# Report of Independent Auditors

The Participants and Plan Administrator of
Cooper Health System, Inc. Defined Contribution Retirement Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Cooper Health System, Inc. Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

A member firm of Ernst & Young Global Limited

intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Other Matter**

*Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cooper Health System, Inc.
Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2025 and 2024

## 1. Description of Plan

The following description of the Cooper Health System, Inc. Defined Contribution Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan adopted effective January 1, 2002. The Plan covers any person employed on a regular basis by Cooper Health System, Inc. (the "Health System" or "Employer") and certain of its affiliates that adopt the Plan, except leased employees, residents, fee for service employees, and student employees, as defined, and employees covered by a collective bargaining agreement. Effective January 1, 2003, the Plan was amended to allow eligible employees represented by Health Professionals and Allied Employees Union Nurses of New Jersey (Local 5118) to participate in the Plan. Effective July 1, 2025, the Plan was amended to allow residents to participate in the Plan.

Employees are eligible to participate in the Plan when they have reached age 21 and have been credited with one year of service by completing at least 1,000 hours of service during a twelve-month period, as defined. An eligible employee becomes a participant in the Plan on January 1, April 1, July 1 or October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Finance Committee of the Health System's Board of Trustees is responsible for the general administration of the Plan. Fidelity Management Trust Company is the trustee and Fidelity Workplace Services LLC is the record-keeper of the Plan.

### Contributions

The Health System contributes a matching contribution for each participant who makes a salary reduction contribution to The Cooper Health System 403(b) Plan. The matching contribution for each participant for a pay period shall equal the lesser of 2.5% of the participant's base pay for the pay period or 50% of the participant's salary deferrals from base pay for the pay period. However, with respect to each eligible participant employed by the Health System on December 31 of each Plan year, the matching contribution for that year equals the lesser of 2.5% of the participant's base pay for that Plan year or 50% of the participant's salary deferrals from base pay for the Plan year.

**1. Description of Plan (continued)**

The Health System also makes fixed employer contributions for each participant who is credited with 1,000 hours of service and is employed on December 31 of that Plan year. A participant who terminates employment during a Plan year due to death or disability or reaches normal retirement age is eligible for the fixed employer contributions. Fixed employer contributions consist of 1% or 4% of the participant's base pay earned for the year. In order to be eligible to receive a 4% fixed employer contribution rather than a 1% fixed employer contribution, a participant must have met the following three criteria on December 31, 2002: (1) be at least age 50; (2) be credited with at least 10 years of service for vesting purposes under the Plan; and (3) have years of age, plus years of service for vesting purposes under the Plan, totaling at least 65.

The Plan was amended for additional fixed contributions equal to 2% of the participant's base pay to be made to participants that are (a) an eligible bargaining unit employee under the provisions of the collective bargaining agreement for registered nurses, between the Health System and the Health Professionals and Allied Employees Union of New Jersey (Local 5118), dated April 1, 2004, and (b) vested in his or her fixed employer contribution account. As part of updated union agreements, including the agreement most recently executed in 2024, the additional fixed contributions, equal to 2% of the participant's base pay to be made to eligible participants as defined above, have been extended to continue through the 2026 plan year. The contributions for each plan year are made in the subsequent year.

Participants may transfer rollover contributions from other qualified retirement plans or individual retirement accounts, as defined.

Participants are not allowed to contribute to the Plan.

Participants may invest in any investment option or combination of investment options. Investment elections may be changed at any time.

**1. Description of Plan (continued)**

**Participant Accounts**

Each participant's account is credited with the participant's rollover contributions and the Health System's contributions and allocations of Plan earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their rollover contributions, plus actual earnings thereon. A participant is 100% vested in the fixed Employer contribution portion of his or her account and qualified Health System matching contributions, plus actual earnings thereon after two years of credited service or upon reaching age 65, death, or disability.

Forfeited balances of terminated participants' non-vested accounts are used to reduce Health System contributions. At December 31, 2025 and 2024, available forfeited non-vested accounts totaled $33,546 and $22,421, respectively. Forfeitures of approximately $3,754 and $6,977 were used to reduce employer contributions for 2025 and 2024, respectively.

**Participant Loans**

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding balance of loans to the participant during the previous one-year period, or 50% of the participant's vested account balance. Only one loan for each participant may be outstanding at any time, and participants may only borrow from the Plan once in any one Plan year. Loans must be repaid within 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan administrator commensurate with local prevailing rates being charged by commercial lenders for similar loans. Principal and interest are paid ratably through payroll deductions.

**1. Description of Plan (continued)**

**Payment of Benefits**

Upon termination of service, retirement age, death or disability, a participant may receive a lump-sum amount equal to the vested value of his or her account. If the participant becomes disabled or dies before normal retirement, the account becomes 100% vested and the participant or designated beneficiary will be paid the total amount credited to the participant's account. The Plan was amended and restated effective January 1, 2025 to include provisions related to the distribution of accounts that are $7,000 or less.

**Plan Termination**

Although it has not expressed any intent to do so, the Health System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Health System, as provided by the Plan's provisions. The Health System pays for certain administrative expenses of the Plan such as recordkeeping fees, trustee fees, and audit fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. The Plan provides for a revenue credit program in connection with revenue sharing with certain fund investment managers. The amounts are used to pay Plan expenses. All other administrative expenses of the Plan are paid by the Health System and are excluded from the accompanying financial statements.

## 2. Summary of Significant Accounting Policies

### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

### Payment of Benefits

Benefits are recorded when paid.

### Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

### Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

### Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

**2. Summary of Significant Accounting Policies (continued)**

In accordance with Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Capital gain distribution is included in dividend income. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**3. Investments**

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information provided to the lan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee and custodian of the Plan.

**4. Fair Value Measurements**

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are as described in Note 2. The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level of input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value. There have been no changes in the techniques and inputs used at December 31, 2025 and 2024.

*Registered investment companies:* Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

*Self-directed brokerage accounts*: Such accounts hold mainly registered investment companies and an interest-bearing cash account, which is valued based on cash deposited plus interest earned.

*Collective investment trust fund:* Valued using the readily determinable fair value. The fair value per share of this fund is published and is the basis for current transactions.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments carried at fair value.

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| **December 31, 2025** | | | | |
| Registered investment companies | **$ 408,748,686** | **$ –** | **$ –** | **$ 408,748,686** |

| Self-directed brokerage accounts | **7,928,286** | **–** | **–** | **7,928,286** |
| Total investments at fair value | **$ 422,344,145** | **$ –** | **$ –** | **$ 422,344,145** |
| **December 31, 2024** | | | | |

| Collective investment trust fund | 5,753,740 | – | – | 5,753,740 |
| Self-directed brokerage accounts | 5,564,021 | – | – | 5,564,021 |
| Total investments at fair value | $ 345,462,701 | $ – | $ – | $ 345,462,701 |

**4. Fair Value Measurements (continued)**

The Finance Committee of the Board of Trustees of the Health System is responsible for determining the Plan's valuation policies and analyzing information provided by the investment trustee that is used to determine the fair value of the Plan's investments.

**5. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**6. Tax Status**

The Plan has received a determination letter from the Internal Revenue Service ("IRS") dated May 15, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**7. Party-in-Interest Transactions**

The Plan invests in shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are reported as notes receivable from participants in the accompanying statements of net assets available for benefits.

**8. Subsequent Events**

Management has evaluated the need for additional disclosures and/or adjustments resulting from subsequent events for the Plan through October 9, 2026, the date the accompanying financial statements were available to be issued.
