Independent Auditors' Report

The 401k Retirement Plan Committee
SL America 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the SL America 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report:

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).**
- **the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The schedule of assets (held at end of year) as of December 31, 2025, and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the SL America 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for the employees of SL America Corporation (the "Plan Sponsor"). The Plan covers substantially all employees who have reached the age of 18 and have completed three months of service (participants). Participants that have completed at least one year of service and have worked at least 1,000 hours during the year are eligible for matching contributions from the Plan Sponsor. Fidelity Management Trust Company ("Fidelity") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Effective September 2, 2024, the Plan also accepts Roth 401(k) contributions. Roth contributions are made with after-tax dollars and may allow for tax-free withdrawals, subject to Internal Revenue Service (IRS) requirements. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans; however, the Plan will not accept rollover contributions from designated Roth contributions.

The Plan Sponsor's discretionary match for the year is 100% of the first 2% and 50% of the next 2% of base compensation that a participant contributes to the Plan. The Plan Sponsor may also make an additional discretionary contribution to the Plan to be determined by the Board of Directors. There were no additional discretionary contributions made to the Plan during the year ended December 31, 2025. Plan Sponsor and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited with Plan Sponsor's contributions as calculated above and the participant's contributions. Each participant account is credited or charged with the actual investment earnings (losses) of the investment options selected by the participant and an allocation of administrative expenses. Allocations of administrative expenses are based on account balances or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings thereon. Vesting in the Plan Sponsor's contributions and earnings thereon is based on years of continuous service as follows:

Years of Service	Percentage Vested
One year	25%
Two years	50%
Three years	75%
Four years	100%

Participants may also become 100% vested upon death, disability, or reaching normal retirement age of 65.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable from participants are secured by the balance in the participants' vested account and bear interest at a fixed rate ranging from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service, a participant may elect to receive either a lump-sum payment or other installment options as provided by the Plan, equal to the value of the participant's vested interest in his or her account.

(g) Forfeited accounts

For participants not fully vested when the participant terminates employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts and actual earnings or losses thereon, forfeitures are determined at the earlier of (1) the last day of the plan year in which the former participant incurs five consecutive one-year breaks in service or (2) the distribution of the entire vested portion of the participant's account. Such forfeitures may be used to pay administrative expenses or to reduce the Plan Sponsor's contributions to the Plan. Forfeited nonvested accounts totaled $124,798 and $79,575 at December 31, 2025 and 2024, respectively. No forfeited nonvested accounts were utilized in 2025.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan document. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to administrative services or recordkeeping are paid from the assets of the Plan and are charged to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401k Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Fidelity. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2025, and October 7, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants presented and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value of investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

(4) Fair value measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, fair value accounting standards establish a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity including quoted market prices in active markets for identical assets (Level 1), or significant other observable inputs (Level 2), and the reporting entity's own assumptions about market participant assumptions (Level 3). The Plan does not have any fair value measurements using significant unobservable inputs (Level 3) as of December 31, 2025 and 2024.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

(i) ***Mutual funds*****: Valued at the net asset value (NAV) of shares held by the Plan at year-end, based on closing prices reported on the active market on which the individual securities are traded.**

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 34,134,754	$ -	$ -	$ 34,134,754
Total assets in the fair value hierarchy	$ 34,134,754	$ -	$ -	34,134,754
Investments measured at NAV as a practical expedient (a)				978,157
Investments at fair value				$ 35,112,911

	Fair Value Measurements as of December 31, 2024 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,685,481	$ -	$ -	$ 25,685,481
Total assets in the fair value hierarchy	$ 25,685,481	$ -	$ -	25,685,481
Investments measured at NAV as a practical expedient (a)				811,063
Investments at fair value				$ 26,496,544

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using the NAV practical expedient as of December 31, 2025 and 2024, respectively.

