INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Gulf Coast Regional Blood Center
403(b) Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gulf Coast Regional Blood Center 403(b) Tax Deferred Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

6002 Rogerdale, Ste. 200 Houston, Texas 77072 Tel 281-759-1120 Fax 281-759-5500

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GULF COAST REGIONAL BLOOD CENTER
403(b) TAX DEFERRED ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Gulf Coast Regional Blood Center 403(b) Tax Deferred Annuity Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, excluding independent contractors, of Gulf Coast Regional Blood Center ("The Blood Center" or the "Employer"). Employees are eligible to participate in the Plan upon their initial employment date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In December 2022, SECURE 2.0 Act (SECURE 2.0) was enacted. SECURE 2.0 has many provisions, both mandatory and elective with various effective dates. The Plan has adopted certain provisions and amended the Plan document on September 4, 2026 (Note 8).

Contributions

The Blood Center automatically makes a pre-tax salary elective deferral contribution of 6% of eligible compensation for eligible new employees, unless the employee elects not to participate or elects a different deferral percentage. An automatic elective deferral of 6% of eligible compensation is also made for all active participants on each January 1 who have not elected to make elective deferral contributions of at least 6%. The active participant shall be provided a notice explaining the automatic deferral and is given a reasonable period thereafter to elect a different rate or elect not to make a deferral contribution to the Plan. Participants may elect to make salary deferral contributions to the Plan up to the maximum amount allowed; for 2025, the maximum allowed salary deferred contribution was $23,500. A participant may elect to have all or a portion of their elective deferral designated as Roth elective deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan implemented a provision from SECURE 2.0 increasing the catch-up contribution limit for eligible participants who attain ages 60 through 63 during the taxable year.

The Blood Center makes a matching contribution for eligible employees who have completed one year of service. The matching contribution rate depends on the participants' tenure. Matching formula 1 applies to all eligible employees hired on or after January 1, 2019 as well as anyone hired prior to January 1, 2019 with less than 10 years of service (until they reach 10 years of service). Under matching formula 1, the Employer makes a matching contribution each payroll period equal to 100% of the first 6% of each participant's salary deferral contributions (excluding catch-up contributions) up to a maximum of 6% of eligible compensation. Matching formula 2 applies to all eligible employees hired prior to January 1, 2019 with at least 10 years of service. Under matching formula 2, the Employer makes a matching contribution each payroll period equal to 150% of the first 6% of each participant's salary deferral contributions (excluding catch-up contributions) up to a maximum of 9% of eligible compensation. All matching contributions are annualized at the end of the plan year.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

The Blood Center may also make a discretionary non-elective contribution each plan year that is allocated to eligible participants who are employed on the last day of the plan year. There were no non-elective contributions made during 2025.

The Plan is participant directed and participants may change their elective contribution amounts and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's and Employer's contributions and allocations of Plan earnings, losses, and applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their elective deferred contributions and the appreciation or depreciation thereon.

Vesting in the matching and discretionary non-elective contributions plus earnings thereon is based on years of continuous service. Participants vest 25% per year after two years of service and are 100% vested after five years of service. Participants hired prior to January 1, 2019 will continue to be 100% vested in their existing and future non-elective contributions.

Forfeitures

At December 31, 2025 and 2024, the forfeited non-vested account totaled $64,529 and $100,317, respectively. This account will be used to reduce future Employer matching and discretionary non-elective contributions or to pay Plan expenses. During 2025, $1,075 of the forfeitures was used to pay Plan expenses and $194,983 was used to reduce the Employer matching contributions.

Payment of Benefits

Normal retirement age under the Plan is 65 and early retirement age is 59 1/2. Upon a participant's termination, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for hardship distributions from a participant's vested account, including earnings and all sources of contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their elective pre-tax or Roth deferred contributions and rollover account balances. The loans bear interest at the prime rate plus 1% at the time of the loan and are secured by the participant's elective deferred contribution and rollover account to the extent of the principal amount of the loan plus accrued interest. Principal and interest are paid ratably through payroll deductions for periods ranging up to five years, or 10 years for the purchase of a primary residence. Participants may only have one loan outstanding at any time. Participants cannot take a new loan for 90 calendar days after paying off an existing loan.

