Independent Auditor's Report

To the Plan Administrator
The Methodist Hospitals, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of The Methodist Hospitals, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 15, 2025 (in liquidation); December 31, 2024 (in liquidation); and December 31, 2023 (ongoing) and the related statement of changes in net assets available for benefits for the period from January 1, 2025 through December 15, 2025 and the years ended December 31, 2024 (in liquidation) and 2023 (ongoing) and the statement of accumulated plan benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing) and the related statement of changes in accumulated plan benefits for the years ended December 31, 2024 (in liquidation) and 2023 (ongoing) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Methodist Hospitals, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 15, 2025; December 31, 2024; and December 31, 2023 and for the period from January 1, 2025 through December 15, 2025 and the years ended December 31, 2024 and 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

PRAXITY™
Empowering Business Globally

Emphasis of Matter

As discussed in Note 7 to the financial statements, the plan sponsor terminated the Plan effective March 31, 2024 and management determined that liquidation was imminent. The financial statements for the periods subsequent to December 31, 2023 are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
The Methodist Hospitals, Inc. Retirement Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions (in liquidation) for the period from January 1, 2025 through December 15, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of The Methodist Hospitals, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan covering all full-time employees of The Methodist Hospitals, Inc. (the "Hospital") who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prior to the termination, the Plan was frozen to new participants.

The Plan was terminated effective March 31, 2024. See Note 7 for additional information. The following is a description of the Plan prior to termination.

Contributions

All contributions to the Plan are made by the Hospital. The Hospital contributes such amounts, as determined on an actuarial basis, to provide the Plan with assets sufficient to meet the projected benefits to be paid to plan participants. No participant contributions are permitted. The Plan has met the minimum funding requirements of ERISA for the period from January 1, 2025 through December 15, 2025 and the years ended December 31, 2024 and 2023.

Eligibility and Vesting

Employees become participants in the Plan following the completion of the eligibility requirements, as described in the plan agreement, and are fully vested for normal retirement benefits after five years of service.

Pension Benefits

Employees with 5 or more years of service are entitled to annual pension benefits beginning at the participant’s normal retirement age of 65. The annual retirement benefit shall be equal to the sum of 1.525 percent of average annual earnings up to covered compensation plus 2.15 percent of average annual earnings in excess of covered compensation times total years and completed months of plan participation, not to exceed 35 years. The Plan permits early retirement at ages 55-64. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity or life annuity.

If employees terminate before rendering 5 years of service, they forfeit the right to receive their accumulated plan benefits. Employees may elect to receive the value of their accumulated plan benefits under a method determined by the administrator, which includes a lump-sum distribution or purchase of a monthly annuity. For benefits accrued after December 31, 1990, the actuarial equivalent of the monthly benefit must be less than $10,000 in order to be eligible for a lump-sum payment.

For nonunion participants, the accrued service benefit and covered compensation were frozen as of December 31, 2005. For union participants, the accrued service benefit and covered compensation were frozen as of August 31, 2006.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Voya Institutional Trust Company and Voya Retirement Insurance and Annuity Company (collectively, Voya) or their affiliates. Voya is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

As discussed in Note 7 to the financial statements, the plan sponsor terminated the Plan effective March 31, 2024. The financial statements for periods subsequent to December 31, 2023 are prepared on the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

As the Plan has been fully liquidated as of December 15, 2025, there are no remaining costs of disposal of assets or other costs expected subsequent to the date the Plan was fully liquidated.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of the unallocated contract is based on contract value adjusted for certain contractual provisions. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits.

The common/collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The U.S. government securities and corporate debt securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve, as well as other relevant economic measures. The interest-bearing cash is valued at fair value based on its outstanding balances. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative expenses of the Plan were paid directly by the Plan. The Hospital provides accounting and other administrative services to the Plan at no charge and also paid certain administrative expenses. These expenses were approximately $33,000 during the period from January 1, 2025 through December 15, 2025 and $25,000 and $147,000 in 2024 and 2023, respectively.

Risks and Uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 5, 2026, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Voya Institutional Trust Company and Voya Retirement Insurance and Annuity Company (collectively, the "Trustees") hold the Plan's investments and execute all investment transactions. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of reportable transactions (in liquidation) are based solely on information certified by the Trustees.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities to be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

There were no assets measured at fair value at December 15, 2025, as all plan assets had been distributed before December 15, 2025. See Note 7. The following tables present information about the Plan at December 31, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Corporate debt securities	$ 66,798,230	$ -	$ 66,798,230	$ -
U.S. government securities	5,953,751	-	5,953,751	-
Interest-bearing cash	92,910	92,910	-	-
Total	72,844,891	$ 92,910	$ 72,751,981	$ -
Investment measured at NAV - Common/collective trust fund (1)	1,451,647			
Total investments at fair value	$ 74,296,538			

