Independent Auditors' Report

To the Participants and Plan Administrator of
59 Wall Street Capital Accumulation Plan

Opinion

We have audited the financial statements of 59 Wall Street Capital Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) - Schedule of Asserts (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following represents a brief description of the 59 Wall Street Capital Accumulation Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that permits eligible employees and partners of Brown Brothers Harriman & Co. ("BBH & Co.", "BBH", "Employer" or "Sponsor") and its domestic subsidiaries to make contributions, subject to certain limitations under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan allows investment in various investment options offered by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Fidelity Workplace Services LLC is the recordkeeper of the Plan and Fidelity Management Trust Company is the Trustee of the Plan.

The BBH Investment Committee, consisting of not fewer than three partners of BBH, oversees the Plan's investment structure. Overall responsibility for managing the administration of the Plan rests with the BBH Plan Administration Committee comprised of no fewer than three members appointed by the Sponsor.

Eligibility

Under the terms of the Plan, employees and partners are eligible to become participants in the Plan on the first payroll start date following the date of hire.

Contributions

Each year, participants can contribute up to 75% of their base salary and 75% of their bonus on a pre-tax and/or after-tax ("Roth") basis subject to certain limitations. After maximum pre-tax and Roth contributions are made, participants can also contribute an additional amount aggregating up to 75% of their base salary on an after-tax basis, subject to IRC limitations. Participants who reach age 50 at any time during 2025 are eligible to contribute an additional pre-tax or Roth catch-up contribution of $7,500 after the $23,500 limit is met (for participants aged 60 to 63 additional pre-tax contribution is $11,250). Salary and bonus combined are limited to $350,000 for 2025 for purposes of determining employee contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Regular salaried employees who are hired or rehired on or after April 1, 2013 and who satisfy the eligibility requirements are automatically enrolled in the Plan unless they elect otherwise. Participants that are automatically enrolled will be enrolled at 3% pre-tax and it will be invested in the Plan's default investment option, which is the target date fund that aligns with the participant's age.

BBH matches pre-tax and Roth contributions in the amount of 50% of contributions up to 6% of eligible compensation (maximum match equals 3% of eligible compensation). Matching contributions are not made on catch up, after-tax or rollover contributions. General partners of BBH are eligible for matching contributions under the Plan.

1. Description of Plan (Cont'd)

Profit Sharing Contributions
Each year, based on its profits, BBH may make a profit-sharing contribution to participant accounts. To be eligible for the profit-sharing contributions, salaried employees have to be employed by BBH on or before September 30, and their employment must continue through December 31 or the last business day of the year for which the profit-sharing contributions are made. In 2025, the profit-sharing threshold was met. There was a total profit-sharing contribution of $8,715,025.

Retirement Contribution Account
The Plan includes a Retirement Contribution Account ("RCA") for each salaried employee and partner who is eligible to participate. Generally, employees and partners will be eligible for the RCA after one year of service and current employees' and partners' prior service will be counted towards eligibility. Employees and partners are not required to make any contributions to the Plan to receive the RCA contributions. The Sponsor generally contributes bi-weekly a percentage of the employee's eligible compensation (subject to the limits of the Internal Revenue Service ("IRS")) to the employee's RCA account as follows:

Age as of January 1	RCA Percentage of Eligible Pay
Less than 40	2%
At least 40, but less than 50	2.5%
50 or more	3.5%

Participant Accounts
Participants may direct the investment of their accounts into various mutual funds, collective investment trusts and a money market fund. Each participant's account is credited with the participant's contribution and allocation of Employer contributions and Plan earnings or losses. A participant is entitled to the benefit that can be provided from the participant's vested account. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Vesting
Participants are always 100% vested in their contributions to the Plan. Employer matching contributions made on or after January 1, 2002 vest as follows:

Years of Service	**% Vested**
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	67%
5 or more years	100%

The RCA vests 20% after two years of service and 100% after three years. The profit-sharing contribution vests 100% after two years of service.

1. Description of Plan (Cont'd)

Payment of Benefits
Distributions can be made without penalty upon the participant's retirement, disability, or attainment of age 59-1/2. In the event of a participant's death, vested balances will be distributed in accordance with the provisions of the IRC. Subsequent to the enactment of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") and the SECURE 2.0 Act of 2022 ("SECURE 2.0"), required minimum distributions ("RMDs") under the IRC must generally commence on or before April 1 of the calendar year following the later of the year in which the participant terminates employment with the Company or reaches the applicable age, unless the participant is a 5% owner of the Company (in which case RMDs must commence upon reaching the applicable age regardless of employment status). The applicable age is 73 for participants born from January 1, 1951 through December 31, 1959, and 75 for participants born on or after January 1, 1960.

The RMD is calculated for each account by dividing the prior December 31 balance by the published IRS life expectancy factor. All distributions are made in lump-sum payments or as otherwise permitted under the plan document.

Notes Receivable from Participants
The Plan allows active employees to borrow up to the lesser of 50% of their vested account balance or $50,000. Notes under the Plan bear interest at .5% above the prime lending rate in effect at inception of the note and mature over a period not greater than five years; and not to exceed ten years for loans used for the purchase of a primary residence. Notes must be repaid ratably through payroll deductions. The loans are secured by the balance in the participant's account and bear interest rates that range from 3.75% to 9.00% at December 31, 2025.

Any participant with a loan on which payments are delinquent will have the opportunity to repay the loan in full, to resume current status of the loan by paying any missed payment, including principal and interest, or if distribution is available under the Plan, to request distribution of his or her account prior to the end of the calendar quarter following the calendar quarter in which the delinquent payment was due.

A deemed distributed loan may be repaid in full. No partial repayments are allowed.