Plan Termination

Although it has not expressed any intent to do so, The Blood Center has the right to terminate the Plan at any time. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value, except the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Comprehensive Welfare Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Employer matching contributions are recorded in the plan year in which the participant contributions are withheld from compensation.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by The Blood Center and are excluded from these financial statements. Fees related to certain investment advisory and contract administration services are allocated to participants' accounts and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income Taxes

The Plan has adopted a non-standardized pre-approved plan sponsored by Transamerica Retirement Solutions, LLC. The prototype plan obtained its latest opinion letter from the Internal Revenue Service (IRS) dated February 18, 2025, stating that the document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified to maintain its tax-exempt status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3 - FAIR VALUE MEASUREMENTS

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2025 or 2024.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
Description	Level 1	Level 2	Level 3	Total
Other	$ 64,592	$ -	$ -	$ 64,592
Mutual Funds	75,198,946	-	-	75,198,946

	2024			
Description	Level 1	Level 2	Level 3	Total
Other	$ 100,360	$ -	$ -	$ 100,360
Mutual Funds	66,080,176	-	-	66,080,176
Total	$ 66,180,536	$ -	$ -	$ 66,180,536

NOTE 4 - INVESTMENT CONTRACT

The Plan maintains one guaranteed investment account option, the New York Life Insurance Company (NYL) Guaranteed Interest Account (NYL Contract). The NYL Contract is a stable value product that guarantees the return of principal and accumulated interest. The contract seeks to provide participants with competitive crediting rates and limited volatility consistent with the preservation of capital. The contract invests in a broadly diversified fixed income portfolio within NYL's general account, which is invested primarily in a conservative array of securities and cash-equivalent investments.

The contract underlying this investment account option meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The investment contract value is the aggregation of contributions, plus interest, less expenses and withdrawals, if any. The methodology for calculating the interest crediting rate is defined in the contract. Under the terms of the contract, the crediting rate is currently reset on a semiannual basis. The minimum crediting interest rate for the contract is 1%.

The underlying contract has no restrictions on the use of Plan assets, and there are no valuation reserves recorded to adjust contract amounts.

NOTE 4 - INVESTMENT CONTRACT (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value with the issuer. No direct transfers to competing investment options, such as fixed income funds including, but not limited to, guaranteed investment contracts, money market funds or bond funds with a duration of three years or less are permitted under this contract. Any transfers out of the contract account must first go through a noncompeting investment option and reside there for at least 90 days before transfer to a competing investment option, directed-brokerage account or mutual fund. If certain withdrawals or transfers result from any actions of the Employer or the Plan sponsor as defined in the contract, NYL may ignore such withdrawal and transfer requests if they determine that making such withdrawals or transfers would have a potential adverse impact on the obligations of NYL under this contract. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Plan may terminate the NYL Contract at any time upon 30 days' advance written notice to NYL in accordance with the termination provisions set forth in the contract. NYL can terminate the contract upon written notice 60 days before the termination date.

NOTE 5 - INFORMATION CERTIFIED

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company (SSB&T), the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025, and the related investment income and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants qualify as party-in-interest transactions. The cash reserve is held with SSB&T, which is the Plan's custodian, and as such qualifies as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

In accordance with SECURE 2.0, effective January 1, 2026, the Plan began administering catch-up contributions for certain participants with FICA wages in excess of $150,000 in the preceding calendar year (subject to indexing each calendar year) on a Roth basis.

The Plan was amended and restated effective January 1, 2026 to adopt a new pre-approved basic plan document with Transamerica Retirement Solutions, LLC. The pre-approved plan document received its latest opinion letter from the IRS dated February 18, 2025 stating that the document was in compliance with the applicable requirements of the IRC. There were no changes to Plan provisions.

On September 4, 2026, the Company executed an interim amendment to the pre-approved basic plan document and related adoption agreement to reflect mandatory and voluntary statutory changes pursuant to SECURE 2.0. This amendment is intended to document the Plan's compliance with SECURE 2.0 and other related guidance issued by the IRS.

Management has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued.