Description	Fair Value 12/31/2025	Fair Value 12/31/2024	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective investment fund	$ 978,157	$ 811,063	n/a	Daily	None

The Plan holds a collective investment fund in the Bank of New York Mellon, which is not a direct filing entity. The fund's investment objective is to provide current income while maintaining stability of invested principal.

(5) Excess contributions

Contributions received from participants and the Plan Sponsor for 2025 are net of payments of $110,315 made during 2026 to certain active participants to return to them excess deferral and matching contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(6) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan which received a favorable opinion letter from the IRS on June 30, 2020, which stated that the non-standardized pre-approved profit sharing plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under section 401(a) of the IRC. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and is therefore qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2020 and 2025, the funds were not remitted timely.

(8) Related party and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 36,210,546	$ 27,510,339
Excess contributions payable	110,315	111,751
Fair value adjustment - stable value	(37,614)	(54,805)
Net assets available for benefits per the Form 5500	$ 36,283,247	$ 27,567,285

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 8,700,207
Change in fair value adjustment - stable value	17,191
Change in excess contributions payable	(1,436)
Change in net assets available for benefits per the Form 5500	$ 8,715,962

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(11) Subsequent event

Effective January 1, 2026, the Plan adopted an amended and restated Adoption Agreement for the Plan. Under the amended provisions, the Plan was converted to a safe harbor 401(k) design whereby eligible participants receive a safe harbor matching contribution equal to 100% of elective deferrals up to 3% of compensation plus 50% of elective deferrals between 3% and 5% of compensation. The amendment also permits the acceptance of Roth rollover contributions, and modified certain eligibility provisions, including reducing the service requirement for participation in salary deferral contributions from 3 months to 1 month.

SL America 401(k) Retirement Plan

2025 Client Service Communication

The 401(k) Retirement Plan Committee
SL America 401(k) Retirement Plan

We have audited the financial statements of the SL America 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) as of and for the year ended December 31, 2025, and have issued our report thereon dated October 7, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by Fidelity Management Trust Company ("Fidelity"), which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles in the United States of America (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 27, 2026. Professional standards also require that we communicate to you the following information related to our audit.

This information is intended solely for the information and use of the 401(k) Retirement Plan Committee and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the confidence you place in LBMC as your business advisor. We strive to help you stay compliant, manage risk, and improve performance as you manage your employee benefit plan.

Overview of the Audit and Responsibilities

Scope of Attest Services	LBMC was engaged to perform an ERISA Section 103(a)(3)(C) audit of the 2025 financial statements of the Plan, including subjecting the form and content of certain supplemental information to auditing procedures.
SL America 401(k) Retirement Plan Management Responsibilities	Management is responsible for the preparation and fair presentation of the financial statements, and supplementary information, and maintaining internal controls.
Attest Deliverable	LBMC issued an ERISA Section 103(a)(3)(C) opinion on the financial statements of the Plan and communicated certain matters relating to the financial statements and supplemental information.
Other Services	LBMC performed the nonattest service of drafting the financial statements and supplemental information of the Plan in conformity with GAAP based on information provided by management. We provided management with any and all accounting records that were prepared by LBMC in connection with the nonattest service set forth above. Management is responsible for retaining these accounting records, including supporting schedules as an integral part of the Plan's accounting records: • Trial balance with financial statement groupings • Fair value leveling of investments • Investments measured at net asset value as a practical expedient determination

Qualitative Assessments

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.
Qualitative Aspects of Accounting Practices - Estimates	Accounting estimates are an integral part of the Plan's financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive due to their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management's estimate of the fair value of the Plan's investments. Investments are carried at fair value as determined on the last day of the plan year, as described in Note 4 to the financial statements. We evaluated the methods, assumptions, and data used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.
Qualitative Aspects of Accounting Practices – Disclosures	Financial statement disclosures are neutral, consistent, and clear.

