INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Point Loma Nazarene University Retirement Healthcare Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of the Point Loma Nazarene University Retirement Healthcare Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (liquidation basis) as of December 1, 2025 and December 31, 2024, the related statement of changes in net assets available for benefits (liquidation basis) for the period January 1, 2025 to December 1, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 1, 2025 and December 31, 2024, and for the period January 1, 2025 through December 1, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis
As described in Note 1 to the financial statements, management approved the termination of the Plan effective October 14, 2024, and management commenced its plan to liquidate the assets of the Plan. As of December 1, 2025, all Plan assets have been liquidated. Accordingly, the Plan has presented the financial statements under the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Respectfully submitted,

POINT LOMA NAZARENE UNIVERSITY RETIREMENT HEALTHCARE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 1, 2025 AND DECEMBER 31, 2024

Note 1 **Description of the Plan**

The following description of the Point Loma Nazarene University Retirement Healthcare Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution health and welfare plan sponsored by Point Loma Nazarene University (the University) covering all eligible employees, as defined in the Plan agreement. The Plan was established effective March 1, 2008. The Plan reimburses participants for the cost of eligible medical expenses, as set forth in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Termination

During 2024, the University made a decision to terminate the Plan. As an initial step, the University terminated its participation in the Emeriti program effective October 1, 2024 and adopted a program managed by TIAA as recordkeeper, with all Plan assets remaining with TIAA Trust, N.A. as trustee. Claim management services changed from CBIZ, Inc. (CBIZ) to Optum Financial. In addition, access to the Aetna insurance coverage under the Plan ended effective September 30, 2024. Concurrent with this change, the Plan was renamed the Point Loma Nazarene University Retirement Healthcare Savings Plan. The Plan was terminated effective December 1, 2025, and all participant account balances were distributed.

The following information is for periods prior to Plan termination.

Contributions

Eligible employees may voluntarily contribute a portion of their after-tax annual compensation, as defined by the Plan. The University begins making employer contributions to the Plan on behalf of each eligible employee as soon as administratively possible after the employee attains the age of 40 and completes two years of service. The University's contribution is based on an annual flat dollar amount for each eligible participant, adjusted at the discretion of Plan management. In conjunction with the University decision to terminate the Plan, effective October 1, 2024, the University ceased employee and employer contributions.

Note 1 **Description of the Plan - Continued**

Contributions – Continued

Contributions are held in a Voluntary Employees' Beneficiary Association (VEBA) trust, which is a special type of trust where the earnings on contributions are not taxed.

Plan investments are comprised of several blended investments that include an allocation of stocks, bonds, and short-term securities. These blended investments are intended to optimize risk and return based on the number of years until an individual reaches normal retirement age.

Participant Accounts
Each participant's account is credited with the participant's contributions, the University's contributions, and an allocation of Plan earnings (losses), and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement Eligibility and Benefits
A participant who is employed by the University meets the requirements for retirement eligibility under the Plan upon attaining age 55 and having performed at least 15 years of service, or upon attaining age 65 and having performed at least five years of service. Upon meeting the requirements for retirement eligibility under the Plan, participants are reimbursed for allowable medical expenses, for themselves, spouses, and those individuals appropriately designated as dependents.

Vesting and Forfeitures
Participants are immediately vested in their employee contributions plus earnings thereon. Participants who terminated service on or before July 31, 2011 become fully vested in their employer contribution account after attaining age 55 and having performed at least 15 years of service. For participants who terminate service on or after August 1, 2011, the participant will become fully vested in his or her employer contribution account after attaining age 55 and having performed at least 15 years of service; or age 65 and having performed at least five years of service. Employer and employee contributions and earnings are preserved and available for reimbursement of future medical expenses. All participants accounts were fully vested upon termination of the Plan.

The residual balance (if any) remaining after a participant and any eligible dependents are deceased is forfeited to the Plan. Forfeited employer contributions are used to reduce future employer contributions to the Plan unless otherwise directed by the plan sponsor. At December 31, 2024, unallocated forfeitures were $3,881. This amount was re-allocated to participants upon distribution of accounts.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting
Due to the decision to terminate the Plan, the financial statements have been prepared using the liquidation basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 9, 2026, the date that the financial statements were available to be issued.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The University pays 100% of the Emeriti participant account fee and service provider fees charged to participant accounts for each participant in active status. In the case of participants who have terminated service with the University and satisfied either the retirement eligibility criteria or the age and service criteria pertaining to reimbursement benefits, the University will pay 100% of the Emeriti participant account fee and service provider fees charged to their participant accounts for the initial twelve-month period following the month in which the termination occurs. After the twelve-month period, all participants who have terminated service with the University shall be responsible for the payment of all such fees.

Note 3 **Investment Valuation and Income Recognition**

All investments in the Statements of Net Assets Available for Benefits are reported at liquidation value at December 31, 2024. There were no investments remaining at December 1, 2025.

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: These investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market. Accordingly, the registered investment companies are classified within Level 1 of the valuation hierarchy at December 31, 2024.

Note 3 **Investment Valuation and Income Recognition - Continued**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income and dividends are recorded on the accrual basis. Investment income expected to be earned through the final distribution of the Plan assets had not been accrued as management is unable to reasonably estimate that amount. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Administrator has obtained certifications from TIAA for the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 1, 2025 and December 31, 2024, and the related investment activity (including interest and dividend income and net appreciation in fair value of investments) reflected in the statement of changes in net assets available for benefits for the period January 1, 2025 through December 1, 2025.

Note 5 **Party-In-Interest Transactions**

The Plan invests in shares of registered investment companies managed by an entity related to TIAA and, therefore, transactions involving these investments qualify as party-in-interest transactions. Optum Financial provides certain administrative services for the Plan and therefore, transactions involving Optum Financial qualify as party-in-interest transactions. Fees paid to parties-in-interest were $47,074 for the period January 1, 2025 through December 1, 2025.

Note 6 **Tax Status**

The Internal Revenue Service has determined and informed the University by letters dated April 12, 2010, that the trusts are tax exempt under §501(c)(9) of the Internal Revenue Code (IRC). The Plan Administrator and the University believe that the Plan was designed and operated through Plan termination in compliance with the applicable requirements of the IRC.

Note 6 **Tax Status - Continued**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 1, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
