions as provided in the Plan. The 401 (k) Accounts of the Plan continues on a going concern basis. Fidelity Investments is the custodian and record-keeper of the 401 (k) Accounts.

2. Eligibility

Under the terms of the Plan, an employee is eligible to participate if the employee has completed at least three (3) months of service and is at least 21 years of age. However, employees are not eligible to participate if they are covered by a collective bargaining agreement (unless the agreement specifically provides for participation in the Plan), classified as leased employees, nonresident aliens who do not receive U.S.-sourced earned income, or residents of Puerto Rico. Participants can enter the 401 (k) Accounts on the first day of any calendar year quarter following the completion of the eligibility requirements.

3. Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions are invested in participant designated funds. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Sponsor may make a discretionary matching contribution to the Plan to the extent allowable by the Internal Revenue Code (IRC). The percentage of elective deferral contributions matched, if any, shall be determined by the Plan Sponsor and shall apply to all eligible participants for the entire plan year. The matching Sponsor contribution is invested directly into the investment options selected by the participant. The Sponsor did not make any discretionary matching contributions for the year ended December 31, 2025.

NOTE A – PLAN DESCRIPTION (Continued)

4. Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings and (c) charges for certain account maintenance and service fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting
Participants are immediately and fully vested in their elective deferral account and qualified non-elective contribution account. A participant is also 100% vested in cash dividends that the participant elects to have reinvested in the Plan. For Employer contributions made into the Plan, vesting in the Company's discretionary matching contributions is based on years of continuous service. A participant vests at a rate of 20% per year starting after year two and is 100% vested after six years of credited service or upon attaining the age of 65 years.

6. Forfeitures
Participants who terminate employment before they vest will forfeit their interest in their employer contribution accounts. These accounts will be held in the Plan for use by the Company to meet any obligations with respect to employer contributions. As of December 31, 2025, the balance in the forfeiture account was $112,789.94.

7. Investment Options
Upon enrollment in the Plan, participants may direct their elective contribution and Company contribution into the various investment options offered by the Plan. Participants may change their investment options at any time.

8. Notes Receivable from Participants
Participants may borrow from their 401(k) accounts in an amount ranging from a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's 401(k) account and bear interest at prime plus one percent per annum. Principal and interest are repaid through payroll deductions. Interest rates on such loans ranged from 4.25% to 10.00%. As of December 31, 2025, the balance in the forfeiture account was $112,789.94.

9. Payment of Benefits
A participant's account balance from their 401 (k) Accounts will be distributed in a lump-sum payment upon termination, disability, retirement or death. However, any non-vested portion of the account balance is forfeited, except in the case of disability or death. In the event of such separation prior to age 59-1/2, the participant may elect to defer the distribution until the participant reaches age 59-1/2 or to an earlier date, provided that the participant's eligible distribution exceeds $5,000.

NOTE A – PLAN DESCRIPTION (Continued)

9. Payment of Benefits (Continued)

In all cases, an active participant's account must be distributed no later than April 1, of the year following the participant's reaching the age of required minimum distribution. Hardship withdrawals are allowed under the Plan, and are generally defined as an immediate and heavy financial need for which funds are not reasonably available from other resources. Hardship situations are limited to purchase of a primary residence, certain tuition expenses, certain funeral expenses, deductible unreimbursed medical expenses and the need to prevent eviction from, or foreclosure of a mortgage on, a principal residence. The withdrawal cannot exceed the amount of the immediate need, including amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the withdrawal. In accordance with Internal Revenue Service ("IRS") Regulations participants must first exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan’s valuation policies utilizing information provided by the investment advisors and the trustees. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits
Benefits are recorded when paid.

6. Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

7. Reclassifications
Certain reclassifications have been made to the prior year financial statements to confirm to the current year presentation.

8. Subsequent Events
The Plan has evaluated events and transactions for potential recognition or disclosure through October 1, 2026, the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Investments, the Trustees of the Plan.

NOTE D – FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

NOTE D – FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments in Registered Investment Companies	$ -	$ 32,928,737	$ -	$ 32,928,737
Total investments at fair value	**$ -**	**$ 32,928,737**	**$ -**	**$ 32,928,737**

	Assets at Fair Value as of December 31, 2024

Investments in Registered Investment Companies	$ -	$ 26,588,186	$ -	$ 26,588,186
Total investments at fair value	**$ -**	**$ 26,588,186**	**$ -**	**$ 26,588,186**

NOTE E – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments provided recordkeeping and contract administration services for the Plan. Therefore, transactions between the Plan and Fidelity Investments qualify as party-in-interest transactions. During the year ended December 31, 2025, the Plan paid $77,906 to Fidelity Investments for contract administration and recordkeeping expenses.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their allocation of Sponsor contributions.

NOTE G – TAX STATUS

The Plan has been designed to be a qualified plan under Section 401(a) of the Internal Revenue Code (the "Code"), including a cash or deferred arrangement under Section 401(k) of the Code. The Plan's trust is intended to be exempt from federal income tax under Section 501(a) of the Code. The Plan Administrator intends to apply for a determination letter from the Internal Revenue Service regarding the qualified status of the Plan. The Plan is required to operate in accordance with the Code to maintain its qualified status and the tax-exempt status of the Plan's trust.

As of December 31, 2025, the Plan has determined that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2025 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
