INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Boies Schiller Flexner LLP Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Boies Schiller Flexner LLP Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Boies Schiller Flexner LLP Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Boies Schiller Flexner LLP Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Boies Schiller Flexner LLP Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Boies Schiller Flexner LLP (the "Firm") Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering employees and partners of the Firm, with the exception of certain specified groups of employees and employees of certain affiliated entities that have adopted the Plan. The Plan is a profit-sharing plan with an elective deferral feature under Section 401(k) of the Internal Revenue Code (IRC). Employees and partners are eligible to participate in the Plan immediately upon hire if they are at least 21 years of age. Once an individual satisfies the eligibility requirements, unless they affirmatively elect otherwise, they will automatically be enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to the lesser of 60% of pretax eligible compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan adopted the "super catch-up" provision under the SECURE 2.0 Act of 2022, which allows plan participants aged 60 to 63 to make larger catch-up contributions to the Plan, equal to the greater of $10,000 or 150% of the standard catch-up limit ($11,250 for 2025). Participants become eligible to contribute at this higher rate on January 1st of the year they turn 60. Eligibility ends the year they turn 64.

Participants may also contribute amounts representing eligible rollover distributions from other qualified plans and individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan, including a self-directed brokerage account. The Plan allows participants to designate a portion or all of their contributions as Roth deferral contributions consistent with the requirements of Section 402A of the IRC. Other than tax treatment, Roth contributions are treated as elective deferrals for all purposes under the Plan. The Plan accepts rollover contributions from other Roth deferral accounts. The Plan also permits participants to make in-plan Roth rollovers of pre-tax accounts.

The Plan allows for discretionary employer contributions. For 2025, discretionary employer contributions were made on behalf of two groups of participants, with one group of participants receiving 7.50% of their eligible compensation, and the second group of participants receiving 13.29%. For 2024, one group of participants received 7.50% of their eligible compensation, and the second group of participants received 13.33% of their eligible compensation. During the years ended December 31, 2025 and 2024, the Firm made discretionary profit sharing contributions of $2,961,910 and $2,877,592, respectively to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and discretionary employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's contributions, any employer's discretionary contributions, other specific participant transactions, as defined, and are adjusted for investment appreciation (depreciation). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants with credited service prior to January 1, 2010, are immediately vested in the employer contributions and net earnings thereon. Participants with their first credited service on or after January 1, 2010, vest in the employer contributions and net earnings thereon based on years of continuous service. After completing three years of credited service the participant becomes 100% vested in the employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, participants with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with a vested account balance greater than $1,000 may elect to defer their distribution to a later date and are eligible for a lump sum, installment or partial distribution.

Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½, in accordance with the provisions specified in the Plan.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested account balances were $183,061 and $59,304, respectively. Under the terms of the Plan, these accounts may first be used to pay administrative expenses, then to reduce future employer contributions. During 2025 and 2024, administrative expenses were reduced by $3,546 and $8,000, respectively, due to the use of forfeited non-vested account balances. During 2025 and 2024, employer contributions were reduced by $69,866 and $179,809, respectively, due to the use of forfeited non-vested account balances.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participant accounts and included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments. The Plan also receives a quarterly participant revenue credit which is allocated to participants on a pro-rata basis.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2026, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets. Level 2 inputs consist of observable inputs other than quoted prices of identical assets. Level 3 inputs are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 were not available.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The following is a description of valuation methodologies used for investments measured at fair value.

Mutual funds and money market fund: Valued at the daily closing price reported by the fund. The funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Common collective trust fund*:* Valued as the sum of (a) the fair value of the investments in managed income portfolio fund and (b) the fair value of the fund's investments in externally managed collective investment funds as determined by those fund's trustees. The common collective trust fund represents deposits which guarantee a stated interest rate for the term of the contracts. Valued at the unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of NAV, is a practical expedient for estimating the fair values of those investments. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations would be carried in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

NOTE 4 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has furnished certain financial information to the plan administrator and certified as to its completeness and accuracy. These certifications are as of and for the years ended December 31, 2025 and 2024, and include investment information related to fair value of investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation in fair value of investments that are included in the Plan's financial statements and supplemental schedule.

NOTE 5 — TAX STATUS

As set forth in a letter dated June 30, 2020, the IRS has determined, that the pre-approved profit sharing plan document pursuant to which the Plan is maintained, has been designed, in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the IRS letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Management and Research Company, an affiliate of Fidelity, the plan trustee, and are exempt party-in-interest transactions. Participant notes receivable transactions also qualify as exempt party-in-interest transactions. For the years ended December 31, 2025 and 2024, administrative fees paid by the Plan for the investment management services amounted to $22,905 and $16,111, respectively. The Plan also receives participant revenue credits which are allocated to participants. These credits amounted to ($30,000) for each of the years ended December 31, 2025 and 2024.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all of their accounts.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 — RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Boies Schiller Flexner LLP Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Boies Schiller Flexner LLP Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Boies Schiller Flexner LLP Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Boies Schiller Flexner LLP Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Boies Schiller Flexner LLP Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Boies Schiller Flexner LLP Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

An independent member of UHY International

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Boies Schiller Flexner LLP (the "Firm") Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General Information