Notes receivable from participants in default and not accruing interest at December 31, 2025 and 2024, amount to $290,244 and $410,235, respectively, and are included within the Notes Receivable from Participants financial statement line item on the Statements of Net Assets Available for Benefits.

Forfeitures
Forfeitures of BBH contributions to the accounts of participants that terminate employment (either voluntarily or involuntarily) prior to being fully vested are retained in the Plan and will be used to reduce current or future employer contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $886,025 and $293,309 respectively. Forfeitures of $864,223 were used to reduce employer contributions during 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when they are incurred. The Plan classifies notes receivable as in default where no repayments have been made by the last day of the calendar quarter after the calendar quarter in which the repayment is due. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits. During 2024, there were no deemed loans recorded as distributions. During 2025, there were $140,565 deemed loans recorded as distributions.

Investments Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investments in mutual funds are valued at quoted market prices representing the net asset value of the shares held by the Plan at year end.

In accordance with the policy of stating investments at fair value, the annual net appreciation or depreciation in the fair value of investments is reflected in the Statement of Changes in Net Assets Available for Benefits. Net appreciation in the fair value of investments consists of realized and unrealized gains and losses on those investments.

Purchases and sales of investments are recorded as of the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Benefits Paid to Participants
Benefits are recorded when paid.

Expenses
The costs of administering the Plan and managing the Plan's Trust Fund ("Fund") are borne by BBH, in accordance with the Plan document to the extent such costs are not paid by the Fund. Investment related expenses are included in net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits. Expenses that are paid by BBH are excluded from these financial statements.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Cont'd)

Recent Regulatory Updates
The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2025, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Risks and Uncertainties
The Plan provides for investment options in various mutual funds and collective investment trusts. Investments are exposed to various risks, such as interest rate risk, market risk and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2025, and 2024, the Plan had investments of $492,036,755 and $443,149,802 concentrated in one Vanguard collective investment trust.

3. Plan Terminations

BBH intends to continue the Plan indefinitely, but reserves the right to amend or terminate it, if necessary. In the event of plan termination, the net assets would be allocated among the participants in proportion to their respective account balances in accordance with the provisions of ERISA and participants would become fully vested in their accounts.

4. Tax Status

The Plan obtained its latest determination letter on July 6, 2017, in which the IRS stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving this determination, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan financial statements.

Accounting Standards Codification 740, *"Income Taxes"* ("ASC 740"), requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

Accounting Standards Codification 820, "*Fair Value Measurements*," ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities
Level 2: Other observable market-based inputs or unobservable inputs that are corroborated by market data
Level 3: Unobservable inputs that cannot be corroborated by market data

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan invests in various mutual funds which are valued at the closing net asset value ("NAV") as reported daily on recognized securities exchanges.

Investments in collective investment trust funds value the investments in the underlying funds at their closing net asset value on the day of valuation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair Value Measurements (Cont'd)

The Plan's investment assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. The following tables present information about the Plan's assets measured at fair value as of December 31, 2025 and December 31, 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Total mutual funds:	$ 209,442,475	$ -	$ -	$ 209,442,475
Investments measured at net asset value:				
Collective investment trusts:[(a)]				1,503,732,408
Total assets at fair value				$ 1,713,174,883

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total mutual funds:	$ 206,150,916	$ -	$ -	$ 206,150,916
Investments measured at net asset value:				
Collective investment trusts:[(a)]				1,312,645,058
Total assets at fair value				$ 1,518,795,974

(a) This category includes investments in T. Rowe Price Retirement Trusts ("T. Rowe Trusts"), a Parnassus Sustainable Core Equity CIT Fund Class 1 and a William Blair Intl Growth Collective Investment Fund Class 3. The T. Rowe Trusts are designed to seek the highest total return over time consistent with an emphasis on both capital growth and income. T. Rowe Trusts pursue these objectives by investing primarily in a diversified portfolio of other T. Rowe Price common trust funds that represent various asset classes and sectors. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 30 days' advance written notice to redeem units in the T. Rowe Trusts. In addition, during 2024, certain Vanguard mutual funds were exchanged for funds accounted for under the NAV method which included the Vanguard Total Stock Market Index Fund, Vanguard Total Bond Market Index, and Vanguard International Stock Index.

Collective investment trusts are measured using NAV as a practical expedient for fair value as permissible under ASC 820 and have not been categorized in the fair value hierarchy. Collective investment trust NAVs are provided by the trustee and are determined by reference to the fair value of the underlying securities of the trust, less its liabilities, which are valued primarily through the use of directly or indirectly observable inputs. Depending on the common trust, underlying securities may include marketable equity securities with small, moderate, or large market capitalizations; international marketable equity securities and other investments; domestic fixed income securities; money market funds; or investment contracts issued by insurance companies and other financial institutions.

There are no plan liabilities required to be recorded at fair value at December 31, 2025 and 2024.

There have been no changes in the valuation methodologies or inputs used at December 31, 2025 and 2024.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the Plan's financial statements at December 31, 2025 and 2024 to Form 5500 (Annual Return/Report of Employee Benefit Plan):

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 1,731,740,667	$ 1,544,189,519
Amounts allocated to deemed defaulted loans	(290,244)	(410,235)
Net assets per Form 5500	$ 1,731,450,423	$ 1,543,779,284

	For the Year Ended December 31, 2025
Net increase in net assets available for benefits per the financial statements	$ 187,551,148
Decrease in amounts allocated to deemed defaulted loans	119,991
Net income (loss) per Form 5500	$ 187,671,139

7. Related Party Transactions and Party in-Interest Transactions

Certain administrative functions of the Plan are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Notes receivable from participants qualify as party-in-interest transactions.

8. Subsequent Events

Subsequent events have been evaluated by management through the date on which the financial statements were available to be issued.