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2023			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 70,114,151	$ 70,114,151	$ -	$ -
Unallocated contract	238	-	238	-
Total	70,114,389	$ 70,114,151	$ 238	$ -
Investment measured at NAV - Common/collective trust fund	37,774,551			
Total investments at fair value	$ 107,888,940			

(1) This class represents investments in actively managed common collective trust funds that invest primarily in high-quality, short-term securities and other instruments including, but not limited to, U.S. Treasury bills; notes and bonds; other obligations issued or guaranteed as to principal or interest by the U.S. government, its agencies, or its instrumentalities; corporate debt obligations; instruments of U.S. and foreign banks, including time deposits, certificates of deposit, and banker's acceptances of supranational and sovereign debt obligations; mortgage-backed and asset-backed securities; repurchase agreements; funding agreements; money market mutual funds; and other investment pools.

Note 5 - Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrement, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The statement of accumulated plan benefits at December 31, 2024 and 2023 was based on an actuarial valuation as of January 1, 2025 and 2024 and for the years then ended. There were no significant changes or amendments for the one-day difference.

The more significant assumptions underlying the actuarial computations used in 2024, 2023, and 2022 are as follows:

As of December 31, 2024:

(a) Actuarial unit credit cost method

(b) Discount rate of 5.65 percent

(c) Life expectancy of participants is based on the Pri-2012 mortality table, male and female, with MP-2021 mortality scale.

(d) Normal retirement is age 65 with five years of service.

As of December 31, 2023:

(a) Actuarial unit credit cost method

(b) Discount rate of 5.00 percent

(c) Life expectancy of participants is based on the Pri-2012 mortality table, male and female, with MP-2021 mortality scale.

(d) Normal retirement is age 65 with five years of service.

As of December 31, 2022:

(a) Actuarial unit credit cost method

(b) Discount rate of 5.00 percent

(c) Life expectancy of participants is based on the Pri-2012 mortality table, male and female, with MP-2021 mortality scale.

(d) Normal retirement is age 65 with five years of service.

In February 2025, the Plan purchased two group annuity contracts from Nationwide Life Insurance Company and transferred responsibility for substantially all participant benefit obligations to the insurance carrier. In connection with the Plan's ongoing liquidation, the Plan also made benefit payments and completed other settlement activities during 2025. Had these transactions been reflected in the statement of accumulated plan benefits as of December 31, 2024, accumulated plan benefits would have been substantially reduced, as the annuity purchases and related settlement transactions satisfied substantially all benefit obligations of the Plan. See Note 7 for additional information.

Note 5 - Accumulated Plan Benefits (Continued)

For the year ended December 31, 2024, the decrease in the actuarial present value of accumulated plan benefits due to actuarial losses is due to the decision to terminate the plan effective March 31, 2024. The impact of the termination of the Plan was not reflected in the accumulated plan benefits as of December 31, 2023.

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The investment committee and the board of directors of the plan sponsor determined to terminate the Plan effective March 31, 2024. On December 11, 2024, the Plan received notification from the IRS indicating that the termination of the Plan would not adversely affect the Plan's qualified tax status. As such, the Company began procedures to settle plan obligations. All obligations were fully settled in December 2025.

Note 7 - Plan Termination

The plan sponsor terminated the Plan effective March 31, 2024 in accordance with the PBGC provisions and reporting requirements approved by the PBGC. The Plan adopted the liquidation basis of accounting in fiscal year 2024. Under the liquidation basis of accounting, assets are recorded at the amount expected to be collected and liabilities are recorded at amounts expected to be paid during the course of liquidation.

As of the effective date of the termination, participants became 100 percent vested in plan benefits. Participants were granted the option of a lump-sum payment or an annuity calculated actuarially as of the date of termination granting benefits through an insurance company commensurate with the benefits the participant would have received at their normal retirement date had the Plan not terminated. Liquidation of assets through distributions to participants began during 2024.

Effective February 4, 2025, the Plan purchased two annuity contracts from Nationwide Life and Annuity Insurance Company (Nationwide). Under the agreement, Nationwide assumed the obligation to pay future pension benefits, starting on April 1, 2025, for all participants who had not elected to receive a lump sum as part of the plan termination. The purchase price of the annuity contracts was approximately $69.5 million. During 2025, following the settlement of all participant benefit obligations and related administrative expenses, the Plan transferred approximately $4.2 million of excess plan assets to the plan sponsor in accordance with the Plan's termination provisions and applicable regulatory requirements. The transfer is reflected as return of excess assets to plan sponsors in the accompanying statement of changes in net assets available for benefits. As of December 15, 2025, all plan assets have been distributed, and no net assets remain in the Plan.
