Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Roosters Inc., dba Roosters 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Plan Description

The following description of the Roosters, Inc. dba Roosters (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees who are age 21 and older with at least one year of service with the Company. Eligible employees are allowed to enter the Plan on the first day of each quarter. Effective January 1, 2025, the Plan removed the service requirement of 1,000 hours. Employees covered by collective bargaining agreements and non-resident aliens are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 90% of their pretax annual compensation, as defined by the Plan. Effective January 1, 2025, the Plan permits Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan allows catch-up contributions from eligible employees who have attained the age of 50.

The Company has implemented the use of the safe-harbor method for employer contributions, matching 100% of the first 3% of deferrals and 50% of the next 2% of deferrals. Additional discretionary matching contributions or non-elective matching contributions may be made by the Company at the option of the Company's management for eligible employees; however, no additional discretionary matching contributions or non-elective contributions were made in 2025 or 2024. The Plan includes provisions that limit contributions for key employees if the Plan is determined to be top-heavy.

Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions and the employer safe-harbor matching contributions plus actual earnings thereon. Vesting in the Company discretionary matching or non-elective contribution portions of their accounts plus earnings thereon is based on years of continuous service as noted below:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Investment Options

A participant may direct Company and participant contributions in any of the various investment options offered by the Plan. Participants may change their investment options at any time. The Plan currently offers several mutual funds and one stable value fund as investment options.

Payment of Benefits

A participant may receive the value of his or her vested account upon retirement, disability or termination of employment with the Company. Upon death or disability of a participant or upon reaching retirement age, which is 65 years of age, the participant, or beneficiary, shall be entitled to the full value of the account. Distributions are made in a full lump-sum or partial payment. Hardship withdrawals, as defined in the plan agreement, are also available to participants. The Plan also provides for in-service distributions of a participant's vested interest in his or her account for employees who reach age 59 ½ while still employed with the Company. If a participant terminates employment and the participant's account balance is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

SECURE Act 2.0

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act, 2023. SECURE 2.0 includes numerous changes affecting qualified retirement plans, including 401(k) plans, such as expanded eligibility rules for long-term part-time employees, new distribution options, changes to required minimum distributions, and optional Roth treatment for certain contributions. The Plan is evaluating these provisions and intends to adopt required amendments by the applicable deadline (generally the last day of the first plan year beginning on or after January 1, 2026 for calendar-year plans), while operating the Plan in good-faith compliance with applicable effective dates in the interim.

Plan Description (continued)

Forfeited Accounts

On December 31, 2025, and 2024, there were $576 and $0 of forfeited non-vested accounts, respectively. Forfeitures are used to reduce employer contributions unless otherwise applied to plan expenses. During 2025 and 2024, forfeited accounts of $185 and $0 were used to reduce employer contributions or plan expenses.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan pays fees for administrative services. Certain other administrative expenses are paid by the Company.

Information Prepared and Certified by the Trustee

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that was prepared and certified as complete and accurate by Ascensus Trust Company (Ascensus), the trustee of the plan.

	2025	2024
Mutual funds	**$ 14,014,060**	$ 10,983,547
Stable value fund	**139,731**	123,542
Total	**$ 14,153,791**	$ 11,107,089

The trustee also certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2025	2024
Net appreciation in fair value of investments	**$ 1,724,051**	$ 1,232,809
Interest and dividend income	**247,097**	184,711

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.

Level 3 Level 3 are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Stable Value Fund: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	$ 14,014,060	$ -	$ -	$ 14,014,060
Investments measured at net asset value *	-	-	-	139,731
Total assets at fair value	$ 14,014,060	$ -	$ -	$ 14,153,791

Fair Value Measurements (continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	$ 10,983,547	$ -	$ -	$ 10,983,547
Investments measured at net asset value *	-	-	-	123,542
Total assets at fair value	$ 10,983,547	$ -	$ -	$ 11,107,089

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Tax Status

The Plan is placing reliance on an opinion letter dated June 30, 2020 received from the Internal Revenue Service (IRS) on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore, not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Ascensus, Inc. Ascensus, Inc. is the record keeper of the Plan and; therefore, these transactions qualify as party-in-interest. Merrill Lynch Wealth Management is the investment advisor for the Plan; therefore, these transactions qualify as party-in-interest transactions. Creative Retirement Systems is the third party administrator for the Plan; therefore, these transactions qualify as party-in-interest. Administrative expenses totaled $38,251 and $32,338 during 2025 and 2024, respectively.

Plan Termination

The Company has the right to discontinue its contributions at any time. Although it has not expressed any intent to do so, the Company also has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the participants' accounts will become fully vested.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2025 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
