Report of Independent Auditor

To the Board of Directors
Family Allergy & Asthma Safe Harbor 401(k) Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Family Allergy & Asthma Safe Harbor 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of the Family Allergy & Asthma Safe Harbor 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Family Allergy MSO, LLC and any affiliate who elects to adopt the Plan (collectively, the "Plan Sponsor" or "Employer"). Employees must have attained age twenty-one and completed one year of service to be eligible to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In 2024, $1,681,441 of assets were transferred into the Plan as a result of the acquisition of Allergy & Asthma Associates of Florida by the Plan Sponsor. In 2025, approximately $107,000 of assets were transferred into the Plan in connection with the completion of the prior- year account merger.

Administration – The Plan Sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Each year, participants may elect to contribute on a pre-tax or after-tax Roth basis, up to the maximum compensation permissible under the Internal Revenue Code ("IRC"). They may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. The Plan provides for a Company safe harbor matching contribution for all participants equal to 100% of the first 3% of compensation contributed by the participant, plus 50% of the next 2% of compensation contributed. The Company may also make annual profit-sharing contributions to the Plan; however, there were no such contributions for the 2025 Plan year. Contributions are subject to certain limitations.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company safe harbor matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings, as applicable. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transaction costs, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and Employer safe harbor matching contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of credited service. A participant becomes 100% vested after six years of credited service.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to the lesser of $50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are repaid ratably through payroll deductions.

Payment of Benefits – Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

Note 1—Description of the Plan (continued)

Forfeited Accounts – The non-vested portion of former participants' accounts may be used to pay administrative expenses of the Plan or to reduce the amount of future Employer contributions. There were no forfeited balances at December 31, 2025 and 2024. During the Plan year ended December 31, 2025, forfeitures approximating $265 and $1,061 were used to pay administrative expenses and reduce Employer contributions, respectively.

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). U.S. GAAP defines fair value as the exchange price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits – Benefits are recorded when paid. There were no benefit payments requested and not yet disbursed at December 31, 2025 and 2024.

Administrative Expenses – Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.

Investment Management Fees and Operating Expenses – Investment management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 3—Information certified by the qualified institutions

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust Company") for the period January 1, 2025 through December 31, 2025, a qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule.

- Investments at fair value, investments at contract value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4—Fair value measurements (continued)

The following are descriptions of the valuation methodologies used for investments measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds – Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are therefore classified within Level 1 of the valuation hierarchy.

Collective Trust Funds – Valued at NAV of units held by the Plan at year-end provided by the issuer of the fund. NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments. Investments valued using NAV as a practical expedient are not reflected in the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 36,099,740	$ -	$ -	$ 36,099,740
Total assets in the fair value hierarchy	$ 36,099,740	$ -	$ -	36,099,740
Investments measured at NAV *				794,933
Investments, at fair value				$ 36,894,673

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 31,756,306	$ -	$ -	$ 31,756,306
Total assets in the fair value hierarchy	$ 31,756,306	$ -	$ -	31,756,306
Investments measured at NAV *				1,101,999
Investments, at fair value				$ 32,858,305

* Certain investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5—Fully benefit-responsive investment contract with insurance company

The Plan offers a traditional investment contract with Principal Life Insurance Company ("PLIC") that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula estimated by the contract issuer but may not be less than 1% or greater than 3%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date. The Plan's ability to receive amounts due in accordance with fully-benefit responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6—Related party and party-in-interest transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties-in-interest. It invests in a fully benefit-responsive investment contract managed by PLIC, an affiliate of Principal Trust Company. These transactions as well as notes receivable from participants and related activity also qualify as party-in-interest.

Note 7—Income tax status

The Internal Revenue Service (“IRS”) ruled on June 30, 2020, that the non-standardized pre-approved plan of CCH Incorporated, DBA ftwilliam.com, upon which the Plan is based, is designed in accordance with applicable sections of the IRC. The Plan has been amended since receipt of the opinion letter. However, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the financial statements.

Note 10—Nonexempt transactions

During the Plan year ended December 31, 2023, $26,569 of contributions were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the withholdings in 2024 and lost earnings in 2025 to the Plan.

Note 11—Subsequent events

The Plan has evaluated all subsequent events through October 9, 2026, which is the date these financial statements were available to be issued.