Interaction with Management, Independence, and Other Matters

Area	Detail
Difficulties Encountered in Performing the Audit	For purposes of this report, "difficulties" may include matters such as: • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. We encountered no significant difficulties in performing and completing our audit.
Disagreements with Management	For purposes of this report, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.
Management Consultations with Other Independent Accountants	In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.
Management Representations	We have requested certain representations from management that are included in the management representation letter dated October 7, 2026.
Independence	We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2025, through the date of this report.
Other Findings or Issues	We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.
Form 5500 Procedures	We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

<tr><td>Information Accompanying the Financial Statements</td><td>Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).</td></tr>
<tr><td>Corrected and Uncorrected Misstatements</td><td>Professional standards require communication of all misstatements identified during the audit that are more than trivial in nature and magnitude to management. The attached schedule summarizes the uncorrected misstatement of the financial statements. Management has determined that the effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatement or the matters underlying it could potentially cause future period financial statements to be materially misstated, even though, in our judgment, the uncorrected misstatement is immaterial to the financial statements under audit.

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan by Fidelity Management Trust Company, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During the course of our audit, we identified the following items that are opportunities for improving internal controls and enhancing compliance with Internal Revenue Service and DOL regulations:

Untimely Remittances	We noted certain instances where participant contributions were not remitted to the Plan within the guidelines set forth by DOL standards. Due to the failure to timely remit withheld contributions, participants' accounts may not be updated as soon as possible with new remittances and resulting plan earnings, and an opportunity is created for the DOL to issue penalties and fines for not remitting participant contributions as soon as practical. We recommend that management review and evaluate current remittance practices to help ensure that all participant contributions are being remitted as soon as administratively possible on a consistent basis after the funds are withheld from employee wages.

Internal Control Related Matters (Continued)

Use of Forfeitures	The Plan's forfeiture account balance was approximately $124,000 and $80,000 as of December 31, 2025 and 2024, respectively. These forfeitures may be used to pay expenses of the Plan or to reduce future Plan Sponsor contributions. Management should determine what action should be taken to address the forfeiture account balance, and prospectively, make a concerted effort to utilize any available forfeitures prior to the Plan's year end.
Missed Contributions	In 2025, LBMC identified that no contributions were made on 1/31 for Christine Walker. Additionally, David Hickey did not receive any match contributions during 1/1/2025-5/22/2025. We recommend that management review and strengthen system controls and data entry procedures to ensure accurate and continuous 401(k) contributions, and to prevent similar errors in the future.
Deferral Rates	During our testing, LBMC identified Aleisha Gates and Mohammad Dyab both elected to stop contributing to their Roth and it took until their next deferral change to take effect which ranged from three to eight months. We recommend that management review and strengthen system controls and data entry procedures to ensure accurate and continuous 401(k) contributions, and to prevent similar errors in the future.
Plan Compensation	The Plan Sponsor failed to withhold 401k deferrals for certain bonuses and incentive payouts paid during the year. The Plan definition for compensation subject to such deferral includes these pay codes. We recommend the Plan Sponsor review the payroll process and system to ensure the 401k deferrals are applied to the correct compensation. We also recommend the Plan Sponsor contact their trustee or legal counsel to ensure the deferral discrepancies are addressed in accordance with the DOL guidelines.
Management Review of SOC1	During our audit, we noted that the Plan sponsor did not review the SOC 1 report of the service organizations utilized by the Plan. Since a significant amount of the processing of Plan transactions is performed by these service organizations, it is recommended that Plan management review the procedures in place at these service organizations on a consistent basis and document such review as part of their due diligence in operating the Plan. We recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced as necessary.

Internal Control Related Matters (Continued)

Reconciliations	While performing a walkthrough of other relevant controls related to the plan, we noted that the plan sponsor does not reconcile contributions made from the payroll registers to contributions recorded in the trust statements throughout the year. Failure to reconcile these reports and contribution remittances may result in a misstatement or omission in the Plan's financial statements and/or Form 5500 that would not be prevented, detected or corrected on a timely basis. We recommend that these amounts be reconciled on a periodic basis and that differences be investigated by management.
