Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midwest Family Mutual Insurance Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the related Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Midwest Family Mutual Insurance Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Midwest Family Mutual Insurance Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Midwest Family Mutual Insurance Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available for issuance.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Midwest Family Mutual Insurance Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Midwest Family Mutual Insurance Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of the year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Midwest Family Mutual Insurance Company 401(k) Plan

Notes to Financial Statements

December 31, 2025 and 2024

A. Description of the Plan

The following description of Midwest Family Mutual Insurance Company ("The Company") 401(k) Plan ("The Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of the Company who are age 18 or older with one month of service for non-elective contributions, defined as 1,000 hours, and is designed to provide retirement benefits. For elective and matching contributions, eligibility is reached after completion of one month of service and the employee has attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute up to 100% (subject to an annual limit) of pretax annual compensation, as defined in the Plan, beginning the first day of the month after their hire date. The Plan also has a Roth feature that allows participants to make contributions from after-tax compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the employer may make a discretionary non-elective contribution to the Plan, historically amounting to 50% of eligible employee deferrals up to 8% of qualifying wages. Participants who have attained age 50 before the end of the Plan year are allowed to make catch-up contributions. Participants direct the investment of their contributions and any matching contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Unless participants elect otherwise, deferrals increase by 1% each January 1, until their deferral rate is 15%.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of Plan earnings and may be charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 4 years of credited service. The vesting schedule of employer contributions is as follows:

Total Years of Service	Percent Vested
Less than 1	20%
1	40%
2	60%
3	80%
4	100%

Forfeitures of non-vested employer contributions may be used to pay administrative expenses or to reduce employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts were $12,721 and $16,277, respectively. Forfeitures applied to employer contributions during 2025 and 2024 were $16,139 and $18,010, respectively.

5. **Notes Receivable – Participant Loans**

   Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates on loans were between 4.25% and 9.50% for 2025 and 2024, and have maturity dates through 2036 at December 31, 2025. Principal and interest is paid ratably through bi-weekly payroll deductions.

6. **Payment of Benefits**

   Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments in the form of an annuity.

7. **Administrative and Operating Expenses**

   The Company pays all administrative and operating expenses of the Plan with the exception of mutual fund fees paid to Principal under their service agreement, hardship withdrawal penalties, and expenses related to participants who terminated. Mutual fund fees are paid by the Plan, and hardship withdrawal penalties and termination expenses are passed on to the participant as a reduction of their benefit received, as well as any qualified domestic relations orders.

8. **Investments**

   The Plan's investments consist of mutual funds, pooled separate accounts, and collective trusts held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Investments are maintained in the accounts as directed by the participants.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The value of each account is based on the quoted share price or net asset value of the shares invested in each fund. Net earnings on investments include realized and unrealized gains and losses and interest and dividends recorded on an accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Unsettled trades are recorded as a liability for the net settlement amount.

Notes Receivable – Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as deemed distributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses pursuant to a service agreement with Principal Life Insurance Company are paid by the Plan and its participants through reduced investment returns. Principal also receives revenue from mutual fund service providers for services that Principal provides to the funds. This revenue is used to offset the cost of professional investment management and marketing costs.

Reclassifications

Certain reclassifications to the 2024 financial statements have been made to conform to the 2025 presentation.

C. Certification

The Company has obtained certifications from Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) in 2025 and 2024 that the investment valuation, participant loans, and investment income is complete and accurate.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

-quoted prices for similar assets or liabilities in active markets;
-quoted prices for identical or similar assets or liabilities in inactive markets;
-inputs other than quoted prices that are observable for the asset or liability;
-inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair values hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are actively traded and are required to publish their daily net asset value and to transact at that price.

Common/Collective Trust Funds: Valued at the NAV of the units by such trust, which is considered by Plan management to be fair value. The unit value of the trust is calculated daily.

Pooled Separate Account: Valued based on the fund's daily NAV, which is considered by Plan management to be of fair value. The unit value of the funds is calculated daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Fair Value	Quoted Price in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 2,067,269	2,067,269	--	--
Pooled Separate Accounts	1,136,469	1,136,469	--	--
Common Collective Trust	17,736,038	17,736,038	--	--
Total Assets in the Fair Value Hierarchy	$ 20,939,776	20,939,776	--	--

December 31, 2024	Fair Value	Quoted Price in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 2,198,185	2,198,185	--	--
Pooled Separate Accounts	1,209,058	1,209,058	--	--
Common Collective Trust	15,446,245	15,446,245	--	--
Total Assets in the Fair Value Hierarchy	$ 18,853,488	18,853,488	--	--

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

E. Related Party Transactions

Certain Plan investments are managed by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company). The Plan also has a service agreement with Principal Financial Group, who also receives revenue from mutual funds for services they provide to the funds. Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) is the Plan custodian, and therefore, these transactions qualify as exempt party-in-interest transactions.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

G. Tax Status

The Plan adopted a prototype profit sharing plan document of the Principal Financial Group which obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

I. Subsequent Events

The Plan has evaluated events and transactions occurring after December 31, 2025, for potential items required to be recognized or disclosed in the financial statements. Subsequent events were evaluated through September 21, 2026, the date the financial statements were available to be issued.