The Plan is a defined contribution plan covering employees and partners of the Firm, with the exception of certain specified groups of employees and employees of certain affiliated entities that have adopted the Plan. The Plan is a profit-sharing plan with an elective deferral feature under Section 401(k) of the Internal Revenue Code (IRC). Employees and partners are eligible to participate in the Plan immediately upon hire if they are at least 21 years of age. Once an individual satisfies the eligibility requirements, unless they affirmatively elect otherwise, they will automatically be enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to the lesser of 60% of pretax eligible compensation, as defined in the Plan, subject to limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan adopted the "super catch-up" provision under the SECURE 2.0 Act of 2022, which allows plan participants aged 60 to 63 to make larger catch-up contributions to the Plan, equal to the greater of $10,000 or 150% of the standard catch-up limit ($11,250 for 2025). Participants become eligible to contribute at this higher rate on January 1st of the year they turn 60. Eligibility ends the year they turn 64.

Participants may also contribute amounts representing eligible rollover distributions from other qualified plans and individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan, including a self-directed brokerage account. The Plan allows participants to designate a portion or all of their contributions as Roth deferral contributions consistent with the requirements of Section 402A of the IRC. Other than tax treatment, Roth contributions are treated as elective deferrals for all purposes under the Plan. The Plan accepts rollover contributions from other Roth deferral accounts. The Plan also permits participants to make in-plan Roth rollovers of pre-tax accounts.

The Plan allows for discretionary employer contributions. For 2025, discretionary employer contributions were made on behalf of two groups of participants, with one group of participants receiving 7.50% of their eligible compensation, and the second group of participants receiving 13.29%. For 2024, one group of participants received 7.50% of their eligible compensation, and the second group of participants received 13.33% of their eligible compensation. During the years ended December 31, 2025 and 2024, the Firm made discretionary profit sharing contributions of $2,961,910 and $2,877,592, respectively to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and discretionary employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's contributions, any employer's discretionary contributions, other specific participant transactions, as defined, and are adjusted for investment appreciation (depreciation). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants with credited service prior to January 1, 2010, are immediately vested in the employer contributions and net earnings thereon. Participants with their first credited service on or after January 1, 2010, vest in the employer contributions and net earnings thereon based on years of continuous service. After completing three years of credited service the participant becomes 100% vested in the employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service for any reason, participants with a vested account balance less than $1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Terminated participants with a vested account balance greater than $1,000 may elect to defer their distribution to a later date and are eligible for a lump sum, installment or partial distribution.

Withdrawals from a participant's salary deferral account (excluding earnings) may also be made in the event of financial hardship, in accordance with the provisions specified in the Plan. Withdrawals from a participant's accounts may also be made upon reaching age 59½, in accordance with the provisions specified in the Plan.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested account balances were $183,061 and $59,304, respectively. Under the terms of the Plan, these accounts may first be used to pay administrative expenses, then to reduce future employer contributions. During 2025 and 2024, administrative expenses were reduced by $3,546 and $8,000, respectively, due to the use of forfeited non-vested account balances. During 2025 and 2024, employer contributions were reduced by $69,866 and $179,809, respectively, due to the use of forfeited non-vested account balances.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

NOTE 2 — SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participant accounts and included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments. The Plan also receives a quarterly participant revenue credit which is allocated to participants on a pro-rata basis.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2026, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets. Level 2 inputs consist of observable inputs other than quoted prices of identical assets. Level 3 inputs are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or 2 were not available.

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

The following is a description of valuation methodologies used for investments measured at fair value.

Mutual funds and money market fund: Valued at the daily closing price reported by the fund. The funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds that are valued on the basis of readily determinable market prices.

Common collective trust fund*:* Valued as the sum of (a) the fair value of the investments in managed income portfolio fund and (b) the fair value of the fund's investments in externally managed collective investment funds as determined by those fund's trustees. The common collective trust fund represents deposits which guarantee a stated interest rate for the term of the contracts. Valued at the unit value, which is based on the aggregate current fair values of the underlying assets in relation to the total number of units outstanding. Unit value, or the equivalent of NAV, is a practical expedient for estimating the fair values of those investments. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations would be carried in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**

NOTE 4 — INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has furnished certain financial information to the plan administrator and certified as to its completeness and accuracy. These certifications are as of and for the years ended December 31, 2025 and 2024, and include investment information related to fair value of investments, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants and net appreciation in fair value of investments that are included in the Plan's financial statements and supplemental schedule.

NOTE 5 — TAX STATUS

As set forth in a letter dated June 30, 2020, the IRS has determined, that the pre-approved profit sharing plan document pursuant to which the Plan is maintained, has been designed, in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the IRS letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Management and Research Company, an affiliate of Fidelity, the plan trustee, and are exempt party-in-interest transactions. Participant notes receivable transactions also qualify as exempt party-in-interest transactions. For the years ended December 31, 2025 and 2024, administrative fees paid by the Plan for the investment management services amounted to $22,905 and $16,111, respectively. The Plan also receives participant revenue credits which are allocated to participants. These credits amounted to ($30,000) for each of the years ended December 31, 2025 and 2024.

NOTE 7 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all of their accounts.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
