Independent Auditor's Report

To the Administrative Committee of
Electrical Contractors, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Electrical Contractors, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Electrical Contractors Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Electrical Contractors, Inc.
Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Electrical Contractors, Inc. Retirement Savings Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory profit-sharing plan under Sections 40l(a) and 40l(k) of the Internal Revenue Code (IRC). The Plan covers substantially all employees of Electrical Contractors, Inc. (the Employer and the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees regardless of age or service, who perform services for the Employer under a contract covered by a prevailing wage law are eligible to receive prevailing wage contributions. Employees are eligible to make salary deferrals and receive Employer matching or profit-sharing contributions on the first day of January or July upon the completion of one year of service (1,000 hours) and attainment of age 21. Employees must be employed on the last day of the Plan year to receive an Employer profit sharing contribution. Employees covered by collective bargaining agreements, leased employees, and non-resident aliens are not eligible to participate in the Plan.

Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 90% of compensation, not to exceed the maximum deferral limit per Section 402(g)(l) of the IRC. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Company makes prevailing wage contributions based on the hourly contribution rate required under the applicable prevailing wage law. Prevailing wage contributions funded for the years ended December 31, 2025 and 2024 total $397,091 and $193,667, respectively. In addition, the Company may make discretionary matching and/or profit-sharing contributions. There were $50,771 and $42,628 employer discretionary matching contributions and no profit-sharing contributions during the years ended December 31, 2025 and 2024, respectively.

1. Description of Plan (continued)

Investment Options

Upon enrollment in the Plan, participants may direct participant contributions, their rollover contributions, and any Employer contributions in a variety of investment options offered by Charles Schwab Trust Bank, the trustee. Participants may change their investment options daily.

Notes Receivable from Participants

The Plan does not allow participant loans.

Participant Accounts

Each participant's account is credited with participant contributions, prevailing wage contributions, and Employer discretionary matching contributions and allocations of Employer discretionary profit-sharing contributions, and plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments

Upon termination of service, participants are entitled to receive a lump sum payment equal to their vested account balance. When a participant's service terminates due to incurring total and permanent disability, attainment of normal or early retirement age, or death, the participant or his or her beneficiary is entitled to 100% of the participant's account balance. Hardship and in-service distributions are permitted if certain criteria are met.

Vesting

Prevailing wage contributions, participant contributions, and actual earnings thereon are fully vested at all times. Employer discretionary matching and profit-sharing contributions, plus actual earnings thereon, are vested at 20% after two years of service, 20% per year of service thereafter, and are fully vested after six years of service.

1. Description of Plan (continued)

Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used towards administrative expenses of the Plan or to reduce future employer contributions. Unallocated forfeiture balances at December 31, 2025 and 2024 were not material.

Administrative Expenses

Administrative expenses, including legal and accounting services are paid by the Company. However, to extent such administrative expenses are not paid by the Company, they are paid by the Plan, including investment management, recordkeeping, and advisory fees.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests primarily in various mutual funds and stable value funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Payments of Benefits

Benefits are recorded when they have been approved for payment and paid by the Plan.

Investment Income Recognition

Purchases and sales of securities are reflected on a trade-date basis. The change in market value from one period to the next is recognized as net appreciation/(depreciation) in fair value of investments in the accompanying statements of changes in net assets available for benefits. Interest and dividend income is recorded on accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value of Financial Instruments

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional information related to fair value measurements.

The Plan follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

2. Significant Accounting Policies (continued)

Fair Value of Financial Instruments (continued)

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

3. Information Prepared and Certified by Trustee

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2025 and 2024, net appreciation (depreciation) in fair value of investments, interest and dividend income earned on investments was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Charles Schwab Trust Bank, the Trustee.

4. Fair Value Measurements

Under US GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy described under US GAAP are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

4. Fair Value Measurements (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value: Shares of mutual funds are valued at quoted market prices which represent the fair value of shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded. The Plan's investment in a stable value fund, Galliard Stable Value Fund is reported at fair value. The fund calculates fair value using the net asset value per share (NAV) or its equivalent in a manner consistent with the measurement principles of Topic 946, *Financial Services – Investment Companies.* As such, the fund qualifies for the NAV practical expedient, which permits the fund to be omitted from the fair value hierarchy under ASU 2015-07, *Fair Value Measurement and Disclosures* (FASB ASC 820). Participants may transfer from the fund noted below to a non-competing fund but must wait at least 90 days before transferring to a competing fund. There are no other participant redemption restrictions for these investments; the redemption notice period is applicable only to this fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the fair values and levels within the fair value hierarchy in which the fair value measurements fall, for assets measured on a recurring basis as of December 31:

Description	Level 1	Level 2	Level 3	Total
2025:				
Investments:				
Mutual funds	**$ 13,046,204**	**$ -**	**$ -**	**$ 13,046,204**
Investments in fair value hierarchy	**$ 13,046,204**	**$ -**	**$ -**	**$ 13,046,204**
Stable value fund*				**1,424,522**
Total investments at fair value				**$ 14,470,726**

4. Fair Value Measurements (continued)

Description	Level 1	Level 2	Level 3	Total
2024:				
Investments:				
Mutual funds	$12,495,038	$ -	$ -	$ 12,495,038
Investments in fair value hierarchy	$12,495,038	$ -	$ -	$ 12,495,038
Stable value fund*				593,532
Total investments at fair value				$ 13,088,570

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, no further contributions could be made.

6. Party-in-Interest Transactions

Plan investments are managed by the Plan's trustees and custodians. Pension Corporation of America (PCA) is the Plan's recordkeeper and third-party administrator. Therefore, these transactions with these entities qualify as party-in-interest transactions.

PCA receives compensation from certain investments in the Plan's fund line up, which are used to offset certain Plan expenses.

7. Income Tax Status

The Employer adopted a volume submitted profit sharing plan (volume submitter plan), which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualifications. The Plan has been amended since receiving the advisory opinion letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

7. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Subsequent Events

The Plan has evaluated events occurring between December 31, 2025 and October 5, 2026, the date the financial statements were available to be issued.
